 Gipfelstürmer mit E-Power Das E-Bike boomt in Deutschland. Mittlerweile werden schon 3,1 Millionen E-Bikes über Deutschlands Straßen und Wege gesteuert - allein im Jahr 2017 wurden 720.000 Stück verkauft. Das entspricht einer Steigerung von 19 Prozent gegenüber dem Vorjahr. Gleichzeitig wird in der Gesellschaft der Wunsch nach Bewegung in schöner, unberührter Natur immer größer. Mit diesem Buch möchten die Autoren nicht nur sportliche Radfahrer, sondern Jedermann einladen, mit dem E-Bike die Schönheit der Alpenwelt zu erkunden. Es werden Eintages- und

Mehrtagestouren vorgestellt, die Radfahrern keine Höchstleistungen abverlangen. Armin Herb und Daniel Simon präsentieren ein einzigartig Buch für E-Bike-Interessierte: • Traumtouren für Jedermann! • Tipps zu Bike-Verleihen, Hotels und Einkehrmöglichkeiten! • Infos zu Akkuleistung und -technik sowie Reparaturen • GPS-Daten und Karten zum Nachfahren Armin Herb und Daniel Simon sind erfahrene Autoren der Magazine BIKE und MyBike. Sie leben in München und haben schon einige Bücher publiziert.
Highlights Germany Emons Publishers Just days after Raynor learns that Moth, her husband of 32 years, is terminally ill, their home is taken away and they lose their livelihood. With nothing left and little time, they make the brave and impulsive decision to walk the 630 miles of the sea-swept South West Coast Path. Carrying

only the essentials for survival on their backs, they live wild in the ancient, weathered landscape of cliffs, sea and sky. Yet through every step, every encounter and every test along the way, their walk becomes a remarkable journey. THE SALT PATH is an honest and life-affirming true story of coming to terms with grief and the healing power of the natural world. Ultimately, it is a portrayal of home, and how it can be lost, rebuilt and rediscovered in the most unexpected ways.

Bradt Travel Guides
Bradt's fully illustrated wildlife guides focus on regions of the world particularly celebrated for their amazing and often unique species. With spectacular photography or exclusive watercolour drawings throughout, each visitors' guide provides an introduction to the region's

principal flora and fauna alongside suggested wildlife itineraries, practical information on when to go and what to take and photography tips. Written in a deliberately engaging way, they offer something different from dry field guides, and will appeal to the interested layman as much as the wildlife devotee. Ideal as a lightweight companion to any wildlife trip they also make a handsome souvenir. Beautifully illustrated with full-colour photographs throughout, Madagascar Wildlife is a celebration of the unique fauna of a remarkable island. Featuring over 250 species - from lemurs to millipedes - this guide is ideal for natural history enthusiasts and travellers alike. Newly discovered species and recently protected habitats are all covered in this fully revised edition. Also included is practical advice on visiting the key national parks and reserves plus special features on the evolution, camouflage, night-time wildlife and conservation issues.

This book investigates the emergence of the modern concept of zeitgeist, the notion of a pervasive contemporary coherence, in the late 18th century. It traces zeitgeist's descent from genius saeculi and investigates its association with public spirit and public opinion before surveying its prominence around the Wars of Liberation in Germany and during the politically restless 1820s in England. This trajectory shows that zeitgeist emerged from the 18th-century discourses about culture and the public functioning of social collectives. Under the impact of the French Revolution the term came to describe social processes of political and cultural challenge. Zeitgeist was discussed as a social dynamic in which emerging elites disseminate new ideas which find enough public approval to influence cultural and political behaviour and practice. These findings modify the view that zeitgeist eludes critical grasp and is mainly invoked for manipulative purposes by showing that the zeitgeist discussions around 1800 contributed to the formation of modern politics and capture key aspects of how ideas are disseminated within societies and across borders, providing a way of reading history horizontally.

TRAVEL & HOLIDAY GUIDES. Curves: Northern Italy: Lombardy, South Tyrol, Veneto portrays the most beautiful passes of Northern Italy. Starting at the Timmelsjoch, heading south to Lake Garda, and then east to the Three Peaks in South Tyrol, this book will lead you on a stunning journey through some of Northern Italy's most beautiful roadway sceneries. Among the special highlights are the Gavia Pass, the Monte Baldo high alpine road and the Three Peaks. Stefan Bogner shot the atmospheric photos - some of them from a helicopter - to capture the full magnificence of the landscape. In addition to full-colour photography, Curves is also a useful travel guide, offering tips for restaurants and hotels along the route.

Iron Curtain Trail Part 3 Lonely Planet Anyone who drives experiences limitations: the stress from other road users, constraints on motorway capacity and the relevant legislation, something that we mustn't forget if we're really keen on making headway. Curves, by contrast, is intended for people who look for happiness in seclusion, far away from other overstrained drivers or busy motorways. Curves: Northern Italy contains stunning pictures of mountain roads around Lombardy, Venetia and South Tyrol: Timmelsjoch, Stelvio Pass, Gaviapass, Passo di Croce Domini, Monte-Baldo-

Hohenstrae, Kaiserjagerstrae, Manghenpass, Passo Rolle, Passo di Giau, Drei Zinnen, Passo di Falzarego, Passo di Fedaia, Sellajoch, Grodner Joch, Pordoijoch. In addition, Curves offers invaluable advice on hotels and restaurants along the way. Text in English and German.

