GRIFFITH HOOD

Origin (Lux - Book Four) Entangled: Teen

Halbertal provides a panoramic survey of Jewish attitudes toward Scripture, provocatively organized around problems of normative and formative authority, with an emphasis on the changing status and functions of Mishnah, Talmud, and Kabbalah.

Through the Zombie Glass Houghton Mifflin Harcourt

Main description: What sort of society could bind together Jacques Roubaud, Italo Calvino, Marcel Duchamp, and Raymond Queneau-and Daniel Levin Becker, a young American obsessed with language play? Only the Oulipo, the Paris-based experimental collective founded in 1960 and fated to become one of literature's quirkiest movements. An international organization of writers, artists, and scientists who embrace formal and procedural constraints to achieve literature's possibilities, the Oulipo (the French acronym stands for Oworkshop for potential literatureO) is perhaps best

known as the cradle of Georges Perec's novel A Void, which does not contain the letter e. Drawn to the Oulipo's mystique, Levin Becker secured a Fulbright grant to study the organization and traveled to Paris. He was eventually offered membership, becoming only the second American to be admitted to the group. From the perspective of a young initiate, the Oulipians and their projects are at once bizarre and utterly compelling. Levin Becker's love for games, puzzles, and language play is infectious, calling to mind Elif Batuman's delight in Russian literature in *The Possessed*. In recent years, the Oulipo has inspired the creation of numerous other collectives: the OuMuPo (a collective of DJs), the OuMaPo (marionette players), the OuBaPo (comic strip artists), the OuFlarfPo (poets who generate poetry with the aid of search engines), and a menagerie of other Ou-X-Pos (workshops for potential something). Levin Becker discusses these and other intriguing developments in this history and personal appreciation of an iconic-and iconoclastic-group.

Who Needs a World View? Tor Teen

The Other Latinos addresses the presence in the U.S. of Latin American and Caribbean immigrants from countries other than Mexico, Cuba, and Puerto Rico. This introductory work focusing on the

Andes, Central America, and Brazil will, the contributors hope, inspire a more complete understanding of Latin American migration into the U.S.

Lux: Opposition Harvard University Press

Book Four of the bestselling Lux series Daemon will do anything to get Katy back. After the successful but disastrous raid on Mount Weather, he's facing the impossible. Katy is gone. Taken. Everything becomes about finding her. Taking out anyone who stands in his way? Done. Burning down the whole world to save her? Gladly. Exposing his alien race to the world? With pleasure. All Katy can do is survive. Surrounded by enemies, the only way she can come out of this is to adapt. After all, there are sides of Daedalus that don't seem entirely crazy, but the group's goals are frightening and the truths they speak even more disturbing. Who are the real bad guys? Daedalus? Mankind? Or the Luxen? Together, they can face anything. But the most dangerous foe has been there all along, and when the truths are exposed and the lies come crumbling down, which side will Daemon and Katy be standing on? And will they even be together? Read the entire bestselling series! #1: Obsidian (from Katy's point of view) #2: Onyx (from Katy's point of view) #3: Opal

(from Katy's point of view) #4: Origin #5: Opposition Oblivion (Books 1-3 from Daemon's point of view) CAN BE READ FIRST OR AFTER KATY'S POV! Prequel: Shadows (Dawson's story)

The Right of Publicity Harvard University Press

Hold on to your hats: The authors who brought you the New York Times bestseller *My Plain Jane*, which Booklist praised as “delightfully deadpan” (starred review) and Publishers Weekly called “a clever, romantic farce” (starred review), are back with another irreverent historical adventure. Welcome to 1876 America, a place bursting with gunslingers, outlaws, and garou—better known as werewolves. And where there are garou, there’re hunters: the one and only Calamity Jane, to be precise, along with her fellow stars of *Wild Bill’s Traveling Show*, Annie Oakley and Frank “the Pistol Prince” Butler. After a garou hunt goes south and Jane finds a suspicious-like bite on her arm, she turns tail for Deadwood, where there’s talk of a garou cure. But rumors can be deceiving—meaning the gang better hightail it after her before they’re a day late and a Jane short. In this perfect next read for fans of *A Gentleman’s Guide to Vice and Virtue*, bestselling authors Cynthia Hand, Jodi Meadows, and Brodi Ashton bring their signature spark to the side-splittin’, whopper-filled (but actually kind of factual?) tale of Calamity Jane.

