What a Waste! State Your Case  
Simple but powerful, *Journal Buddies* is no ordinary journal. It is an invitation to experience a journaling adventure and to expand creativity and express feelings. It is an opportunity to strengthen self-esteem, build healthy relationships and create a positive outlook on life. It is a unique journal created with the help of important

people in life, such as friends, parents, teachers, family members, etc.  
*Charlie the Firefighter* The New Press  
“The rare book that has the potential to make you smarter—and everyone around you wiser.” —Adam Grant Two-time world champion debater and former coach of the Harvard debate team, Bo Seo tells the inspiring story of his life in competitive debating and reveals the timeless secrets of effective communication and persuasion  
*When Bo Seo* was 8 years old, he and his family migrated from Korea to Australia. At the

time, he did not speak English, and, unsurprisingly, struggled at school. But, then, in fifth grade, something happened to change his life: he discovered competitive debate. Immediately, he was hooked. It turned out, perhaps counterintuitively, that debating was the perfect activity for someone shy and unsure of himself. It became a way for Bo not only to find his voice, but to excel socially and academically. And he's not the only one. Far from it: presidents, Supreme Court justices, and CEOs are all disproportionately debaters. This is hardly a coincidence. By tracing his own journey from immigrant kid to world champion, Seo shows how the skills of debating—information gathering, truth finding, lucidity, organization, and persuasion—are often the cornerstone of

successful careers and happy lives. Drawing insights from its strategies, structure, and history, Seo teaches readers the skills of competitive debate, and in doing so shows how they can improve their communication with friends, family, and colleagues alike. He takes readers on a thrilling intellectual adventure into the eccentric and brilliant subculture of competitive debate, touching on everything from the radical politics of Malcom X to Artificial Intelligence. Seo proves beyond a shadow of a doubt that, far from being a source of conflict, good-faith debate can enrich our daily lives. Indeed, these good arguments are essential to a flourishing democracy, and are more important than ever at time when bad faith is all around, and our democracy seems so

imperiled.

**A Shepherd to Fools** Corwin Press  
Offers students an overview of the world schools style of debating, with expert advice for every stage of the process, including preparation, rebuttal, style, reply speeches, and points of information.

**Rap on Trial** Greenhaven Publishing LLC

One day, Mr. Keene called all the students and teachers together and said, "This is a fine, fine school! From now on, let's have school on Saturdays too." And then there was more. School all weekend. School on the holidays. School in the SUMMER! What was next . . . SCHOOL AT NIGHT? So it's up to Tillie to show her well-intentioned principal, Mr. Keene, that even though his fine, fine

school is a wonderful place, it's not fine, fine to be there all the time.

Evaluating Arguments about the Environment Plural Publishing

A comprehensive guide to successful writing for Units 1-4 VCE English.

**Pros and Cons** Aspen Publishing [This text] provide[s] coverage of the writing process for today's visually oriented students. The text also included a wealth of rhetorical strategies that instructors and students found accessible and helpful. [It] reinforces these strengths with enhanced coverage of many important topics such as analyzing the rhetorical situation, evaluating sources, avoiding plagiarism, and developing visual literacy.-Pref. Journal Buddies Xlibris Corporation **Pros and Cons: A Debaters Handbook** offers a unique and invaluable guide to the arguments both for and against over 140 current controversies and global issues. Since it was first published in

1896 the handbook has been regularly updated and this nineteenth edition includes new entries on topics such as the right to possess nuclear weapons, the bailing out of failing industries, the protection of indigenous languages and the torture of suspected terrorists. Equal coverage is given to both sides of each debate in a dual column format which allows for easy comparison. Each entry also includes a list of related topics and suggestions for possible motions. The introductory essay describes debating technique, covering the rules, structure and type of debate, and offering tips on how to become a successful speaker. The book is then divided into eight thematic sections, where specific subjects are covered individually. *How Can We Reduce Household Waste?*

U of Minnesota Press

"This title delves into different issues pertaining to household waste and its causes, effects, and how we can proactively deal with it to make our planet a cleaner and healthier place."--  
Should Kids Wear School Uniforms?

Routledge

Using the diary she kept as a teenager and through news accounts, Melba Pattillo Beals relives the harrowing year when she was selected as one of the first nine students to integrate Central High School in Little Rock, Arkansas, in 1957.