"A donkey?" blurted my family as one. For a moment it didn't seem they'd ever be able to list all the reasons that made this so entertainingly ludicrous. . . .Yes, I'd never ridden a donkey on a beach or petted one at a city farm, never even pinned a cardboard tail to one's throat after the cake and ice cream....A donkey would be my hairy-coated hair shirt, making my pilgrimage to Santiago de Compostela a truer test of the will, a trial." With these words, having no knowledge of Spanish and even less about the care and feeding of donkeys, Tim Moore, Britain's indefatigable traveling Everyman, sets out on a pilgrimage to the cathedral at Santiago de Compostela with a donkey named Shinto as his companion. Armed only with the Codex Calixtinus, a twelfth-century handbook to the route, and expert advice on donkey management from Robert Louis Stevenson, Moore and his four-legged companion travel the ancient five-hundred-mile route from St. Jean Pied-de-Port, on the French side of the Pyrenees, to the cathedral at Santiago de Compostela, which houses the remains of

Spain's patron saint, St. James. Over sun-scorched highways, precipitous bridges, dirt paths shaded by leafy trees, and vineyards occasionally lashed by downpours, Moore and Shinto pass through some of the oldest towns and cities in northern Spain in colorful company, both past and present. Pilgrims real and imagined have traveled this route throughout the ages, a diverse cast of wayfarers spanning Charlemagne, St. Francis of Assisi, Chaucer's Wife of Bath, and New Age diva, Shirley MacLaine. Moore's present-day companions are no less florid or poignant. Clearly more interested in Shinto than in Moore, their fellow walkers are an assortment of devout Christian pilgrims, New Age spirituality seekers, travelers grieving over a lost love affair, Baby Boomers contemplating the advent of middle age, and John Q. Public just out for a cheap, boozy sun-drenched outdoor holiday. As Moore pushes, pulls, wheedles, cajoles, and threatens Shinto across Spain toward the crypt of St. James in a quest to find the spiritual pilgrim within, the duo overnights in the bedrooms, dormitories, and---for Shinto---adjacent grassy fields of northern Spain's hostels, inns, convents, seminaries, and farmhouses. Shinto, a donkey with a finely honed talent for relieving himself at the most inopportune moments, has better luck in the search for his next meal than Moore does in finding his inner St. Francis. Undaunted, however, Man and Beast finally arrive at the cathedral and a successful end to their journey. For readers who delighted in his earlier books, *Travels with My Donkey* is the next hilarious chapter in the travels of Tim Moore, a book that keeps the bones of St. James rattling till this day.

Lonely Planet Germany St. Martin's Press The most northerly of Britain's island groups, Shetland is so far removed from the rest of the UK that it usually appears as an inset on maps. Although relatively little known to those from outside the islands, Shetland is a magnificent terrain for walkers, especially those who love to really explore and get away from the beaten track. The coastal walking here includes some of the finest in the country, with superb cliffs, towering sea stacks, caves and natural arches seemingly around every corner. Added to this is Shetland's better known claim to fame for its spectacular seabird colonies ∫ huge gannetries, moorland packed with arctic and great skuas, arctic terns in the more sheltered spots, and everyone's favourite ∫ the puffins. The islands also enjoy a dense population of otters, many seals, and a chance to see killer whales or other

giants of the deep. Beyond all this natural grandeur, Shetland's history is fascinating too. The archaeological attractions are much less known than those on Orkney, but sites such as Jarlshof have amazingly preserved remains from prehistory right up to more recent times. These include iron age villages, chambered cairns, viking longhouses, pictish carvings, and impressive brochs – including the most complete of all these iron-age defensive towers, on Mousa. Radurlaub in Deutschland Vol. 2 Delius Klasing Verlag

Wiener Schintzel, apple strudel, the Prater, Schoebrunn, and the beautiful Blue Danube?The Viennese are proud of the fact that in Austria's capital, even the sights are really worth seeing. Beyond the well-trodden paths, however, a completely unknown, kinky, even morbid Vienna can

be found -- with less icing and dreams of waltzes and more living and dying (after all, the saying goes that Vienna is the most beautiful city to die in). The city lives up to its reputation from unaccustomed perspectives as well: a slaughterhouse in which hippie idol Leonard Cohen was once a squatter; a museum with murderers; an 18th-century looney bin shaped like a UFO; a store for erotic underwear in an Archbishop's palace, Trotsky's garden; the corner on which Third Man Harry Lime supposedly died in an accident; narrow 16th-century alleyways and, of course, all the Kafka, coffeehouse culture, and Klimt you can eat; famous assassinations and grim reminders of the Nazi past. This guide will introduce you to a Vienna which is still alive although it's bursting with history -- the pulsating city which many consider the most beautiful city in Europe. --[original inside book jacket].
