Jake recounts his second grade introduction to Link Baxter, SuperBully, who becomes his class project partner, with surprising results. When Jake was three years old at Miss Lulu's Dainty Diaper Day Care Center, what did he know about bullies? Nothing. But he learned fast! Why? Because Jake was kind of smart and not a tattletale, and he had no big brother to protect him. He was a perfect bully magnet. But everything changed the year Jake was in second grade. That's when SuperBully Link Baxter moved to town. Jake had his hands full just trying to survive, until class project time. Who did the teacher assign to be Link's partner? You guessed it. Jake has to

use all his smarts -- and his heart as well -- to turn himself from Jake Drake, Bully Magnet, to Jake Drake, Bully Buster.

Turtleback Books

In *No Talking*, Andrew Clements portrays a battle of wills between some spunky kids and a creative teacher with the perfect pitch for elementary school life that made *Frindle* an instant classic. It's boys vs. girls when the noisiest, most talkative, and most competitive fifth

graders in history challenge one another to see who can go longer without talking. Teachers and school administrators are in an uproar, until an innovative teacher sees how the kids' experiment can provide a terrific and unique lesson in communication.

The Friendship War

Simon and Schuster

A moving holiday story from New York Times bestselling author Andrew Clements. For Hart Evans, being the most popular kid in sixth grade has its advantages. Kids look up to him, and all the teachers let him get away with anything -- all the teachers except the chorus director, Mr. Meinert. When Hart's errant rubber band hits Mr. Meinert on the neck during chorus

practice, it's the last straw for the chorus director, who's just learned he's about to lose his job due to budget cuts. So he tells the class they can produce the big holiday concert on their own. Or not. It's all up to them. And who gets elected to run the show? The popular Mr. Hart Evans. Hart soon discovers there's a big difference between popularity and leadership, and to his surprise, discovers something else as well -- it's really important to him that this be the best holiday concert ever, and even more important, that it not be the last.

Regarding the Fountain

Simon and Schuster

Can a pirate and a prince learn to share?

In the fort in the woods, a prince is preparing his castle for a lively feast for the royal kingdom.

Unbeknownst to him, a pirate uses the same fort as her ship, planning to venture out to the open seas in search of treasure. But when a treasure map appears on the prince's party invitations, and the pirate finds that her sword has turned into a scepter, they realize there is an intruder in the castle—no, ship! Soon, a battle over the fort between the adversaries ensues,

leading to a humorous showdown. When they make amends, their amazing imaginations come up with a new adventure...together.

Kids will revel in the spirited and imaginative battle and be thrilled by the turn of events. Dynamic and charismatic illustrations bring this witty tale and its celebration of sharing and teamwork to life.

Lost and Found

Simon and Schuster

The end of third grade turns into a disaster for Jake when he inadvertently becomes the teacher's pet, and no matter how hard he tries, he can't shake the image. Mrs. Snavin looked right past all those waving hands. She looked right at me and she smiled and said, "I think I'll have Jake take it." Then Mrs.

Snavin said, "but be sure to hurry right back, Jake, because we're going to work on our number-line project, and you have to be my special computer helper, okay?" And I could feel every kid in the class looking at me. They weren't saying anything. They weren't even whispering. But right then, I heard what they were thinking anyway. They were thinking, teacher's pet.

The Jacket Yearling
Nora Rose Rowley is a genius, but don't tell anyone. Nora's managed to make it to the fifth grade without anyone figuring out that she's not just an ordinary kid, and she wants to keep it that way. But then Nora gets fed up with the importance everyone attaches to test scores

and grades, and she purposely brings home a terrible report card just to prove a point. Suddenly the attention she's successfully avoided all her life is focused on her, and her secret is out. And that's when things start to get really complicated....

Head of the Class
(Boxed Set) Simon and Schuster

It isn't that Abby Carson can't do her schoolwork. She just doesn't like doing it. And in February a warning letter arrives at her home. Abby will have to repeat sixth grade—unless she meets some specific conditions, including taking on an extra-credit project to find a pen pal in a distant country. Seems simple enough. But when Abby's first letter

arrives at a small school in Afghanistan, the village elders agree that any letters going back to America must be written well. In English. And the only qualified student is a boy, Sadeed Bayat. Except in this village, it is not proper for a boy to correspond with a girl. So Sadeed's younger sister will write the letters. Except she knows hardly any English. So Sadeed must write the letters. For his sister to sign. But what about the villagers who believe that girls should not be anywhere near a school? And what about those who believe that any contact with Americans is . . . unhealthy? Not so simple. But as letters flow back and forth—between the

prairies of Illinois and the mountains of central Asia, across cultural and religious divides, through the minefields of different lifestyles and traditions—a small group of children begin to speak and listen to one another. And in just a few short weeks, they make important discoveries about their communities, about their world, and most of all, about themselves.
