Over 400,000 people moved their families in search of a better life in the American West during the Westward Expansion. The pioneers made room for musical instruments with their guns, food, and tools, while taking only the minimal necessities that would fit into modest wagons. During what seemed like an interminable dusty journey, music was often the sole source of light and happiness for these exhausted travelers. This book examines the roles of music in the Westward Expansion and the diverse cultural landscape of the Old West, including northern Cheyenne courtship flute makers, fiddle-playing explorers,

dancing fur trappers, hymn-singing missionaries, frontier flutists, girls with guitars, wagon-driving balladeers, poetic cowboys, singing farmers, musical miners, and preaching songsters.

The Sabbath Recorder by Mocktime Publication

In offering this study of Negro music, I do so with the admission that there is no consistent development as found in national schools of music. The Negro, a musical force, through his own distinct racial characteristics has made an artistic contribution which is racial but not yet national. Rather has the influence of musical stylistic traits termed Negro, spread over many nations wherever the colonies of the New World have become homes of Negro people. These expressions in melody and rhythm have been a compelling force in American music — tragic and joyful in emotion, pathetic and ludicrous in melody, primitive and barbaric in rhythm. The welding of these expressions has brought about a

harmonic effect which is now influencing thoughtful musicians throughout the world. At present there is evidenced a new movement far from academic, which plays an important technical part in the music of this and other lands. The question as to whether there exists a pure Negro art in America is warmly debated. Many Negroes as well as Anglo-Americans admit that the so-called American Negro is no longer an African Negro. Apart from the fusion of blood he has for centuries been moved by the same stimuli which have affected all citizens of the United States. They argue rightly that he is a product of a vital American civilization with all its daring, its progress, its ruthlessness, and unlovely speed. As an integral part of the nation, the Negro is influenced by like social environment and governed by the same political institutions; thus page vi we may expect the ultimate result of his musical endeavors to be an art-music which embodies national characteristics exercised upon by his soul's expression. In the field of composition, the early sporadic efforts by people of African descent, while not without historic importance, have been succeeded by contributions from a rising group of talented composers of color who are beginning to find a listening public. The tendency of this music is toward the development of an American symphonic, operatic and ballet school led for the moment by a few lone Negro musicians of vision and high ideals. The story of those working toward this end is herein treated. Facts for this volume have been obtained from educated African scholars with whom the author sought acquaintanceship and from printed sources found in the Boston Public Library, the New York Public Library and the Music Division of the Library of Congress. The author has also had access to rare

collections and private libraries which include her own. Folk material has been gathered in personal travel.

The Routledge Companion to EcoPoetics offers comprehensive coverage of the vital and growing movement of ecoPoetics. This volume begins with a general introduction to the field, followed by six sections: Perspectives: broad overviews engaging fields such as biosemiosis, kinship praxis, and philosophical approaches; Experiments: formal innovations developed by poets in response to planetary crises; Earth and Water: explorations of poetic entanglement with planetary chemical and biological systems; Waste/Toxicity/Prearity: poetics addressing the effects of pollution and climate change; Environmental Justice and Activism: examinations of poetry as an engine of political and cultural change; Region and Place: an international array of traditional and contemporary geographically focused responses to ecosystems and environmental conditions; and Subjectivities/Affects/Sexualities: investigations of gender, ethnicity, and race as they intersect with ecological concerns. In the 21st century, Lutheran theology takes place on a global level. Just as the Lutheran communion has spread into all parts of the world, so also theology is now practised in a variety of linguistic and cultural contexts. For this reason, the United Evangelical Lutheran Church of Germany (VELKD), in cooperation with the German National Committee of the Lutheran World Federation, is starting a series of English translations of current VELKD publications. The first volume contains five texts by well-known German theologians on core topics of the Lutheran Church: Theology (Michael Roth), Worship (Christian Lehnert), Congregations (Martin Kumlehn), Ecumenism (Bernd Oberdorfer) and Church Law (Hendrik Munsonius). [Was bedeutet Lutherisch? Beiträge zu Theologie, Gottesdienst, Gemeinde, Ökumene und Kirchenrecht] Lutherische Theologie im 21. Jahrhundert ist global.

So, wie die lutherische Gemeinschaft auf der ganzen Welt vertreten ist, so wird heute auch Theologie in einer Vielzahl sprachlicher und kultureller Kontexte getrieben. Aus diesem Grund eröffnet die Vereinigte Evangelisch-Lutherische Kirche Deutschlands in Kooperation mit dem Deutschen Nationalkomitee des Lutherischen Weltbundes eine Reihe mit englischen Übersetzungen aktueller VELKD-Publikationen. Den Auftakt macht in diesem Band eine Zusammenstellung von fünf Texten bekannter deutscher Theologen zu Kernthemen der Kirche aus lutherischer Perspektive: Theologie (Michael Roth), Gottesdienst (Christian Lehnert), Gemeinde (Martin Kumlehn), Ökumene (Bernd Oberdorfer) und Kirchenrecht (Hendrik Munsonius).

Love's Old Sweet Song: A Sheaf of Latter-day Love-Poems Gathered from Many Sources DigiCat

BEARING in mind the assertion of Monsieur de Milcourt, that prefaces for the most part seem only made in order to "impose" upon the reader, a brief foreword will suffice to explain the scope of the following pages. As will be apparent at a glance, the selections are all from modern, and largely from living poets; the dominant chord is lyrical; and in the general unisance the minor prevails over the major key. No excuse seems called for in presenting a new anthology; for, given the same theme, each compiler must of necessity present a different score, subject to individual taste and preferences. "To apologize for a new anthology is but one degree less sensible than to prepare it," pertinently remarks the editor of *Ballades and Rondeaux*. Such were but another case of *qui s'excuse, s'accuse*. It may be observed, nevertheless, that the path of the compiler is far from being strewn with flowers. Indeed, it has been truly said that Æsop's old man and boy with the donkey had not a harder task than the maker of selections and collections of verses. Of recent years a number of excellent anthologies have been published on a similar theme. But these deal mainly with the rhythmic fancies of the elder bards, or in fewer instances, combine the older and

the younger schools. In the present instance the editor has been guided solely by his own taste or predilections, having had no recourse to other collections, beyond that of avoiding excerpts too oft repeated; the aim being so far as possible to include such examples of merit as are not generally familiar to the average lover of poetry. Whether these be by well-known authors, or by those who are little known, has not entered into consideration, the prime object being to present as intrinsically meritorious a collection, by both British and American modern lyrists, as is possible within the limits of the space at command. The writer is not aware of a similar compilation having been previously attempted, there being few who would care to brave the "omissions" that must naturally be thrust at one's door, more especially in the case of an abstract from the works of living writers. Yet while fault may be found, perchance, on the score of selection both by those who may be excluded, as well as by those who are included, the editor of an anthology should at least be thanked for placing many selections before the reader that in the ordinary course of things he would miss,—either through lack of time, or the inability to possess or consult the multitudinous volumes he would be called upon to peruse.
