Hotel Du Cap-Eden-Roc CRC Press

It's the winter of 1860 when Richard Allen, a young curate, travels to a small hamlet outside Hereford to take up his first position. It's in this quiet place of wind and trees, birds and water that Richard is to fall passionately in love - but he cannot find fulfilment, for his lover is Susannah Beddoes, the wife of the vicar of his new parish. As Richard's feelings challenge him to his core, he develops a strange relationship with another woman, the solitary and eccentric Edith Clare. Against the backdrop of immense social and industrial change, the consequences of Richard and Susannah's affair are dramatic as they - as well as Oliver Beddoes - grapple with doubt and what it means to lose faith when the great certainties are in question. And throughout it all, the crossing-keeper's daughter Alice Birley - an observer of incidents and events she does not fully understand - has her own part to play...

In the time between 1998 and the publication of this text, India held two national elections and began the second phase of economic reforms. This work examines these political, economic, social and cultural developments in India from 1998 to the end of 2000.

Assessing the Sustainability and Biological Integrity of Water Resources Using Fish Communities Springer-Verlag

Nestled in a spectacular botanical garden with stunning views on the Mediterranean, the idyllic Hotel du Cap-Eden-Roc has attracted scintillating international guests for 150 years. First created in the nineteenth century as a retreat for artists and writers, the Hotel du Cap-Eden-Roc at Cap d'Antibes continues to captivate an international clientele as an exclusive retreat today. The tropical paradise attracted writers such as Ernest Hemingway and F. Scott Fitzgerald, whose *Tender Is the Night* was set at Eden Roc. Artists--including Monet, Matisse, Chagall, Picasso, Damien Hirst, and Bernar Venet--have drawn inspiration from the enchanted setting. Master photographers such as Jacques Henri Lartigue and Slim Aarons famously captured guests splashing in the Mediterranean or lounging in the sun next to the iconic seawater swimming pool carved in the basalt cliff. The secluded resort, located between Nice and Cannes, has always been a favorite haven on the French Riviera for A-list celebrities--from Marlene Dietrich to Orson Welles, and from John Lennon and Yoko

Ono to Sharon Stone--during the Cannes film festival, and for secluded family holidays. The hotel's long and fascinating history is full of romance, humor, mystery, and legend. Built on one of the most alluring sites on the Riviera, the Hotel du Cap-Eden-Roc is the epitome of beauty, timeless elegance, and discretion, and has been a home away from home for generations of artists, photographers, authors, politicians, and Hollywood stars.

Reuniting Economy and Ecology in Sustainable Development Routledge

Providing an overview of existing scholarship on Beckett and performance, this title will place Beckett's drama for theatre, film, television and radio in the context of highly contemporary discourses of subjectivity, embodiment, performance and technology.

My War Gone By, I Miss It So National Geographic Books

This collection of short wordless picture books helps to support children with speech, language and communication needs as they develop their expressive sentence and narrative skills through storytelling. Each book is comprised of six colourful images that follow a simple everyday routine such as 'Brushing Teeth', 'Having a Haircut' and 'Walking the Dog'. Unlike traditional picture books, they follow a film scroll effect, showing the progression of time and allowing the child to follow the story to its resolution. Because of their simplicity, the books can support children as they move from simple to intermediate sentence levels, as well as encouraging them to consider additional elements of language such as cause and effect, sequencing and inference. This resource includes: Ten beautifully illustrated picture books, each following a simple pattern of routine, disruption and resolution An accompanying guidebook including story scripts, cue questions and prompts for using the resource to support additional skills Although developed specifically to help children with speech, language and communication needs, this set is suitable for any child who requires support and practice in developing their speech. It is an invaluable resource for speech and language therapists, teaching staff and caregivers.

This text provides an insight into the wear processes which take place during the cutting of rock with steel cutting tools. Rock cutting experiments in different rock types leading to a new approach to the estimation of rock cutting tool wear are described.

Muscarinic Receptor Subtypes in Smooth Muscle CRC Press

Reuniting Economy and Ecology in Sustainable Development is part of a series on the various aspects of sustainable development, where "community" focuses on the primacy and quality of relationships among people sharing a particular place and between people and their environment. "Development" means personal and social transformation to a higher level of consciousness and a greater responsibility to be one another's keepers, and "sustainability" is the act whereby one generation saves options by passing them to the next generation, which saves options by passing them onto the next and so on. The vision put forth in this book is one of melding ecology and economy into a unifying concept of social-environmental sustainability. The author suggests that dividing ecology and economy conceptually will destroy society as we know it. Our task as adults is to repair the environment for the children who must inherit it. The link between economics and ecology and the immense potential of that connection to influence the process of change within communities is the focus of this book. The authors theorize that in a healthy, future-oriented community there is a dominant role for sustainability. Each of these four concepts - economics, ecology, community and sustainability - are intimidating on their own. There has been volumes written on each topic separately but very little written on how they are

connected in relation to the environment. Reuniting Economy and Ecology makes those connections and provides a base for finding solutions to achieving sustainable communities.

The plays of Shakespeare are filled with ghosts - and ghost writing. Shakespeare's Ghost Writers is an examination of the authorship controversy surrounding Shakespeare: the claim made repeatedly that the plays were ghost written. Ghosts take the form of absences, erasures, even forgeries and signatures - metaphors extended to include Shakespeare himself and his haunting of us, and in particular theorists such as Derrida, Marx, Nietzsche, and Freud - the figure of Shakespeare constantly made and remade by contemporary culture. Marjorie Garber, one of the most eminent Shakespearean theorists writing today, asks what is at stake in the imputation that "Shakespeare" did not write the plays, and shows that the plays themselves both thematize and theorize that controversy. This Routledge Classics edition contains a new preface and new chapter by the author.

This book explores several subtypes of muscarinic receptors that modulate smooth muscle activity. Main topics include a classification of muscarinic receptors, biochemical responses that occur in smooth muscle, the role of muscarinic receptors in the function of gastrointestinal and genitourinary smooth muscle, and prejunctional muscarinic receptors in smooth muscle. Discussions cover the current state of research and are intended to generate further research into the design of novel therapeutics for disorders of smooth muscle function.

'Undoubtedly the most powerful and immediate book to emerge from the Balkan horror of ethnic civil war' Antony Beevor, Daily Telegraph In 1993, Anthony Loyd hitchhiked to the Balkans hoping to become a journalist. Leaving behind him the legends of a distinguished military family, he wanted to see 'a real war' for himself. In Bosnia he found one. The cruelty and chaos of the conflict both appalled and embraced him; the adrenalin lure of the action perhaps the loudest siren call of all. In the midst of the daily life-and-death struggle among Bosnia's Serbs, Croats and Muslims, Loyd was inspired by the extraordinary human fortitude he discovered. But returning home he found the void of peacetime too painful to bear, and so began a longstanding personal battle with drug abuse. This harrowing account shows humanity at its worst and best. It is a breathtaking feat of reportage; an uncompromising look at the terrifyingly seductive power of war. 'As good as reporting gets. I have nowhere read a more vivid account of frontline fear and survival. Forget the strategic overview. All war is local' Martin Bell, The Times
