 Spatial and identity research operates with differentiations and relations. These are particularly useful heuristic tools when examining border regions where social and geopolitical demarcations diverge. Applying this approach, the authors of this volume investigate spatial and identity constructions in cross-border contexts as they appear in everyday, institutional and media practices. The results are discussed with a keen eye for obliquely aligned spaces and identities and relinked to governmental issues of normalization and subjectivation. The studies base upon empirical surveys conducted in Germany, France, Belgium and Luxembourg.

The Collected Poems of Bertolt Brecht Legare Street Press
 Longlisted for the PEN Award for Poetry in Translation An historic publication in which the legendary German poet and dramatist emerges, quite like Goethe, as a poet driven by Eros. Bertolt Brecht is widely considered the greatest German playwright of the twentieth century, and to this day remains best known as a dramatist, the author of *Mother Courage*, *The Threepenny Opera*, and *The Caucasian Chalk Circle*, among so many other works. However, Brecht was also a hugely prolific and eclectic poet, producing more than 2,000 poems during his lifetime—indeed, so many that even his own wife, Helene Weigel, had no idea just

how many he had written. "A thieving magpie of much of world literature," the full scope and variety of his poetic output did not become apparent until after his death. Now, the English-speaking world can access part of his stunning body of work in *Love Poems*, the first volume in a monumental undertaking by award-winning translators David Constantine and Tom Kuhn to translate Brecht's poetic legacy into English. *Love Poems* collects his most intimate and romantic poems, many of which were banned in German in the 1950s for their explicit eroticism. Written between 1918 and 1955, these poems reflect an artist driven not only by the bitter and violent politics of his age but, like Goethe, by the untrammelled forces of love, romance, and erotic desire. In a 1966 *New Yorker* article, Hannah Arendt wrote of Brecht that he had "staked his life and his art as few poets have ever done." In these 78 poems, we see Brecht's astonishing and deeply personal love poems—including 22 never before published in English—many addressed to particular women, which show Brecht as lover and love poet, engaged in a bitter struggle to keep faith, hope, and love alive during desperate times. Featuring a personal foreword by Barbara Brecht-Schall, his last surviving child, *Love Poems* reveals Brecht as not merely one of the most famous playwrights of the twentieth century but also one of its most fiercely creative poets.

Brecht's Early Plays Liveright Publishing

Edward II is, in a sense, Bertolt Brecht's only tragedy. Based on Christopher Marlowe's classic of the same name, it departs from its source as widely as *The Threepenny Opera* departs from *Gay's Beggar's Opera*. Brecht has made a multitude of technical changes calculated to streamline the play, with a smaller cast and simpler action, and he has created virtually new and totally compelling characters with his extravagant variations on Anne, Edward's queen, and Mortimer, the villain of the piece. Brecht also reinterprets Marlowe's famously homosexual protagonist, creating an Edward initially more crudely homoerotic and ultimately more truly heroic. Brecht's Edward is a hero for the modern era: an existential hero defying a meaningless universe with his courage.

Studien und Plaudereien SEVERUS Verlag

A reference book for the musician's practical work of interpretation, this volume, after a general presentation of 18th century principles for determining a tempo, offers a compendium of all Mozart's autograph tempo markings in 420 lists of pieces of similar character. Thus, a comparison of slower and quicker movements is made possible by 434 music examples, and there follows a wide-ranging collection of relevant texts taken from historical sources. The book does not claim to know "the single correct tempo" for the works of Wolfgang Amadeus Mozart. It hopes to be of assistance in the unavoidable search by every interpreter for the "true movement" of each work—for the work itself, for the performer, the instrument or instruments, the room, the public, the nature of the event. It follows that there can be no absolutely "authentic" tempo for Mozart's works. And yet his tempo markings, since he chose them so meticulously, should be taken equally seriously with the other parameters of his famously precise notation. Alfred Brendel writes: "an astonishing opus ... one of those rare and important books in which music and musicology form a vital association; a lifelong study that makes one very much aware of a field to which attention is rarely paid. It accomplishes this by bringing to bear an understanding that never loses sight of the musical foundation on which it is built, and by a discerning intelligence that does not shy away from raising debatable topics, although without ever claiming infallibility ... One cannot be grateful enough to Helmut Breidenstein for his methodological accuracy which allows us Mozart interpreters to orientate ourselves with ease and pleasure

... His book sharpens our perception, at the same time giving an overview and making us sensitive to each individual case.

Admiration and gratitude."

