**The Three Lives of James Madison** B&H Publishing Group  
 Why does an "X" stand for a kiss? Which fruits are in Juicy Fruit® gum? Why do people cry at happy endings? Why do you never see baby pigeons? Pop-culture guru David Feldman demystifies these topics and so much more in *Why Don't Cats Like to Swim?* -- the unchallenged source of answers to civilization's most perplexing questions. Part of the *Imponderables®* series, Feldman's book arms readers with information about everyday life -- from science, history, and politics to sports, television, and radio -- that encyclopedias, dictionaries, and almanacs just don't have. Where else will you learn what makes women open their mouths when applying mascara?

Enna and Princess Ani became fast friends in *The Goose Girl*, but now that Ani is married to Prince Geric, Enna returns to the forest. Then Enna's simple life changes for ever when she learns of her power to wield fire. Enna is convinced that she can use her ability for good - to fight Tira, the kingdom threatening the Bayern borders. But the power of the fire grows stronger and she is soon barely able to control it. Enna becomes more and more reckless and is captured by the Tiran army. A handsome and manipulative

young captain drugs and holds Enna prisoner until Ani and her old friends Finn, and Razo attempt to free her. But has the desire to burn already gone too far?

A sweeping reexamination of the Founding Father who transformed the United States in each of his political "lives"—as a revolutionary thinker, partisan political strategist, and president “In order to understand America and its Constitution, it is necessary to understand James Madison.”—Walter Isaacson, #1 New York Times bestselling author of *Leonardo da Vinci* Over the course of his life, James Madison changed the United States three times: First, he designed the Constitution, led the struggle for its adoption and ratification, then drafted the Bill of Rights. As an older, canner politician he co-founded the original Republican party, setting the course of American political partisanship. Finally, having pioneered a foreign policy based on economic sanctions, he took the United States into a high-risk conflict, becoming the first wartime president and, despite the odds, winning. Now Noah Feldman offers an intriguing portrait of this elusive genius and the constitutional republic he created—and how both evolved to meet unforeseen challenges. Madison hoped to eradicate partisanship yet found himself giving voice to, and institutionalizing, the political divide. Madison's lifelong loyalty to Thomas Jefferson led to an irrevocable break with George Washington, hero of the American Revolution. Madison closely collaborated with Alexander Hamilton on the Federalist papers—yet their different visions for the United States left them enemies. Alliances defined Madison, too. The vivacious Dolley Madison used her social and political talents to win her husband new supporters in Washington—and define the diplomatic customs of the capital's society. Madison's relationship with James Monroe, a mixture of friendship and rivalry, shaped his presidency and the outcome of the War of 1812. We may be more familiar with other Founding Fathers, but the United States today is in many ways Madisonian in nature. Madison predicted that foreign threats would justify the curtailment of civil liberties. He feared economic inequality and the power of financial markets over politics, believing that government by the people demanded resistance to wealth. Madison was the first Founding Father to recognize the importance of public opinion, and the first to understand that the media could function as a safeguard to

liberty. The Three Lives of James Madison is an illuminating biography of the man whose creativity and tenacity gave us America's distinctive form of government. His collaborations, struggles, and contradictions define the United States to this day.

A book as effervescent and alive as the city itself. My First New York features candid accounts of coming to New York by more than fifty of the most remarkable people who have called the city home. Here are true stories of long nights out and wild nights in, of first dates and lost loves, of memorable meals and miserable jobs, of slow walks up Broadway and fast subway rides downtown. The contributors—a mix of actors, artists, comedians, entrepreneurs, musicians, politicians, sports stars, writers, and others—reflect an enormous variety of experiences: few have arrived with less than filmmaker Jonas Mekas, a concentration-camp survivor on a UN refugee ship; few have swanned in with more than designer Diane von Furstenberg, a princess. And an extraordinary number managed to land in New York just as something historic was happening—the artist Cindy Sherman arrived in the middle of the Summer of Sam; restaurateur Danny Meyer came on the day John Lennon was shot. Arranged chronologically, these moving and memorable stories combine to form an impressionistic history of New York since the Great Depression. They also provide an accidental encyclopedia of New York hotspots through the ages: from the Cedar Tavern and the Gaslight to Lutèce and Elaine's, from Max's Kansas City and the Mudd Club to the Odeon and Bungalow 8, they're all here, dots on the unbroken line of the Next Next things. Taken together, My First New York is a collection of fifty-six testaments to a larger revelation, one that new arrivals of all stripes and all eras have experienced again and again in New York, regardless of how the city proceeds to treat them: what the songwriter Rufus Wainwright calls "having cracked the code of living life to the fullest."

