El Dossier de esta entrega número 96 de Telos está dedicado a una temática más trascendental en la cultura audiovisual contemporánea de lo que podemos expresar en estas pocas líneas: el documental digital. Es decir, la nueva vida para un 'género' que no solo resucita poderosamente en los soportes y redes digitales, sino que se adapta a la difusión y recepción multiplataformas y se constituye en el espacio privilegiado actual de la innovación y la experimentación audiovisual, de lenguajes y formatos. En la historiografía clásica se sostenía en efecto que el cine llevaba consigo dos núcleos originales igualmente potentes: el ficcional y el documental, que tomaba como referente la realidad, aunque la recreara y reprodujera. El primero triunfó por la derivación del cine hacia un medio de masas en busca del máximo negocio, mientras que el segundo resultó marginado durante décadas, pese a

los esfuerzos de brillantes creadores y grandes teóricos de sus enormes potencialidades. La televisión no hizo más que seguir esa estela, desplazando el documental a horarios menos atractivos sobre la presuposición de que el público prefería masivamente los mundos ficcionales a la revelación y profundización en su realidad circundante. La digitalización de la señal televisiva y la consiguiente proliferación de canales temáticos ha comenzado a desmentir esos prejuicios y la múltiple oferta en Internet comienza a trastocarlos de raíz: la matriz documental estalla ahora en enormes posibilidades expresivas, en múltiples formatos que orientan hacia el hipermedia. *A Ranch to Keep* Routledge

What she planned?or

what she wants? Samantha Rylant's life is coming together as planned?promising career, awesome friends, perfect boyfriend. Then she inherits her grandmother's ranch and sweet childhood memories come rushing back to her. Now this city girl is torn, wondering where she truly belongs. And the gorgeous cowboy down the lane is only complicating matters! Jack Baron and his handsome, aggravating self are around every corner offering a helping hand, sharing his unwanted opinions and in general messing with Sam's heart. The logical thing to do is to sell the ranch and return to San Francisco. But maybe this is one decision that requires the heart, not the head?.

Stay Awhile and Listen: Book I Penguin

Thirty-nine essays explore the vast diversity of video game history and culture across all the world's continents. Video games have become a global industry, and their history

spans dozens of national industries where foreign imports compete with domestic productions, legitimate industry contends with piracy, and national identity faces the global marketplace. This volume describes video game history and culture across every continent, with essays covering areas as disparate and far-flung as Argentina and Thailand, Hungary and Indonesia, Iran and Ireland. Most of the essays are written by natives of the countries they discuss, many of them game designers and founders of game companies, offering distinctively firsthand perspectives. Some of these national histories appear for the first time in English, and some for the first time in any language. Readers will learn, for example, about the rapid growth of mobile games in Africa; how a meat-packing company held the rights to import the Atari VCS 2600 into Mexico; and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore. Every country or region's unique conditions provide the context that shapes its national industry; for example, the long history

of computer science in the United Kingdom and Scandinavia, the problems of piracy in China, the PC Bangs of South Korea, or the Dutch industry's emphasis on serious games. As these essays demonstrate, local innovation and diversification thrive alongside productions and corporations with global aspirations. Africa • Arab World • Argentina • Australia • Austria • Brazil • Canada • China • Colombia • Czech Republic • Finland • France • Germany • Hong Kong • Hungary • India • Indonesia • Iran • Ireland • Italy • Japan • Mexico • The Netherlands • New Zealand • Peru • Poland • Portugal • Russia • Scandinavia • Singapore • South Korea • Spain • Switzerland • Thailand • Turkey • United Kingdom • United States of America • Uruguay • Venezuela

IT'S NOT THE END OF THE WORLD. BUT YOU CAN SEE IT FROM HERE. In the near future, with physical augmentation gaining ground and nano-cybernetics only years away, the dawn of limitless human evolution is just beyond the horizon, and a secret corporate cabal of ruthless men intends to make sure that

humankind stays under its control. But two people on opposite sides of the world are starting to ask questions that could get them killed. Secret Service agent Anna Kelso has been suspended for investigating the shooting that claimed her partner's life. Anna suspects that the head of a bio-augmentation firm was the real target, and against orders she's turned up a few leads concerning a covert paramilitary force and a cadre of underground hackers. But the cover-up runs deep, and now there's a target on her back. Meanwhile, Ben Saxon, former SAS officer turned mercenary, joins a shadowy special ops outfit. They say they're a force for good, but Saxon quickly learns that the truth is not so clear-cut. So begins a dangerous quest to uncover a deadly secret that will take him from Moscow to London, D.C. to Geneva, and to the dark truth—if he lives that long. The year is 2027; in a world consumed by chaos and conspiracy, two people are set on a collision course with the most powerful and dangerous organization in history—and the fate of humanity hangs in the

balance.

The littlest super hero fans won't mind getting ready for bed when they know they can say goodnight to Batman, Superman, Wonder Woman, and the rest of their favorite characters before drifting off to sleep. Super heroes' days are action-packed. They race around the world, battle the baddest of bad guys, and outwit villains to keep people safe. They are also busy inventing gadgets and super hero suits and keeping the environment safe from harm—and some of them even have day jobs! But just like everyone else, after a long, hard day (of saving the world), Batman, Batgirl, Green Lantern, and The Flash head home to rest. Superman, Cyborg, and the others get ready for bed and curl up to get a good night's sleep so they can be strong, smart, and

powerful for another day. The Big Book of Bedtime Stories for Super Heroes provides a solid introduction to the DC Universe and is the perfect calming picture book for super heroes in training who need a good rest.

Based on the best-selling novel, *Ender's Game* tells the thrilling story of the fight to save the world from a devastating future. Now, in this official companion volume, the behind-the-scenes world of the film is brought into stunning focus. Following an attack by an alien race known as the Formics—narrowly countered thanks only to the efforts of legendary war hero Mazer Rackham (Ben Kingsley)—Earth has been preparing itself for the next wave in the conflict. The fate of humanity lies in finding the next Mazer from a crop of the brightest

young minds on the planet. Under the watchful eye of the International Fleet, the venerated Colonel Hyrum Graff (Harrison Ford) has been tasked with overseeing their training. Before long, a standout emerges among them: Ender Wiggin (Asa Butterfield), a shy but prodigiously talented misfit. His potential discovered, Ender is promoted to Command School, where he will soon find the war with the Formics to be more complex than he could have ever imagined. Packed with in-depth interviews, removable posters and army badges, stunning concept art, unparalleled access to the visual effects archives at Digital Domain, and countless full-color images, this insightful insider's view of the making of *Ender's Game* will bring fans closer into the world of the movie, following cast and crew as it is brought to dazzling

life. Also featuring Hailee Steinfeld (*True Grit*) as Petra Arkanian, Viola Davis (*The Help*) as Major Gwen Anderson, and Abigail Breslin (*Little Miss Sunshine*) as Ender's brilliant older sister, Valentine.