Times Literary Supplement • Books of the Year ("The most generous available English collection of Brecht's poetry.") A landmark literary event, *The Collected Poems of Bertolt Brecht* is the most extensive English translation of Brecht's poetry to date. Widely celebrated as the greatest German playwright of the twentieth century, Bertolt Brecht was also, as George Steiner observed, "that very rare phenomenon, a great poet, for whom poetry is an almost everyday visitation and drawing of breath." Hugely prolific, Brecht also wrote more than two thousand poems—though fewer than half were published in his lifetime, and early translations were heavily censored. Now, award-winning translators David Constantine and Tom Kuhn have heroically translated more than 1,200 poems in the most comprehensive English collection of Brecht's poetry to date. Written between 1913 and 1956, these poems celebrate Brecht's unquenchable "love of life, the desire for better and more of it," and reflect the technical virtuosity of an artist driven by bitter and violent politics, as well as by the untrammelled forces of love and erotic desire. A monumental achievement and a reclamation, *The Collected Poems of Bertolt Brecht* is a must-have for any lover of twentieth-century poetry.

Der Franzose Michel Fliccx, geboren 1924, schildert zwei Jahre in deutscher Gefangenschaft. Nach seiner Festnahme im April 1943 in Südfrankreich wegen Tätigkeit im Widerstand war er als politischer Häftling im Konzentrationslager Buchenwald, im Arbeitskommando Peenemünde und in der Raketenproduktion im Konzentrationslager Mittelbau-Dora. Im März 1944 kam Fliccx mit einem Transport von 1000 kranken Häftlingen aus Mittelbau-Dora nach Bergen-Belsen. Er war dort im "Häftlingslager", einem Männerlager für kranke Häftlinge untergebracht, wo er am 15. April 1945 die Befreiung erlebte. Fliccx schildert eindrucksvoll, wie sich die Lebensbedingungen im "Häftlingslager" nach und nach verschlechterten. Er war Augenzeuge der Mordserie des Krankenpflegers Karl Rothe und entging selbst nur knapp einer tödlichen Injektion. Mit den in Frankreich bereits 1947 veröffentlichten Erinnerungen Michel Fliccx' liegt erstmals einer der umfangreichsten und frühesten Berichte zum "Häftlingslager" Bergen-Belsen auf Deutsch vor.

The label CLIL stands for classrooms where a foreign language (English) is used as a medium of instruction in content subjects. This book provides a first in-depth analysis of the kind of communicative abilities which are embodied in such CLIL classrooms. It examines teacher and student talk at secondary school level from different discourse-analytic angles, taking into account the interpersonal pragmatics of classroom discourse and how school subjects are talked into being during lessons. The analysis shows how CLIL classroom interaction is strongly shaped by its institutional context, which in turn conditions the ways in which students experience, use and learn the target language. The research presented here suggests that CLIL programmes require more explicit language learning goals in order to fully exploit their potential for furthering the learners' appropriation of a foreign language as a medium of learning.

Das finnische Epos „Kalewala“ erzählt Mythen über die Erschaffung der Welt, das Schmieden des sagenhaften Sampons und Heldensagen der Väinämöinen, Lemminkäinen, Ilmarinen und Kullervo. Dabei gibt es erstaunliche Parallelen zu Mythen anderer Kulturkreise zu entdecken, wie die jungfräuliche Geburt

oder den Osiris- und Ödipusmythos. Die 22.795 Verse wurden von Elias Lönnrot zusammengetragen und in einem Epos vereint. Anton Schiefner, der Begründer der Uralistik, Tibetologie, Mongolistik und Kaukasistik, sorgte Mitte des 19. Jahrhunderts für die Übersetzung ins Deutsche.

Geist und Weltliche Poemata ... Auff's neue ... außgefertigt in Verlegung Martin Müllers Buchh. in Naumburg Routledge

This study investigates how Christianity impacts on the way owner-managers of small to medium-sized enterprises (SMEs) conceptualise their worlds of business practice. The context for the research is the more general issue of how civil society and its institutions influence economic activity and how they might provide a counterbalance to the potentially negative impacts of 'unrestrained' self-interested economic behaviour. The study is based on qualitative interviews with SME owner-managers in Germany and the U.K. who regard themselves as practising Christians. Using a socio-psychological approach, the data analysis yielded a range of linguistic and conceptual resources that are peculiar to Christian discourse and that have the potential to influence business activity in rather distinctive ways. This book outlines the effects that these Christian resources can have on these owner-managers and how they may be linked to specific business practices. Attention is drawn to the fact that Christian conceptual resources can be interpreted and exploited in different ways, which leads to differences in how Christian owner-managers apply their faith to their business. Furthermore, the study maps out the - often interacting - influence of other discursive contexts and resources. The specific influence of the SME context will be discussed and some differences with regards to the two national contexts in which the research was conducted will be highlighted. The book also addresses how the socio-psychological approach that was chosen for this study may be used for investigations into the impact of other civil society contexts.
