"In this volume, Christian, Jewish, and Samaritan liturgical poetry from Late Antiquity (ca. 3rd-4th c. CE) is examined not only from within the context of religious traditions of biblical interpretation and conventions of prayer but also through the lenses of performance, entertainment, and spectacle. Recognizing that liturgical poets were as invested engaging their listeners as orators and actors were, this study analyses hymnody as a performative genre akin to oratory and theatre, the two primary modes of public performance from the wider societal context. Attention to liturgical poetry's "theatricality" draws our attention to a range of subjects, from how biblical stories were adapted to the liturgical stage, much in the way that the classical works of Greco-Roman antiquity were themselves popularized in this Late Antique period; to the adaptation of physical techniques and material structures to augment the ability of performers to engage their audiences. Specific techniques associated with both oratory and acting in antiquity will offer concrete means for

elucidating the affinities of liturgical presentations and other modes of performance: indications of direct address, for example, and apostrophe, as well as the creation of character through speech (ethopoeia); and appeals to the audience's senses, including vivid descriptions (ekphrasis), a technique especially popular in antiquity. A serious consideration of performance also demands that we make the difficult leap to imagining the world beyond the page. While Late Antique hymnody has come down to the present primarily in textual form, the written word constitutes something quite remote from the actual experience these scripts reflect. We will thus attempt to consider more speculative but recognizably essential elements of these works' reception, including ways in which liturgical poetry could have borrowed from the gestures and body language of oratory, mime, and pantomime, and how poets may have used the physical spaces of performance and accelerated changes visible in the archaeological record"--

It is often forgotten that many people in Late Antique Syria were bilingual in Syriac and Greek. The 16 articles in this volume explore different aspects of the interaction between these two literary cultures, exemplified in the works of two of the greatest Christian poets and hymnographers of the period: Ephrem the Syrian and Romanos the Melode. Among the topics covered are the legend of King Abgar and the origins of Christianity in Edessa, Syriac texts on the finding of the Cross, translations from Syriac into Greek and Greek into Syriac (with specific studies on the Aristotle commentary tradition and Hunayn's translation of Hippocrates' Aphorisms). The volume concludes with the case of a distinctive topos employed by Greek and Latin scribes, but whose earliest and latest attestations are to be found in colophons of Syriac manuscripts. Anyone with an academic, professional, amateur, or recreational interest in the theatre is likely to want to look up details of particular plays sometimes - perhaps to check on the author, or on when they were first performed, or perhaps to see how many characters they have, and whether or not they would be suitable for their theatre company or drama group to perform. The *Oxford Dictionary of Plays* provides essential information on the 1000 best-known, best-loved, and most important plays

in world theatre. Each entry includes details of title, author, date of composition, date of first performance, genre, setting, and the composition of the cast, and more. A synopsis of the plot and a brief commentary, perhaps on the context of the play, or the reasons for its enduring popularity, follow. Around 80 of the most significant plays - from *The Oresteia* to *Waiting for Godot* - are dealt with in more detail. Genres covered include: burlesque, comedy, farce, historical drama, kabuki, masque, melodrama, morality play, mystery play, No, romantic comedy, tragicomedy, satire, and tragedy. An index of characters enables the reader to locate favourite characters, and trace the trajectory of major historical and legendary characters - such as *Iphigenia* - through world drama, including in plays that do not have entries in the Dictionary. An index of playwrights, with dates, allows the reader to find all the plays included by a particular author.

The Bible, as is often said, is the world's least-read bestseller. That is particularly true of the Old Testament. People are often put off by the sheer bulk of the material and its frequently undistinguished quality. John Dancy has selected large samples from most of the canonical and apocryphal books, amounting to just under a third of the total, chosen for artistic merit and intrinsic interest rather than for representative status or theological value. Literature of this stature, he says, should not be restricted to academics and believers. To make it more approachable, the text is presented with commentary on the same page, in smaller type so that attention is never diverted from the original. The commentary mostly concentrates on literary matters but provides technical explanations where necessary. In addition a sensitive and sound introduction also puts the Hebrew writings in the historical context of the ancient Near East. Extracts are used from a variety of translations, preferring the most faithful in language, tone and style for each section.

Accuracy is a prime concern, but so is poetry. Above all, the selections bring out the inherent dramatic qualities of the verse dialogues and narrative prose. Nothing quite like this has yet been made available. The Divine Drama will be a welcome addition to the library of any thoughtful reader who cares for good stories.

Compiled from the workshop assignments of Ottone M. Riccio, a master teacher, *Unlocking the Poem* is a teaching tool, a stimulus to individual creative expression, and a compendium of outstanding contemporary poetry written from these very assignments--all in all, a book that deserves a place on every poet's shelf, according to the esteemed poet X.J. Kennedy. Unlike many how to write poetry texts,

Unlocking the Poem teaches by doing. Its assignments offer writers, new and experienced, the chance to try new things, to practice their craft--and to produce their own original, polished poems in the process. *Unlocking the Poem* offers 450 proven assignments--more than any other work available--based on poetic form, subject matter, the use of specific words or lines, time for writing, and so forth. The collection contains assignments to elicit autobiographical experience, moods, and the realms of fact and fantasy. These assignments provide stimuli to get the creative process underway, with subjects ranging from the everyday to the surreal, from people to the natural world, from the works of man to history to investigating language. *Unlocking the Poem* is organized so that related material comes together, readily findable. Turn to a given section villanelles, for example, or surreal experience or browse until something strikes your interest. Assignments are adaptable to beginners and to advanced writers; there's plenty in here for every poet. *Unlocking the Poem* belongs in the library of every writing

student who wants to be a poet, and every poet who wants to write more and better poems.

In *Jewish Aramaic Poetry from Late Antiquity*, Laura Suzanne Lieber offers annotated translations of sixty-nine poems written between the 4th and 7th century C.E. in the Land of Israel, along with commentaries and introductions. The poems celebrate a range of occasions from the ritual year and the life-cycle: Passover, Shavuot (Pentacost), the Ninth of Av, Purim, the New Moon

of Nisan, the conclusion of the Torah, weddings, and funerals. Written in the vernacular of the Jews of living in Palestine after the Christianization of the Roman Empire, these works offer insight into lived Jewish experience during a pivotal age. The volume contextualizes the individual works so that readers from a range of backgrounds can appreciate the formal, linguistic, exegetical, theological, and performative creativity of

these works. "Lieber has produced reliable renderings, as well as learned and helpful annotations, and has consistently expressed herself in clear and elegant fashion....Her volume is an important, scientific study in its own right, as well as a useful reference tool (if read alongside the Sokoloff-Yahalom edition), and certainly deserves a wide readership." - Stefan C. Reif, St John's College, Cambridge, UK, in: Journal of Jewish Studies 70.2

(2019) "Scholars of Judaism in late antiquity and the early Middle Ages will certainly appreciate Lieber's effort in offering all of this textual material to them in conveniently accessible form. Almost every student of Judaism in those eras, regardless of academic specialty, is likely to find something of interest and value in the poems that she has translated." - Mose J. Bernstein, Yeshiva University, Speculum 95/3 (2020)