True Story Entangled: Teen

From Jennifer L. Armentrout, author of the *Covenant* series, comes the nail-bitingly addictive fourth book in the New York Times bestselling *Lux* series. Aliens are the new vampires, and sexy Daemon Black will set your pulse racing... Daemon will do anything to get Katy back. After the successful but disastrous raid on Mount Weather, he's facing the impossible. Katy is gone. Taken. Everything becomes about finding her. Taking out anyone who stands in his way? Done. Burning down the whole world to save her? Gladly. Exposing his alien race to the world? With pleasure. All Katy can do is survive. Surrounded by enemies, the only way she can come out of this is to adapt. After all, there are sides of Daedalus that don't seem entirely crazy, but the group's goals are frightening and the truths they speak even more disturbing. Who are the real bad guys? Daedalus? Mankind? Or the Luxen? Together, they can face anything. But the most dangerous foe has been there all along, and when the truths are exposed and the lies come crumbling down, which side will Daemon and Katy be standing on?

College (Un)Bound Harlequin

Having lost her family and home during a zombie attack, Alice begins hearing strange whispers and seeing mirrors that come to life while a malevolent force urges her to commit acts of violence.

Obsession Harvard University Press

Don't miss *Shadows*, Dawson Black’s story in Jennifer L. Armentrout's bestselling *Lux* series, now available as a standalone in print for the first time! "An unmissable series!" –Samantha Young, New York Times bestselling author of *On Dublin Street* “This is the stuff swoons are made of.” —Wendy Higgins, New York Times bestselling author of *Sweet Evil* The last thing Dawson Black expected was Bethany Williams. As a Luxen, an alien life-form on Earth, human girls are...well, fun. But since the Luxen have to keep their true identities a secret, falling for one would be insane. Dangerous. Tempting. Undeniable. Bethany can't deny the immediate connection between her and Dawson. And even though boys aren't a complication she wants, she can't stay away from him. Still, whenever they lock eyes, she's drawn in. Captivated. Lured. Loved. Dawson is keeping a secret that will change her existence...and put her life in jeopardy. But even he can't stop risking everything for one human girl. Or from a fate that is as unavoidable as love itself. Want to read the *LUX* series on your ereader? Each book is sold individually in e-format: #1: *Obsidian* #2: *Onyx* #3: *Opal* #4: *Origin* #5: *Opposition* Dawson’s story: *Shadows*

Onyx HarperCollins

Do Muslim Women Need Saving? is an indictment of a mindset that has justified all manner of foreign interference, including military invasion, in the name of rescuing women from Islam. It offers a detailed, moving portrait of the actual experiences of ordinary Muslim women, and of the contingencies with which they live.

Atatürk in the Nazi Imagination Harvard University Press

Between 1875 and 1920, Chicago's homicide rate more than quadrupled. Based on an analysis of nearly six thousand homicide cases, *First in Violence*, *Deepest in Dirt* examines the ways in which industrialization, immigration, poverty, ethnic and racial conflict, and powerful cultural forces reshaped Chicago city life and generated soaring levels of lethal violence. From rage killers to the "Baby Bandit Quartet," Jeffrey Adler offers a dramatic portrait of Chicago during a period in which the characteristic elements of modern homicide in America emerged.

First in Violence, Deepest in Dirt Harvard University Press

From 1980 to 1988 Iran and Iraq fought the longest conventional war of the century. It included tragic slaughter of child soldiers, use of chemical weapons, striking of civilian shipping, and destruction of cities. Pierre Razoux offers an unflinching look at a conflict seared into the region’s collective memory but little understood in the West.

