### The Road to Marvel's Avengers: Infinity War - The Art of the Marvel Cinematic Universe

Random House Inspiration  
 A threat has emerged from the cosmos: Thanos. A ruthless warlord who plans to collect all six Infinity Stones. Joined by his formidable allies, he will be near-unstoppable at achieving his goal. The Avengers, the Guardians of the Galaxy, Doctor Strange and Spider-Man must join forces and fight side by side to stop Thanos, while the fate of the Earth and the universe lays in the balance. As the stage is set for Marvel's Avengers: Infinity War, each Super Hero involved has no way of knowing how their lives will be forever

changed. Captain America, Thor, Doctor Strange, and the Guardians of the Galaxy all have a role to play in the coming cosmic war--but fresh off their own independent adventures, they'll have to come together as Thanos prepares his conquest. Told from unique perspectives, each hero finds their stories accelerating down the road to Infinity War! ©2018 MARVEL.

The Demon Equilibrium Independently Published

In Avengers Infinity Saga and Philosophy, philosophers explore the momentous issues and the fascinating puzzles raised by Marvel's compelling series of movies: ● Is the Thanos snap truly an answer to overpopulation and famine, or is it simply indefensible mass murder on a cosmic scale? ● Are the Avengers who try to stop Thanos dishing out justice or merely

fighting a man who is himself just? ● Captain America or Tony Stark—which leader holds the key to a civilized society? ● Dr. Strange claims to sees 14,000,605 possible futures, in one of which Thanos is defeated. What does this tell us about the true nature of reality? ● Sometimes your best just isn't enough. How can we cope with inevitability? ● How can the Soul Stone and the Binding of Isaac by Abraham help us understand the Infinity War saga? ● Is Thanos a utilitarian? And if so, is his utilitarian calculus logically sound? ● Would it be possible for a group like the Avengers to amass enormous power to fight for humankind, without themselves becoming a corrupt ruling class? ● Can the past Nebula shooting the future Nebula cause her to cease to exist? Can you change the future by communicating with yourself or your

family in the past? ● Can Thanos be seen as the epitome of non-self-serving behavior, or is Thanos masking his own egoism with the lie that his altruistic mission is to bring the universe into balance? ● Does Thanos show us the danger of living by an absolute moral compass, which allows us to see only what we believe to be "the right" with no variations or nuances?

The Road to Marvel's Avengers: Endgame - The Art of the Marvel Cinematic Universe Marvel

After Thanos, an intergalactic warlord, disintegrates half of the universe, the Avengers must reunite and assemble again to reinvigorate their trounced allies and restore balance.
