[The Great Stone Face](#) Library of Alexandria Award winning author Sofia Grant weaves an entrancing tale of female friendship and new beginnings inspired by the true stories of those who "took the Reno cure". In the 1940s and 50s, women who needed a fast divorce went to Nevada to live on a ranch with other women in the same boat. "Sofia Grant entices us into following three women seeking the Reno Cure, as they overcome their disillusionment over the lives they expected to have and summon the bravery to embrace new and unexpected paths." --Marie Benedict, New York Times bestselling author of *The Only Woman in the Room* Francie Meeker and Vi Carothers were sold a bill of goods: find a man, marry him in a white wedding gown, and live happily ever after. These best friends never expected to be on the train to Reno, those "lies in white dresses" shattered, their marriages over. On board the train they meet June Samples, who is fleeing an abusive husband with her daughter, and take the vulnerable young mother under their wing. The three decide to wait out the required six weeks together, and then they can toss their wedding bands into the Truckee River and start new lives as divorcees. But as they settle in at the ranch, one shocking moment will change their lives forever. As it brings their deceptions and fears into focus, it will also demand a reckoning with the past, and the choices that a person in love can be driven to make.

Born the child of a homo and a hypochondriac (Okay, okay. Her dad's not really a homosexual. He just acts like it. Her mom, however, really is a hypochondriac), Sara Barron never stood a chance of being normal. At age eleven, she starts writing porn ("He humped me wildly with his wiener"). At twelve, she gets mistaken for a tranny. The pre-op sort, no less. By seventeen, she's featured on the Jerry Springer Show. And that's all before she hits New York. *People Are Unappealing* tells the strange, funny, and sometimes filthy stories of Sara Barron's twisted suburban upbringing and deranged attempt at taking the Big Apple by storm—first as an actor (then a waiter),

then a dancer (then a waiter), then a comic (then a waiter). It's there that she meets the ex-boyfriend turned street clown. The silk pajama-clad poet. The OCD Xanax addict who refuses to have sex wearing any fewer than three condoms. Barron has a knack for attracting the unattractive. *People Are Unappealing* is her wickedly funny look at the dark side of humanity.

Winner of the Caldecott Medal Thus begins a lyrical journey through the days and weeks, the months, and the changing seasons in the life of one New Englander and his family. The oxcart man packs his goods - the wool from his sheep, the shawl his wife made, the mittens his daughter knitted, and the linen they wove. He packs the birch brooms his son carved, and even a bag of goose feathers from the barnyard geese. He travels over hills, through valleys, by streams, past farms and villages. At Portsmouth Market he sells his goods, one by one - even his beloved ox.

Then, with his pockets full of coins, he wanders through the market, buying provisions for his family, and returns to his home. And the cycle begins again. "Like a pastoral symphony translated into picture book format, the stunning combination of text and illustrations recreates the mood of 19-century rural New England."—The Horn Book

The Cambridge History of the American Novel Bantam

INSTANT USA TODAY BESTSELLER "Witty and macabre."—Caroline Kepnes "Slick and chilling."—Megan Miranda "A perfect summer book."—NPR USA Today bestselling author Samantha Downing is back with her latest sneaky thriller set at a prestigious private school—complete with interfering parents, overeager students, and one teacher who just wants to teach them all a lesson... Teddy Crutcher has won Teacher of the Year at the elite Belmont Academy, home to the best and brightest. He says his wife couldn't be more proud—though no one has seen her in a while. Teddy really can't be bothered with a few mysterious deaths on campus that are looking more and more like murder, or with the student digging a little too deep into Teddy's personal life. His main focus is pushing these kids to their full academic potential. All he wants is for his colleagues—and the endlessly meddlesome parents—to stay out of his way. If not, well, they'll get what they deserve. It's really too bad that sometimes excellence comes at such a high cost.

A Lesson in Secrets Macavity Private investigator Maisie Dobbs receives her first assignment from the British Secret Service in *A Lesson in Secrets*, the eighth book in Jacqueline Winspear's award-winning mystery series. Sent to pose as a junior lecturer at a private college in Cambridge, she will monitor any activities "not in the interests of His Majesty's government." When the college's pacifist founder is murdered, Maisie finds herself in the midst of sinister web of murder, scandal, and conspiracy,

activities that point towards members of the ascendant Nationalsozialistische Deutsche Arbeiterpartei—the Nazi Party—on Britain's shores. An instant classic, and sure to captivate long-time Maisie Dobbs fans as well as readers of Agatha Christie, Elizabeth George, and Alexander McCall Smith, *A Lesson in Secrets* is "a powerful and complex novel, one that will linger in memory as a testament to her talent and her humanity" (Richmond Times-Dispatch).

The Best Christmas Present in the World Macmillan Children's Books

"A female investigator every bit as brainy and battle-hardened as Lisbeth Salander." —Maureen Corrigan, NPR's Fresh Air, on *Maisie Dobbs* Maisie Dobbs got her start as a maid in an aristocratic London household when she was thirteen. Her employer, suffragette Lady Rowan Compton, soon became her patron, taking the remarkably bright youngster under her wing. Lady Rowan's friend, Maurice Blanche, often retained as an investigator by the European elite, recognized Maisie's intuitive gifts and helped her earn admission to the prestigious Girton College in Cambridge, where Maisie planned to complete her education. The outbreak of war changed everything. Maisie trained as a nurse, then left for France to serve at the Front, where she found—and lost—an important part of herself. Ten years after the Armistice, in the spring of 1929, Maisie sets out on her own as a private investigator, one who has learned that coincidences are meaningful, and truth elusive. Her very first case involves suspected infidelity but reveals something very different. In the aftermath of the Great War, a former officer has founded a working farm known as The Retreat, that acts as a convalescent refuge for ex-soldiers too shattered to resume normal life. When Fate brings Maisie a second case involving The Retreat, she must finally confront the ghost that has haunted her for over a decade.