Wagner and the Erotic Impulse David Rockefeller Center for Latin American Studies

Book Two of the bestselling *Lux* series Being connected to Daemon Black sucks... Thanks to his alien mojo, Daemon's determined to prove what he feels for me is more than a product of our bizarre connection. So I've sworn him off, even though he's running more hot than cold these days. But we've got bigger problems. Something worse than the Arum has come to town... The Department of Defense is here. If they ever find out what Daemon can do and that we're linked, I'm a goner. So is he. And there's this new boy in school who's got a secret of his own. He knows what's happened to me and he can help, but to do so, I have to lie to Daemon and stay away from him. Like that's possible. Against all common sense, I'm falling for Daemon. Hard. But then everything changes... I've seen someone who shouldn't be alive. And I have to tell Daemon, even though I know he's never going to stop searching until he gets the truth. What happened to his brother? Who betrayed him? And what does the DOD want from them—from me? No one is who they seem. And not everyone will survive the lies... Read the entire bestselling series! #1: *Obsidian* (from Katy's point of view) #2: *Onyx* (from Katy's point of view) #3: *Opal* (from Katy's point of view) #4: *Origin* #5: *Opposition Oblivion* (Books 1-3 from Daemon's point of view) CAN BE READ FIRST OR AFTER KATY'S POV! Prequel: *Shadows* (Dawson's story)

The Darkest Star W. W. Norton & Company

Early in his career, Hitler took inspiration from Mussolini—this fact is widely known. But an equally important role model for Hitler has been neglected: Atatürk, the founder of modern Turkey, who inspired Hitler to remake Germany along nationalist, secular, totalitarian, and ethnically exclusive lines. Stefan Ihrig tells this compelling story.

News from Germany Entangled: Teen

Who controls how one's identity is used by others? This legal question, centuries old, demands greater scrutiny in the Internet age. Jennifer Rothman uses the right of publicity—a little-known law, often wielded by celebrities—to answer that question, not just for the famous but for everyone. In challenging the conventional story of the right of publicity's emergence, development, and justifications, Rothman shows how it transformed people into intellectual property, leading to a bizarre world in which you can lose ownership of your own identity. This shift and the right's subsequent expansion undermine individual liberty and privacy, restrict free speech, and suppress artistic works. *The Right of Publicity* traces the right's origins back to the emergence of the right of privacy in the late 1800s. The central impetus for the adoption of privacy laws was to protect people from “wrongful publicity.” This privacy-based protection was not limited to anonymous private citizens but applied to famous actors, athletes, and politicians. Beginning in the 1950s, the right transformed into a fully transferable intellectual property right, generating a host of legal disputes, from control of dead celebrities like Prince, to the use of student athletes’ images by the NCAA, to lawsuits by users of Facebook and victims of revenge porn. The right of publicity has lost its way. Rothman proposes returning the right to its origins and in the process reclaiming privacy for a public world.

The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant

Technologies Harvard University Press

A pair of technology experts describe how humans will have to keep pace with machines in order to become prosperous in the future and identify strategies and policies for business and individuals to use to combine digital processing power with human ingenuity.

People of the Book Harvard University Press

This powerful and disturbing book clearly links persistent poverty among blacks in the United States to the unparalleled degree of deliberate segregation they experience in American cities. American Apartheid shows how the black ghetto was created by whites during the first half of the twentieth century in order to isolate growing urban black populations. It goes on to show that, despite the Fair Housing Act of 1968, segregation is perpetuated today through an interlocking set of individual actions, institutional practices, and governmental policies. In some urban areas the degree of black segregation is so intense and occurs in so many dimensions simultaneously that it amounts to “hypersegregation.” Douglas Massey and Nancy Denton demonstrate that this systematic segregation of African Americans leads inexorably to the creation of underclass communities during periods of economic downturn. Under conditions of extreme segregation, any

increase in the overall rate of black poverty yields a marked increase in the geographic concentration of indigence and the deterioration of social and economic conditions in black communities. As ghetto residents adapt to this increasingly harsh environment under a climate of racial isolation, they evolve attitudes, behaviors, and practices that further marginalize their neighborhoods and undermine their chances of success in mainstream American society. This book is a sober challenge to those who argue that race is of declining significance in the United States today.

Radio Corpse Entangled: Teen

Hunter is a ruthless killer. And the Department of Defense has him firmly in their grasp, which usually doesn't chafe too badly because he gets to kill bad guys. Most of the time he enjoys his job. That is, until he's saddled with something he's never had to do before: protect a human from his mortal enemy. Serena Cross didn't believe her best friend when she claimed to have seen the son of a powerful senator turn into something...unnatural. Who would? But then she witnesses her friend's murder at the hands of what can only be an alien, thrusting her into a world that will kill to protect their secret. Hunter stirs Serena's temper and her lust despite their differences. Soon he's doing the unthinkable breaking the rules he's lived by, going against the government to keep Serena safe. But are the aliens and the government the biggest threats to Serena's life...or is it Hunter?

