**The Spirit of the Liturgy** Ignatius Press  
 Never has a Pope, in a book-length interview, dealt so directly with such wide-ranging and controversial issues as Pope Benedict XVI does in *Light of the World*. Taken from a recent week-long series of interviews with veteran journalist Peter Seewald, this book tackles head-on some of the greatest issues facing the world of our time. Seewald poses such forthright questions to Pope Benedict as: What caused the clergy sexual abuse in the Catholic Church? Was there a "cover up"? Have you considered resigning? Does affirming the goodness of the human body mean a plea for "better sex"? Can there be a genuine dialogue with Islam? Should the

Church rethink Catholic teaching on priestly celibacy, women priests, contraception, and same-sex relationships? Holy Communion for divorced-and-remarried Catholics? Is there a schism in the Catholic Church? Should there be a Third Vatican Council? Is there any hope for Christian unity? Is Christianity the only truth? Can the Pope really speak for Jesus Christ? How can the Pope claim to be "infallible"? Is there a "dictatorship of relativism" today? Twice before these two men held wide-ranging discussions, which became the best-selling books *Salt of the Earth* and *God and the World*. Then, Seewald's discussion partner was Joseph Ratzinger, head of the Vatican's chief doctrinal office. Now, Joseph Ratzinger is Pope Benedict XVI, the spiritual leader of the world's over one billion Catholics. Though Seewald now interviews the Pope

himself, the journalist "pulls no punches", posing some of the thorniest questions any Pope has had to address. Believers and unbelievers will be fascinated to hear Benedict's thoughtful, straightforward and thought-provoking replies. This is no stern preachment or ponderous theological tract, but a lively, fast-paced, challenging, even entertaining exchange. *Salt of the Earth* Bloomsbury Publishing  
 Emeritus Pope Benedict commanded both adulation and unremitting criticism. To millions, he was a beacon of light in a turbulent modern world. In this second volume of Peter Seewald's authoritative biography, the story continues from the Second Vatican Council (1965-8) right up to his resignation in 2013 - the first Pope to do so in almost 600 years. We see how Benedict was influenced by the Council and the ensuing political unrest all over

Europe to move from a liberal perspective on the Church and the modern world to one that was profoundly conservative. Appointed in 1981 as prefect of the Congregation of Doctrine of the Faith, and quickly nicknamed 'God's Rottweiler', he proved to be intransigent on the controversial issues of abortion, contraception, gay rights and gay marriage. But elected Pope in 2005, his tenure of office was so riven with shocking revelations of controversy and scandal that it seemed that by the time of his resignation in 2013 he was incapable of handling the complexities of the Church in the modern world. Vatileaks, sexual abuse by priests, the Regensburg speech which became the spark of an eruption of anger and rage in the Muslim world – all these hit the world's media headlines. Peter Seewald was the only person who was close enough to Benedict to assess the man himself and to uncover the truth about so many of the controversial issues surrounding this most controversial papacy. Seewald has already published two books of interviews with Benedict and this book is based not just on meticulous research but on many hours of recorded interviews with Benedict himself. It will stand for many years as the definitive biography of Benedict XVI from an author with unrivalled access to the Pope Emeritus.

Be sure to check out the for more information. It wasn't always the case that Msgr. Georg Ratzinger lived in the shadow of his younger brother, Joseph. Georg was an accomplished musician, who for over 30 years directed the Regensburger Domspatzenchor, the world-famous boys choir of the Regensburg cathedral. Brother Joseph was a brilliant young professor, but mostly known in German academic circles. Now Georg writes about the close friendship that has united these two brothers for more than 80 years. This book is a unique window on an extraordinary family that lived through the difficult period of National Socialism in Germany. Those interested in knowing more about the early life of Benedict XVI will not be disappointed. They will also learn of the admirable character and inspiring example of the parents, and see how the Catholic faith can shape not just a family, but an entire culture—in this case, that of Bavaria. Georg's reminiscences are detailed, intimate, and warm. And while they begin with the earliest years of the Ratzinger family, they continue right up to the present day. This is not simply a book to satisfy curiosity about a "celebrity", though it certainly does that. It's a

beautiful portrait of Catholic family life and, in the most literal sense, of enduring fraternal charity. Georg has a talent for telling a story, and the co-author fills in some of the larger historical background. The many photographs, both in black and white and in color, round out a thoroughly enjoyable and inspirational book. Illustrated with 47 photographs.

