Knopf Books for Young Readers
"Astonishing"—The New York Times Book Review A brilliantly funny, highly illustrated story about how a little ink splot changes a family forever. Perfect for those who love Hoot, Holes, or Frindle! The Rylance family is stuck. Dad's got writer's block. Ethan promised to illustrate a group project at school--even though he can't draw. Sarah's still pining for a puppy. And they all miss Mom. Enter Inkling. Inkling begins life in Mr. Rylance's sketchbook. But one night the ink of his drawings runs together--and then leaps off the page! This small burst of creativity is about to change everything. Ethan finds

him first. Inkling has absorbed a couple chapters of his math book--not good--and the story he's supposed to be illustrating for school--also not good. But Inkling's also started drawing the pictures to go with the story--which is amazing! It's just the help Ethan was looking for! Inkling helps the rest of the family too--for Sarah he's a puppy. And for Dad he's a spark of ideas for a new graphic novel. It's exactly what they all want. It's not until Inkling goes missing that this family has to face the larger questions of what they--and Inkling--truly need. • A New York Times Notable Book • A New York Public Library Best Book of the Year -- top ten selection • "A true-to-

life family, some can't-put-it-down excitement, a few deep questions, and more than a little bit of magic. This book is everything, and I loved every page."

Princeton Review

There's no denying the significance of literary devices when conveying a story. They may make the author's tale more comprehensible and engaging by emphasising key phrases, evoking certain emotions, and providing more context. One may improve story telling

skills by using these literary tools. We can identify, recognise, interpret, and/or evaluate any element of literature or any one piece as a literary device. Some literary devices include both aspects of literature and literary strategies. Literary tactics are the linguistic structures that an author utilises to express an idea. In most cases, a literary method is used by an author using the single word or phrase, or a small cluster of words or phrases, at a specific location in the text. Unlike components of literature, literary strategies need not be included in every piece of writing. All literary techniques have one thing in common: they make the reader think about the world in new

ways by pointing out or exploring connections between various elements. The use of comparison as a linking mechanism is widespread in literature. Metaphors and similes, the two most common forms of analogy, will be introduced throughout the book. Putting two items side by side is an example of a metaphor. Each literary device deserves its own dedicated discussion and set of illustrative texts. This is a book devoted to the most often used literary devices in both poetry and prose

WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unceasingly diminishing. LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable stride towards the proper preparation of Liberian students for future diets of the WAEC exam. As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System, I wish to recommend the use of this study guide to adequately prepare each and every

Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations (WASSCE). I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam.—David S. Massaquoi, Sr., director of Education, The Salvation Army-Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors. They know nothing about the exam and its structure and this fear lead to them failing massively. We need to build the confidence level of our students and help

them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam. Thanks to LIPACE and the “Turning the Tide” project, we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam.—Lartey Bemah, principal of Bopolu Public School (2012-2013), Gbarpolu County, Liberia

 This is the chapter slice "Theme" from the full lesson plan "Literary Devices"
 Following a basic understanding of

reading, Literary Devices explores the language of storytelling with a detailed look at characterization, setting, plot, theme, point of view, foreshadowing and flashback, symbolism, and irony. Definitions of important terms and many opportunities to practice the skills being taught make our resource user-friendly and easy to understand. In addition, the objectives used in this book are structured using Bloom's Taxonomy of

Learning to ensure educational appropriateness. You will be able to teach students how to use literary devices to examine the meaning and purpose of different types of literature. Through a mixture of narration and age appropriate learning activities, this book enables students to examine and understand the "building blocks" of all good stories. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy.
