PERSONAL FINANCIAL

PLANNING Apna Publish Students face many challenges beyond the traditional academic realm in modern education. The relentless pursuit of academic excellence, coupled with societal expectations, has inadvertently created an environment that often

overlooks the holistic well-being of students. The book, *Nurturing Student Well-Being in the Modern World*, begins the reader's journey by providing an understanding of the foundations of student well-being, offering a panoramic view of the complex factors at play. It then takes them into the transformative role of positive psychology in promoting well-being, before tackling specific dimensions such as physical health, mental health, emotional intelligence, and positive

relationships. This book systematically addresses critical issues affecting students, from the impact of stress on student well-being to the crucial connection between sleep and academic performance. It courageously confronts bullying, digital well-being challenges, and the delicate balance between academic pressure and personal development. The book also spotlights the critical need for fostering resilience in the face of adversity, drawing lessons from Adverse

Childhood Experiences (ACEs). It also underscores the importance of self-compassion and student voices in shaping well-being initiatives. The final chapters extend the conversation to higher education, emphasizing the pivotal role of institutions in promoting student well-being beyond the K-12 years. This book is ideal for educators, parents, students, and policymakers to collaborate in creating nurturing environments that cultivate resilient,

thriving, and successful individuals.

to prepare for a particular

examination. Because it

would be time consuming

and extravagant, so it is

imperative to have the

best of the preparations

and hence timely and

timeless preparation is

the key to the success in

any examination.

Realizing the level of

competition and

requirement of students

this book has been

compiled to serve

different Courses. The

book has been prepared

from the teaching and

research experiences of

the authors and feedback

from different students. The authors have put their best to present the content with the basics and cover each important points related with the topic in a lucid and easy language.

The glory of our ancient and oldest learning centres at Taxashila and Nalanda Universities flourished between Fifth Century BC and Twelfth Century AD. The first three modern Universities were established in 1857 as Calcutta, Bombay and Madras Universities under the aegis of the British Rule. The new National Education Policy (NEP) is

the continuum of our education policies of the post Independence India measuring upto educational standards of the developed countries. The Bangalore University has been in the forefront of implementing the NEP program during this last four years. It has been the FIRST university in the country to introduce the four years undergraduate program BA (Honours), B.Sc (Honours) from the academic year 2021-2022. The University took up the implementation of NEP

earnestly training its teachers from awareness to policy, concepts, curriculum and syllabus framing both at the university departments as well as its constituent and affiliated colleges in addition to mentoring private and deemed universities in Bangalore. The University in coordination with UGC, AICTE, National Assessment and Accreditation Council (NAAC) and Government of Karnataka conducted hundred of programmes in effective

Implementation of the NEP 2020. The Bangalore University participated as lead organisation in the conference graced by the President of India and the Governors of the states in August 2021. A workshop of south Indian Vice Chancellors was Organised in Bangalore at NAAC during December 2021. The Government of Karnataka under Higher Education Council were able to prepare curriculum and syllabus in a record time. Online teaching-learning process, digitalisation of

examination system, admissions and administrative systems in the rapidly changing world of digital revolution of Anytime, Anywhere, Anyone, AnyMedia, AnyLanguage, Anydevice, AnySubject, AnyCourse, AnyDiscipline, AnyAmount, AnySpeed took the world by storm in the times of the onslaught of COVID-19 between 2020-2021. This book is useful to all those who have been involved in implementing NEP-2020 in the last two years, viz, Vice-Chancellors,

educationists, private universities, autonomous colleges, deemed universities, professors and NGOs, across the country.

Islamic finance has grown exponentially since 1963 and has reached more than 70 countries around the world with the asset size of about \$2.5 trillion. The Islamic financial system today comprises a sizable asset base and there is evidence of

sustained demand for Islamic financial products and services in the global market, with demand outstripping supply. This book provides a new source of understanding of the Islamic financial products in view of facilitating academia, industrialists, professionals, product designers, students and policymakers globally. There is a mass of literature on Islamic finance available to the market, but very little research is found in the form of book exclusively

on Islamic financial products and their structures. Thus, this book is a timely contribution to the global market with Islamic financial product solutions.
