AUGUST SIMONE

Life Writing Victoria University Press
 Fascinating, wide-ranging, hugely knowledgeable - an indispensable guide and a beguiling education William Boyd
 Packed with insights and advice - just the inspiration to start writing! Jenny Uglow Everyone has a story This book shows how the best writers tell them, and offers advice on how to tell them yourself. Biographers Sally Cline and Carole Angier teach life writing - an area of creative writing that is exploding in popularity - at the world-famous Arvon Foundation. They have distilled the essence of their popular course on memoir, autobiography and biography into this wide-ranging book. The Arvon Book of Life Writing offers three fascinating ways into the genre. First, reflections on their trade by the authors, exploring its special challenges: truth, memory, ethics, evidence and interpretation. Second, personal tips and tales from 32 top British and American life writers - autobiographers and memoirists, literary, sports and celebrity biographers; plus a critic, an agent, a literary editor, two novelists, and a ghost writer. Third, a practical guide, complete with exercises, designed for use in creative writing courses or by individual writers at home. No other book contains such detailed, witty and professional advice on the genre.

The Blue Flower Liturgical Press
 Esther de Waal is one of today's most beloved spiritual writers. In *The White Stone*, she reflects on the changes and losses that come with growing older. Esther reflects on solitude and, following a period of illness, saying goodbye to a family home and the Welsh border landscape she had known for decades which inspired some of her greatest writing. In her characteristic style, she sees everything as a portal into a deeper spiritual understanding. She draws on the wealth of the Christian tradition, especially scripture and the monastic and Celtic spiritualities she knows so well, to help her navigate her way through not only the inevitable sense of loss that accompanies such change, but also to embrace the new possibilities it brings. The white stone of the title refers to a small pebble from the river that ran through her garden that she keeps in her pocket, but also strikes a note of hope referring to the new identity promised by God (Revelation 2.17). This is a book of simple, profound wisdom that will speak to many coping with change in their own lives.

LAND OF THE BLUE FLOWER Houghton Mifflin Harcourt
 This book brings together for the first time nine groundbreaking historical novels by women from the United States, Canada and Latin America, united by their focus on female adventurers. These novels introduce the neglected women of history, real and imagined, who accompanied their menfolk to the New World, and enabled its settlement or colonisation. Familiar novelists include Isabel Allende, Audrey Thomas and Jane Smiley, but this book also introduces less familiar writers who have produced richly textured and densely historical novels. In addition to putting women back into history, these writers engage with the literature of the past, including the American canon of male fiction which dominated literary history before the intervention of feminist scholars. The book begins with an introduction to the history of historical fiction and provides a theoretical, historical and geographical context for the novels themselves.

The Blue Flower Writers and Their Work
 This new study from Ben Highmore looks at the seemingly banal world of objects, work, daily media, and food, and finds there a scintillating array of passionate experience. Through a series of case studies, and building on his previous work on the everyday, Highmore examines our relationship to familiar objects (a

favourite chair), repetitive work (housework, typing), media (distracted television viewing and radio listening) and food (specifically the food of multicultural Britain). A chair allows him to consider the history of flat-pack furniture as well as the lively presence of inorganic 'stuff' in our daily lives. Distracted television watching and radio listening becomes one of the preconditions for experiencing wonder through the media. *Ordinary Lives* links the concrete study of routine existence to theoretical reflection on everyday life. The book discusses philosophers such as Jacques Rancière, William James and David Hume and combines them with autobiographical testimonies, historical research and the analysis of popular culture to investigate the minutiae of day-to-day life. Highmore argues that aesthetic experience is embedded in the mundane sensory world of everyday life. He asks the reader to reconsider the negative associations of habit and routine, focusing specifically on the intrinsic ambiguity of habit (habit, we find out, is both rigid and adaptive). Rather than ask 'what does everyday life mean?' this book asks 'what does everyday life feel like and how do our sensual, emotional and temporal experiences interconnect and intersect?' *Ordinary Lives* is an accessible, animated and engaging book that is ideally suited to both students and researchers working in cultural studies, media and communication and sociology.

 As the subtitle indicates, *Bingeing It* is an account of the author's leisure reading between 2016 and 2022, when it was no longer possible to pursue his academic research. The "binges" in question were often a matter of chance--a trip to Italy, a Christmas present, a hospital visit--but they aim to show how and why the books became life-long friends.

The Blue Flower A&C Black
 All the time on the island there had been something she was looking for. She knew she had to keep this in mind, and that she'd know what it was when she found it. Whatever it proved to be.It's 1956 and Lola arrives on the island of Ibiza, on the fringes of Franco's Spain, with little more than a Spanish phrasebook. Soon she meets a fascinating American photographer who falls in and out of focus: is he really a photographer, and who exactly is the German doctor he keeps asking her about? The mysterious doctor, when he appears, takes Lola for a picnic on a salt island,

where she learns how easily the world can be obscured. *Salt Picnic* is about mistranslation, fantasy and the historical echoes of ideology, by the author of *Gifted* and *The Back of His Head*.

Kurt Eisner Boydell & Brewer
