*Georg "Schorsch" Meier*  
Rutgers University Press  
Vol. 4 covers the late  
Roman period to the rise  
of Islam. Focuses  
especially on the growth

and development of  
rabbinic Judaism and of  
the major classical  
rabbinic sources such as  
the Mishnah, Jerusalem  
Talmud, Babylonian  
Talmud and various  
Midrashic collections.  
*BMW 503/507* OUP USA  
The Biographical Turn  
showcases the latest  
research through which

the field of biography is  
being explored. Fifteen  
leading scholars in the  
field present the  
biographical perspective  
as a scholarly research  
methodology,  
investigating the  
consequences of this  
bottom-up approach and  
illuminating its value for  
different disciplines. While

biography has been on the rise in academia since the 1980s, this volume highlights the theoretical implications of the biographical turn that is changing the humanities. Chapters cover subjects such as gender, religion, race, new media and microhistory, presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies, sociology, economics and politics. By emphasizing agency, the

use of primary sources and the critical analysis of context and historiography, this book demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research. International in scope, *The Biographical Turn* emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents. It is a valuable

resource for all students of biography, history and historical theory. [BMW Automobile: Vom Wartburg und Dixi bis zum BMW 3200 CS Bertone 1898-1962](#) Walter de Gruyter GmbH & Co KG Catalogue published in conjunction with the exhibition "Extravagant Inventions: the Princely Furniture of the Roentgens" on view at The Metropolitan Museum of Art, New York, from October 30, 2102, through January 27, 2013. **From the Banat to North Dakota** Walter de

The Yearbook of the Maimonides Centre for Advanced Studies mirrors the annual activities of staff and visiting fellows of the Centre as well as scholars of the Institute for Jewish Philosophy and Religion at the University of Hamburg and reports on symposia, workshops, and lectures. Although aimed at a wider audience, the yearbook also contains academic articles and book reviews on scepticism in Judaism and scepticism in general. The Yearbook 2016 was

published as volume 1 in the series Jewish Thought, Philosophy, and Religion. From 2017 onwards, the Yearbook is published as a separate series. Further book series of the Maimonides Centre for Advanced Studies are Studies and Texts in Scepticism and Jewish Thought, Philosophy, and Religion.  
*Alraune* World Scientific  
First English translation of Heine's controversial though masterful polemic, with introduction and commentary. In 1840, Heinrich Heine, the major

German poet of Jewish origin of the age, published a book on Ludwig Börne, the major German political writer of Jewish origin of the period, who had died three years before. Regarded by Heine and others as his best-written book, it was also his most disastrously conceived. Intended to recover the high ground of revolutionary principle and philosophy against the attacks mounted on him by Börne and his supporters, the book was instead met by a storm of

outrage from which it seemed Heine's reputation might never recover. In the course of time, the evaluation was reversed; Heine was increasingly celebrated as a true herald of revolution. His vocabulary of Hellenism and Nazarenism, employed for the first time in Börne, was transmitted into English usage by Matthew Arnold. But Börne itself is Heine's only major work that has never been fully translated into English. The commentary to the edition clarifies the

conflict between the two most prominent German-Jewish public intellectuals of their time, corrects the misapprehensions constantly in circulation about their relationship and the book, and reveals the many peculiarities of the text. Jeffrey L. Sammons is Leavenworth Professor of German Emeritus at Yale University and the author of four books on Heine. commentary to the edition clarifies the conflict between the two most prominent German-Jewish public intellectuals

Sammons is Leavenworth Professor of German Emeritus at Yale University and the author of four books on Heine. **Witwe Meier und die toten Männer** KIT Scientific Publishing From stories of biblical patriarchs and matriarchs and their children, through the Gospel's Holy Family of Jesus, Mary, and Joseph, and to modern Jewish families in fiction, film, and everyday life, the family has been considered key to transmitting Jewish

identity. Current discussions about the Jewish family's supposed traditional character and its alleged contemporary crisis tend to assume that the dynamics of Jewish family life have remained constant from the days of Abraham and Sarah to those of Tevye and Golde in *Fiddler on the Roof* and on to Philip Roth's *Portnoy's Complaint*. Jonathan Boyarin explores a wide range of scholarship in Jewish studies to argue instead that Jewish family forms and ideologies have

varied greatly throughout the times and places where Jewish families have found themselves. He considers a range of family configurations from biblical times to the twenty-first century, including strictly Orthodox communities and new forms of family, including same-sex parents. The book shows the vast canvas of history and culture as well as the social pressures and strategies that have helped shape Jewish families, and suggests productive ways to think

about possible futures for Jewish family forms.

In the past decades the “German-Jewish phenomenon” (Derrida) has increasingly attracted the attention of scholars from various fields: Jewish studies, intellectual history, philosophy, literary and cultural studies, critical theory. In all its complex dimensions, the post-enlightenment German-Jewish experience is overwhelmingly regarded

as the most quintessential and charged meeting of Jews with the project of modernity. Perhaps for this reason, from the eighteenth century through to our own time it has been the object of intense reflection, of clashing interpretations and appropriations. In both micro and macro case-studies, this volume engages the multiple perspectives as advocated by manifold interested actors, and analyzes their uses, biases and ideological functions over time in

different cultural, disciplinary and national contexts. This volume includes both historical treatments of differing German-Jewish understandings of their experience – their relations to their Judaism, general culture and to other Jews – and contemporary reflections and competing interpretations as to how to understand the overall experience of German Jewry.