From the earliest days of the Church through modern times, women have always played a unique and critical role in the story of Christianity. Jesus Christ called both men and women to be his disciples, and countless women in Church history have stood out for the holiness of their lives and the wealth of their teaching. In each chapter, derived from catechesis given during his weekly general audiences from September 2010 to April 2011, Pope Benedict XVI expertly and thoughtfully explores the life stories and writings of these seventeen holy women: Saint Hildegard of Bingen Saint Clare of Assisi Saint Matilda of Hackeborn Saint Gertrude the Great Blessed Angela of Foligno Saint Elizabeth of Hungary Saint Bridget of Sweden Marguerite d'Oingt Saint Juliana of Cornillon Saint Catherine of Siena Julian of Norwich Saint Veronica Giuliani Saint Catherine of Bologna Saint Catherine of Genoa Saint Joan of Arc Saint Teresa of Ávila Saint Thérèse of Lisieux The remarkable examples of the feminine genius in Holy Women are still relevant today. These models of prayer, faith, and good works will help you gain a fuller understanding of Church history and serve as guides on your faith journey.

It is difficult to overestimate the impact that Pope Benedict XVI has had on the

Catholic Church. He served the people of God as a priest, an advisor at the Second Vatican Council, a bishop, a cardinal, Prefect of the Congregation for the Doctrine of the Faith, and the 265th pope. But in addition to his influence as a churchman, Joseph Ratzinger also stands out as one of the most significant thinkers in recent history. He is the author of more than sixty books, numerous articles, and countless homilies. Catholics and non-Catholics alike have been inspired and challenged by his theological writings. For many people, it can be difficult to know where to begin. The Pope Benedict XVI Reader offers a point of entry for those seeking a deeper engagement with his teachings, whether you have read little of his work or have enjoyed it for years. This wide-ranging collection draws together some of the finest excerpts from Ratzinger's interviews, speeches, audiences, homilies, and books, with insights on a variety of topics, including the Trinity, the person of Jesus Christ, the Church, Mary and the saints, the Bible, the liturgy, prayer, the Second Vatican Council, and the challenge of living the faith in the modern world. What emerges is a fascinating portrait of a man whose legacy of scholarly erudition, pastoral gentleness, and deep and abiding love for Christ and his Church continues to awe the world.

*On Conscience* Ignatius Press

In this persuasive new book, Daniel Gawthrop examines how Joseph Ratzinger (Pope Benedict XVI) systematically steered the Catholic Church to the far right, and what his shocking resignation means for the Church as it navigates a new world. By doing so, it reveals one of recent history's most astonishing tales of institutional power, religious bullying, and systemic abuse.

*Light Of The World* Yale University Press

Edited by Emery de Gaál and Matthew Levering, Joseph Ratzinger and the Healing of Reformation-Era Divisions examines Joseph Ratzinger/Pope Benedict XVI's manifold contributions to Catholic-Protestant theological reflection. The collection opens with an introduction comparing Ratzinger's approach to ecumenism to that of Karl Rahner. Rahner argues that the structural uniting of Protestants and Catholics should take place now without worrying about doctrinal differences. In contrast, Ratzinger argues that unity in Christ requires probing the doctrinal differences and seeking a deeper understanding of the reasoning of each side—on the grounds that the truth of the Gospel that each side desires to preserve will