*Basic Legal Writing for Paralegals* Idea

This volume presents multiple sides to dress codes in schools. It recognizes the intimate relationship between its subject and reader as it weaves together different points of view that concern

students' rights to wear what they want to wear. Can students fight dress codes? Should teachers have dress codes? Are uniforms a way of controlling young people? Should school uniforms accommodate Muslim culture? These questions and more are answered in this book.

The Cult of Smart Orca Book Publishers  
Humans have always generated garbage, whether it's a chewed-on bone or a broken cell phone. Our landfills are overflowing, but with some creative thinking, stuff we once threw away can become a collection of valuable resources just waiting to be harvested. Trash Talk digs deep into the history of garbage, from Minoan trash pits to the Great Pacific Garbage Patch, and uncovers some of the many innovative

ways people all over the world are dealing with waste.

Dressing Constitutionally Norwood House Press

The Skills in English series is designed to cover all the National Curriculum requirements using a wide range of texts. The student book focuses on reading, writing, speaking and listening skills. It provides differentiated activities that integrate word, sentence and text-level objectives.

Mapping Comprehensive Units to the ELA Common Core Standards, K-5 John Wiley & Sons

Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade

level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing

curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

### **The College Writer** IDEA

This book examines the rights to expression and equality, and the restraints on government power, as they both limit and allow control of our personal choices.

### **Trash Talk** Jossey-Bass

As a result of his visits to classrooms

across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. "Captures the breadth, depth, and urgency of education reform".--Bill Clinton.

Introduction to Public Forum and Congressional Debate Yale University Press

A Shepherd to Fools is the second of Drew Mendelson's trilogy of Vietnam War novels that began with Song Ba To and will conclude with Poke the Dragon. Shepherd: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, A Shepherd to Fools tells the harrowing

tale of a covert Hatchet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatchet Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle

facing an enemy armed with Sarin nerve gas, the “worst of the worst” of the war’s clandestine weapons.

*Speaking Frames: How to Teach Talk for Writing: Ages 10-14* Pembroke Publishers Limited

Does bottled water do more harm than good? Should clear-cutting for agriculture be allowed? Every day, we hear arguments about environmental issues in the media. This book gives readers the tools to make sense of and evaluate some of these arguments. Using relatable and accessible environment-related examples, this book introduces readers to the parts of an effective argument and prompts them to use the knowledge they have gained to evaluate the effectiveness of arguments on opposing sides of the issues.

Teacher's guide available.

Good Arguments Blue Sky at Night Pub  
This thoughtful book is rooted in the belief that teachers can lead their students to develop their reading tastes and grow in their love of reading at the same time as supporting and stretching students in their meaning-making experiences. This practical resource highlights more than 50 instructional strategies that invite students to work inside and outside a book through reading, writing, talk, and arts experiences. It highlights the work of guest voices that include classroom teachers, occasional teachers, special education teachers, and librarians who share their best literacy practices. Take Me to Your Readers uses 5 essential areas to structure classroom

experiences through children's literature: Motivation; Theme Connections; Genre Connections; Cross-Curricular Connections; and Response. Extensive booklists, teaching tips, a wide range of activities, and reproducible pages provide practical support. Ultimately, this book is designed to take teachers to their readers and start them on a lifelong journey through great books!

*The Writing Revolution* Cambridge University Press

A groundbreaking exposé about the alarming use of rap lyrics as criminal evidence to convict and incarcerate young men of color Should Johnny Cash have been charged with murder after he sang, "I shot a man in Reno just to watch him die"? Few would seriously subscribe

to this notion of justice. Yet in 2001, a rapper named Mac whose music had gained national recognition was convicted of manslaughter after the prosecutor quoted liberally from his album *Shell Shocked*. Mac was sentenced to thirty years in prison, where he remains. And his case is just one of many nationwide. Over the last three decades, as rap became increasingly popular, prosecutors saw an opportunity: they could present the sometimes violent, crime-laden lyrics of amateur rappers as confessions to crimes, threats of violence, evidence of gang affiliation, or revelations of criminal

motive—and judges and juries would go along with it. Detectives have reopened cold cases on account of rap lyrics and videos alone, and prosecutors have secured convictions by presenting such lyrics and videos of rappers as autobiography. Now, an alarming number of aspiring rappers are imprisoned. No other form of creative expression is treated this way in the courts. *Rap on Trial* places this disturbing practice in the context of hip hop history and exposes what's at stake. It's a gripping, timely exploration at the crossroads of contemporary hip hop and mass incarceration.