Several months ago, I was the queen of English Prep. The boys stopped in their tracks at the sight of my too-short plaid skirt, and the girls cowered behind their locker doors, envious of me ruling the halls with the most desired boy by my side. But the thing about queens? They often fall to their own demise. The boys no longer spare me a single glance. The girls turn up their noses at the very sight of my golden hair. Every relationship I'd formed as ruler of the school was fruitless and one-sided—and I didn't miss a single person when I was pushed off the throne with my broken

crown in tow. Except for Eric. In sixth grade, I gave him a friendship bracelet, right along with my young, naive heart. But things quickly changed after that. The pretty, nice, girl next door that I once was turned into someone cold and callous. Eric thinks I iced him out because of my status at English Prep. But that isn't the truth. And as much as I need him now, I deserve every heated glare he sends my way. Eric hates me. And I can't even blame him. All the Little Truths is stand-alone, enemies-to-lovers high school romance intended for readers 18+. This book deals with subjects that some may find triggering.

Is religion a right given to us by the state? Is it an opium for the masses? Is it private opinion with no role in the public sphere? In *It Is Right and Just*, bestselling author Scott Hahn and Brandon McGinley challenge our idea of religion and its role in society. Hahn and McGinley argue that to answer questions over religious liberty, justice, and peace, we must first reject the insidious lie perpetuated by secular-liberal culture: that religion is a private matter. Contrary to what political commentators and activists say, religion is not only relevant to justice and law, but is necessary for civilization to thrive. Recover the public nature of true religion, *It Is Right and Just* argues, and watch as a revolution unfolds. Are you the type of person who stays up nights wondering how they get the paper tag into Hershey's Kisses? Or why portholes are round? Even if you don't lose sleep over such matters, you have to admit that such questions are, well, worthy of consideration. Here, from David Feldman, creator of the *Imponderables®* series, are the latest questions on the minds of his devoted readers and fans. No question from his readers is too small or obscure for Feldman to tackle. From the return of red M&Ms (they are back, if you've missed it) to new-car smell, the answers to life's little mysteries are dissected in these pages. Although it's all done in great fun, there is also an educational edge to the answers, as Feldman ferrets out top experts in diverse fields to come up with his entertaining answers. And their answers may surprise you—from the detailed physics involved in why cans of Diet Coke float but regular Coke doesn't, all the way to why they put crinkly paper into pairs of men's socks (but only one sock, not both). Complete with drawings by longtime *Imponderables®* illustrator Kassie Schwan, and a special section updating answers to questions in previous books in the series, this eleventh book of *Imponderables®* is sure to entertain the thousands of Feldman fans who have purchased over 2 million copies to date. Prepare to be delighted!

#### **It Is Right and Just: Why the Future of Civilization Depends on True Religion** David C Cook

Much of the history of women, in religion as in other fields, is lost because it was overlooked or considered unimportant. It is therefore surprising that so many fragments of women's stories survive in the New Testament texts composed by men. Why did they include so many references to women and why are women, as a group, treated so positively by the male New Testament writers? *Women in the New Testament* shows how the stories of women are an integral part of the Gospel and its meaning for us. It also relays how we can respond to the challenge these women represent, whether we are men trying to understand or women trying to find our voices within the tradition of faith found in the New Testament. Chapter one discusses three women of expectant faith. Chapters two and three deal with women who are changed by Jesus. Chapter four focuses on New Testament women of influence. Chapters five and six show how women disciples spread and gave shape to the gospel message. Chapters are "Women of Expectant Faith," "Women Changed by Jesus," "More Women Changed by Jesus," "Women of Prominence," "Women and Discipleship," and "More Women and Discipleship." Mary Ann Getty-Sullivan, PhD, teaches at St. Vincent College and St. Vincent Seminary, Latrobe, Pennsylvania. She is the author of *First and Second Corinthians* from the *Collegiate Bible Commentary* series, author of the *God Speaks to Us* series of children's books, and editor of the *Zacchaeus Studies: New Testament* series published by The Liturgical Press.