ultimately be the basis for the only kind of Christian ecclesial unity worth having, namely, a unity of the basis of the truth of the Gospel of Jesus Christ. Detailed essays follow, treating a number of loci including papal primacy, ecumenical principles, liturgy, evangelization, Mariology, Christ's birth and the celebration of Christmas, public theology, Christocentrism, Martin Luther, charity, conscience, missiology, justification, the reception of Ratzinger/Benedict in Radical Orthodoxy, and Scripture and Tradition. These essays run the full gamut of Ratzinger/Benedict's major themes and preoccupations. Ten of the essays are by Catholic scholars, and seven by Protestant scholars. Contributors include many of the world's leading Ratzinger experts, and the volume opens with an essay by Bishop Rudolf Voderholzer, Director of the Pope Benedict XVI Institute in Regensburg, Germany. *Pope Benedict XVI* Bloomsbury Publishing 'Gripping ... An exquisite conversation between two people who know each other, like each other, and have mutual respect for one another' - Catholic Times Since resigning from the papacy in 2013, the first Pope in over 700 years to do so, Pope Benedict has lived quietly in a convent in the Vatican gardens in Rome. He has devoted himself to a life of prayer and study and has vowed to remain silent, until now. So much controversy still surrounds Pope Benedict's time in office - in this book, written with bestselling German author Peter Seewald, he addresses the issues of his papacy and reveals how, at his late age, governing and reforming the Church was beyond him. *Last Testament* is also an autobiography, recalling Pope Benedict's childhood in Germany under Nazism, his early development as a priest, and eventually his appointment as Archbishop of Munich. After becoming Pope, his account deals with the controversies that rocked the Catholic world - how he enraged Muslims with his Regensburg speech, what he did and did not do to stamp out the clerical sexual abuse of children, the 'Vatileaks' scandal and how he broke up a gay cabal within the Vatican itself. At all times, we see a man who is shy and retiring and modest being exceptionally open and frank with the outside world. In this *Last Testament*, a unique book insofar as no other living Pope has had the opportunity to write an account having left office, Benedict gives in his own words an unprecedented view of the difficulties, the achievements and the consequences of his time as head of the Catholic Church worldwide.

St. Paul is one of the most important figures in Christian history. As Saul of Tarsus he vigorously persecuted Christianity, even collaborating in the death of Christianity's first martyr, Stephen. His encounter with the resurrected Jesus on the road to Damascus changed Paul's life, the Christian Church, and world history. More than anyone else in the early Church, Paul saw the universal nature of the Christian message. He became the Apostle to the Gentiles and the "Teacher of the Nations". As the human author of half of the New Testament, Paul is a figure who cannot be overlooked by anyone who wants to understand Jesus Christ and Christianity. In this book, Pope Benedict XVI, a profound spiritual leader in his own right and a first-rate theologian and Bible commentator, explores the legacy of Paul. Pope Benedict follows the course of the Apostle's life, including his missionary journeys and his relationship with the other apostles of Jesus such as St. Peter and St. James, and Paul's martyrdom in Rome. Benedict also examines such questions as: Did Paul know Jesus during his earthly life and how much of Jesus' teaching and ministry did he know of? Did Paul distort the teachings of Jesus? What role did Jesus' death and resurrection play in Paul's teaching? What are we to make of Paul's teaching about the end of the world? What does Paul's teaching say about the differences between Catholic and Protestant Christians over salvation and the roles of faith and works in the Christian life? How have modern Catholic and Protestant scholars come together in their understanding of Paul? What does Paul have to teach us today about living a spiritual life? These and other important issues are addressed in this masterful, inspirational, and highly-readable presentation of St. Paul and his writings by one of today's great spiritual teachers, Pope Benedict XVI. "The Apostle Paul, an outstanding and almost inimitable yet stimulating figure, stands before us as an example of total dedication to the Lord and to his Church, as well as of great openness to humanity and its cultures."

The first intellectual history of interreligious dialogue, a relatively new and significant dimension of human religiosity In recent decades, organizations committed to interreligious or interfaith dialogue have proliferated, both in the Western and non-Western worlds. Why? How so? And what exactly is interreligious dialogue? These are the touchstone questions of this book, the first major history of interreligious dialogue in the modern age. Thomas Albert Howard narrates and analyzes several key turning points in the history of interfaith dialogue before examining, in the conclusion, the contemporary landscape. While many have theorized about and practiced interreligious dialogue, few have attended carefully to its past, connecting its emergence and spread with broader developments in modern history.

Interreligious dialogue—grasped in light of careful, critical attention to its past—holds promise for helping people of diverse faith backgrounds to foster cooperation and knowledge of one another while contributing insight into contemporary, global religious pluralism.

New Softcover Edition with Index!