Prachtexemplare -----

BMW-Automobile genießen einen tadellosen Ruf, an dem so schnell auch keine noch so strittig geführte Diskussion um Kofferraumkanten oder runde Einstellknöpfe zu kratzen vermag: Die Autos mit den weiß-blauen Markenzeichen gelten nach wie vor als Prachtexemplare ihrer Art. Halwart Schrader, der renommierte Autor und Automobilhistoriker, hat den BMW-Automobilen in diesem zweibändigen Werk ein Denkmal gesetzt. Sein Kompendium ist längst

zum internationalen Standardwerk der BMW-Produktionsgeschichte geworden, und für diese Neuausgabe hat Schrader es nochmals überarbeitet, ergänzt und stark erweitert. Es beinhaltet nicht mehr und nicht weniger als die komplette BMW-Produktionsgeschichte von den Anfängen mit der Marke Dixi bis zu den topaktuellen Modellen der Bayerischen Motoren Werke, es präsentiert in Wort und Bild sämtliche je von BMW in Serie gebauten Personenwagen

von 1898 bis heute, zeigt aber auch die interessantesten Prototypen und Sonderkarosserien, und es räumt schließlich auch dem Motorsport breiten Raum ein, der ja im Hause BMW schon immer eine wichtige Rolle spielte.

Frau Meiers Leben bewegt sich farblich im Spektrum zwischen sahara-beige und schlammfarben. Sie ist in den Sechzigern, verbittert, ein wenig böse und kugelrund. Das macht das Leben weder für sie

noch für die anderen locker, luftig und leicht. Ihr Dasein wird jedoch bunt und schillernd, als einige unerwartete und mehr oder weniger bedauerliche Todesfälle in ihrem Umfeld geschehen. Doch obwohl nicht alles Mord ist, was den einen oder anderen umbringt, erwacht Frau Meier mit jeder Leiche zu neuem Leben.

**Breaches And Bridges: German Foreign Policy In Turbulent Times**

David R. Godine Publisher  
A study of eighteenth- and early nineteenth-

century poetry in English, French and German, focusing on the mock epic (from Pope's Dunciad to Byron's Don Juan) as a critique of serious epic poetry and also as a literary means of exploring a wide range of sexual and religious issues in a humorous style.

Deutsche Turnzeitung  
Dramatists Play Service Inc

"Throughout his long career, Henri Matisse (1869-1954) continually expanded the boundaries of his art. By repeating

images in pairs, trios, and series, he conducted an ongoing dialogue with his earlier works in order to, as he put it, "push further and deeper into true painting." In this fresh approach to a much-studied artist, prominent scholars from the United States and Europe examine more than sixty works in concise chapters that focus on this aspect of Matisse's working process. From early pairs such as Young Sailor I and II (1906) and Le Lexe I and II (1907-8) through a series of late studio

scenes from Vence (1946-48), Matisse is shown revisiting a given theme with the aim of devising innovative, often radical, solutions to such problems as how to portray light, handle paint, select colors, and manipulate perspective. New technical studies of the early paired works and photographs documenting the evolution of his later paintings help to elucidate Matisse's complex evolution. In numerous excerpts from letters and interviews, he is revealed

as an artist who regularly questioned himself and his methods, a man of powerful intellect who regarded each new painting as an adventure. A significant addition to art historical literature, Matisse: In Search of True Painting is a revelatory study of a seminal figure in 20th-century modernism."--Page 4 of cover.

And it was there that he came to the realizations about himself, his past,

and his heritage that give this story its profound resonance.

*Einfach nur schön? Automobilität und Museum - Stuttgarter Tage zur Automobil- und Unternehmensgeschichte*  
2016 Oxford University Press

Breaches and Bridges — German Foreign Policy in Turbulent Times features an agenda-setting speech by the Federal President of Germany, Dr Frank-Walter Steinmeier, delivered as a GIGA Distinguished Speaker Lecture in June 2016,

when he served as the Federal Minister for Foreign Affairs. This speech is accompanied by two essays. The first is an introduction by the First Mayor of Hamburg, Olaf Scholz, which reflects on the role of the Hanseatic City in world affairs. The second is a brief analysis by Professor Amrita Narlikar, President of the GIGA German Institute of Global and Area Studies. Narlikar identifies the necessity for a more profound understanding of historical trajectories, political traditions, and

bargaining cultures of international negotiating partners, and invokes new forms of leadership and cooperation in global governance. In his speech, Dr Steinmeier announces the German candidacy for a non-permanent seat on the UN Security Council and outlines German foreign policy with its cornerstones of peace, justice, innovation, and partnership. In a period of global transition and turmoil, the world needs creative and feasible solutions. This volume

(with articles in both English and German) will be a valuable resource for students, academics, policymakers, and practitioners in the field of international relations and foreign affairs. Contents: Readership: Academics, practitioners, and general public interested in German foreign policy, globalisation and global governance. Keywords: Germany; Foreign Policy; Global Governance; Globalisation
