BRIGGS GEORGE

**Italienisch üben -
Hören & Sprechen
B1. Buch mit Audios
online** Lexington
Books

This easily accessible
book offers a

pioneering study about
the alphorn, its music,
and its performance,
based on extensive
field research in
Switzerland and other
countries. It also offers
new insights about the
technique of
filmmaking for musical
ethnography. Being the
first book on the

alhorn in English, it combines originality and inspiration with solid, careful, and complete research. A Complete Dictionary of Music the dynamic diva Adelina Patti was the most highly regarded singer in history. She earned nearly \$5,000 a night and had her own railway carriage. Yet a minor comic singer would perform for the cost of his food and a pair of shoes to wear on stage. John Rosselli's wide-ranging study introduces all those singers, members of the chorus as well as stars, who have sung Italian opera from 1600 to the twentieth century. Singers are shown slowly emancipating themselves from dependence on great patrons and entering

the dangerous freedom of the market. Rosselli also examines the sexist prejudices against the castrati of the eighteenth century and against women singers. Securely rooted in painstaking scholarship and sprinkled with amusing anecdote, this is a book to fascinate and inform opera fans at all levels.

I Am Diva! Legare Street Press

In Technology and the Diva, Karen Henson brings together an interdisciplinary group of scholars to explore the neglected subject of opera and technology. Their essays focus on the operatic soprano and her relationships with technology from the heyday of Romanticism in the 1820s and 1830s to the twenty-first-

century digital age. The authors pay particular attention to the soprano in her larger than life form, as the 'diva', and they consider how her voice and allure have been created by technologies and media including stagecraft and theatrical lighting, journalism, the telephone, sound recording, and visual media from the painted portrait to the high definition simulcast. In doing so, the authors experiment with new approaches to the female singer, to opera in the modern - and post-modern - eras, and to the often controversial subject of opera's involvement with technology and technological innovation.
Modernity, Complex

Societies, and the Alphorn Legare Street Press
Stendhal's Life of Rossini is a captivating biography of the famous Italian composer Gioachino Rossini. Through extensive research and firsthand accounts, Stendhal paints a vivid picture of Rossini's life, career, and artistic output. This book is a must-read for anyone interested in music history or classical music.