Considered by Ratzinger devotees as his greatest work on the Liturgy, this profound and beautifully written treatment of the "great prayer of the Church" will help readers rediscover the Liturgy in all its hidden spiritual wealth and transcendent grandeur as the very center of our Christian life. Among the many liturgical issues that he covers in this work, Cardinal Ratzinger discusses fundamental misunderstandings of the Second Vatican Council's intentions for liturgical renewal, especially the orientation of prayer at the Eucharistic sacrifice, the placement of the tabernacle, and the posture of kneeling. Other important topics he discusses include the following: the essence of worship; Jewish roots and new elements of the Christian Liturgy; the historic and cosmic dimensions of the Liturgy; the relationship of the Liturgy to time and space; art, music, and the Liturgy; active participation of all the faithful; gestures, posture, and vestments. "My purpose here is to assist this renewal of understanding of the Liturgy. Its basic intentions coincide with what Guardini wanted to achieve. The only difference is that I have had to translate what Guardini did at the end of the First World War, in a totally different historical situation, into the context of our present-day questions, hopes, and dangers. Like Guardini, I am not attempting to involve myself with scholarly discussion and research. I am simply offering an aid to the understanding of the faith and to the right way to give the faith its central form of expression in the Liturgy." - Joseph Cardinal Ratzinger, from the preface

Ignatius Press

Vatican correspondent for over twenty years and an intimate colleague of Joseph Ratzinger writes the definitive book on the remarkable career, personality, and future of the new Pope.

[Jesus of Nazareth](#) Word on Fire

Presents three sermons on how to live as a Christian in the modern secular world, discussing the true meaning of love for God and for one's neighbor and the importance of faith, both for oneself and as a witness to others.

[Jesus of Nazareth](#) A&C Black

A vivid blow-by-blow of the controversies that have wracked the Catholic Church during the past twenty years: Liberation theology, birth control, women's ordination, inclusive language, "radical feminism," homosexuality, religious pluralism, human rights in the church, and the roles of bishops and theologians—one man has stood at the dead center of all these controversial issues: Cardinal Joseph Ratzinger. A teenage American POW as the Third Reich crumbled and a progressive wunderkind at the Second Vatican Council, Ratzinger, for twenty years, has been head of the Congregation for the Doctrine of the Faith (until 1908 known as the Sacred Congregation of the Roman and Universal Inquisition, or Holy Office). The book goes a long way toward explaining the central enigma surrounding Ratzinger: How did this erstwhile liberal end up as the chief architect of the third great wave of repression in Catholic theology in the twentieth century? Based on extensive interviews with Ratzinger's students and colleagues, as well as research in archives in both Bavaria and the United States, Allen's account shows that Ratzinger's deep suspicion of "the world," his preoccupation with human sinfulness, and his demand for rock-solid loyalty to the church run deep. They reach into his childhood "in the shadow of the Nazis" and reflect his formative theological influences: Augustine, Bonaventure, and

Martin Luther(!) rather than the world-affirming Thomas Aquinas. When the cardinals of the Catholic Church next gather in the Sistine Chapel to elect a pope, Allen argues, they will in effect be deciding whether to continue the policies Ratzinger has been the central force in shaping. "The servility of the sycophants, of those who shy from and shun every collision, who prize above all their calm complacency, is not true obedience. . . . What the church needs today as always are not adulators to extol the status quo, but men whose humility and obedience are not less than their passion for the truth; . . . men who love the church more than the ease and the unruffled course of their personal destiny."-Joseph Ratzinger (1962)>

*The Trial of Pope Benedict* Ignatius Press

During his years as Prefect of the Congregation for the Doctrine of the Faith, well-known Vatican prelate Joseph Cardinal Ratzinger has given three in-depth interviews. The first two interviews have become best selling books: *The Ratzinger Report* and *Salt of the Earth*. Because of the tremendous reception those books received, the Cardinal agreed to do another interview with journalist Peter Seewald, who had done the very popular *Salt of the Earth* interview. This third in-depth interview addresses deep questions of faith and the living of that faith in the modern world. The interview took place over three full days spent at the Benedictine Abbey of Monte Cassino in a setting of the silence, prayer, and hospitality of the monks. For this meeting with the highly regarded Churchman, theologian, and author, the seasoned journalist, who had fallen away from the faith but eventually returned to the Church, once again provided a very stimulating, well-prepared series of wide-ranging questions on profound issues. The Cardinal responds with candor, frankness and deep insight, giving answers that are sometimes surprising and always thought provoking.