The Death of Expertise Harvard University Press

Lux: Beginnings by Jennifer Armentrout: Now available together for the first time, don't miss *Obsidian* and *Onyx*, the first two books in Jennifer L. Armentrout's bestselling *Lux* series. Also includes bonus content exclusive to the print edition! "A thrilling ride from start to finish," says RT Book Reviews. *Obsidian* There's an alien next door. And with his looming height and eerie green eyes, he's hot...until he opens his mouth. He's infuriating. Arrogant. Stab-worthy. But when a stranger attacks me and Daemon literally freezes time with a wave of his hand, he marks me. Turns out he has a galaxy of enemies wanting to steal his abilities and the only way I'm getting out of this alive is by sticking close to him until my alien mojo fades. If I don't kill him first, that is. *Onyx* Daemon's determined to prove what he feels for me is more than a product of our bizarre connection. So I've sworn him off, even though he's running more hot than cold these days. But we've got bigger problems. I've seen someone who shouldn't be alive. And I have to tell Daemon, even though I know he's never going to stop searching until he gets the truth. What happened to his brother? Who betrayed him? And what does the DOD want from them—from me? Stone Cold Touch Hodder Paperbacks

The larger-than-life story of Bernarr Macfadden, a bodybuilder who turned his obsession with muscles, celebrity, and confession into a publishing empire that transformed global media. In *True Story*, Shanon Fitzpatrick tells the unlikely story of an orphan from the Ozarks who became one of history's most powerful media moguls. Born in 1868 in Mill Spring, Missouri, Bernarr Macfadden turned to bodybuilding to transform himself from a sickly “boy” into a creature of masculine perfection. He then channeled his passion into the magazine *Physical Culture*, capitalizing on the wider turn-of-the-century mania for fitness. Macfadden Publications soon became a pioneer in mass media, helping to inaugurate our sensational, confessional, and body-obsessed global marketplace. With publications like *True Story*, a magazine purportedly written and edited by its own readers, as well as scores of romance, crime, and fan magazines, Macfadden specialized in titles that targeted women, immigrants, and the working class. Although derided as pulp by critics of the time, Macfadden's publications were not merely profitable. They were also influential. They championed reader engagement and interactivity long before these were buzzwords in the media industry, breaking down barriers between producers and consumers of culture. At the same time, Macfadden Publications inspired key elements of modern media strategy by privileging rapid production of new content and equally rapid disintegration and reconfiguration of properties in the face of shifting market conditions. No less than the kings of Hollywood and Madison Avenue, Macfadden was a crucial player in shaping American consumer culture and selling it to the world at large. Though the Macfadden media empire is overlooked today, its legacies are everywhere, from true-crime journalism to celebrity gossip rags and fifteen-minute abs.

Dead Elvis Entangled: Teen

#1 New York Times, USA Today, and internationally bestselling author Jennifer L. Armentrout returns to the world of the *Lux* with *The Burning Shadow*, the steamy, shocking second installment

of the Origin series that will leave readers reeling. When Evelyn Dasher crossed paths with Luc, she was thrown headfirst into the world of the Lux—only to discover that she was already far more involved in their world than she ever suspected. Because the Luxen aren't the only ones with a hidden past. There's a gap in Evie's memory, lost months of her life and a lingering sense that something happened, something she can't remember and nobody is willing to tell her. She needs

to find out the truth about who she is—and who she was. But every answer she finds only brings up more questions. Her search for the truth brings her ever closer to Luc, the Origin at the center of it all. He's powerful, arrogant, inhumanly beautiful, extremely dangerous...and possibly in love with her. But even as Evie falls for him, she can't help but wonder if his attraction is to her, or to the

memory of a girl who no longer exists. And all the while, a new threat looms: reports of a flu-like, fatal virus that the government insists is being spread by Luxen. A horrifying illness that changes whoever it touches, spreading panic across a country already at its breaking point. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
