'Hale's writing is beautiful, with a vivid eye for detail' Daily Telegraph Anidora-Kiladra Talianna Isilee, Crown Princess of Kilindree, spent the first years of her life listening to her aunt's incredible stories, and learning the language of the birds. Little knowing how valuable her aunt's strange knowledge would prove to be when she grew older. India, 3400 BCE. India is beset with divisions, resentment and poverty. The people hate their rulers. They despise their corrupt and selfish elite. Chaos is just one spark away. Outsiders exploit these divisions. Raavan, the demon king of Lanka, grows increasingly powerful, sinking his fangs deeper into the hapless Sapt Sindhu. Two powerful tribes, the protectors of the divine land of India, decide that enough is enough. A saviour is needed. They begin their search. An abandoned baby is found in a field.

Protected by a vulture from a pack of murderous wolves. She is adopted by the ruler of Mithila, a powerless kingdom, ignored by all. Nobody believes this child will amount to much. But they are wrong. For she is no ordinary girl. She is Sita. Continue the epic journey with Amish's latest: A thrilling adventure that chronicles the rise of an orphan, who became the prime minister. And then, a Goddess. This is the second book in the Ram Chandra Series. A sequel that takes you back. Back before the beginning.

12 Arihant Publications India limited Copley's Essentials of Accounting for Governmental and Not-for-Profit Organizations, 13e is best suited for those professors whose objective is to provide more concise coverage than what is available in larger texts. The main focus of this text is on the preparation of external financial statements which is a challenge for governmental reporting. The approach in

this edition is similar to that used in practice. Specifically, day to day events are recorded at the fund level using the basis of accounting for fund financial statements. Governmental activities are recorded using the modified accrual basis. The fund-basis statements are then used as input in the preparation of government-wide statements. The preparation of government-wide statements is presented in an Excel worksheet. NEW for the 13th edition is McGraw-Hill Connect, a digital teaching and learning environment that saves students and instructors time while improving performance over a variety of critical outcomes.
