Forthcoming Books American Society for Training and Development
Electronic Media: Then, Now, and Later

provides a synopsis of the beginnings of electronic media in broadcasting and the subsequent advancements into digital media. The Then, Now, and Later approach focuses on how past innovations laid the groundwork for changing trends in technology, providing the opportunity and demand for evolution in both broadcasting and digital media. An updated companion website provides links to additional resources, chapter summaries, study guides and practice quizzes, instructor materials, and more. This new edition features two new chapters: one on social media, and one on choosing your

entertainment and information experience. The then/now/later thematic structure of the book helps instructors draw parallels (and contracts) between media history and current events, which helps get students more engaged with the material. The book is known for its clear, concise, readable, and engaging writing style, which students and instructors alike appreciate. The companion website is updated and offers materials for instructors (an IM, PowerPoint slides, and test bank)

Every year, 65 million people give care to their frail, ailing, or disabled loved ones. Whether caregiving begins with a crisis or builds gradually, spouses, adult children, parents with sick children, even children themselves who care for parents and grandparents can find themselves struggling to navigate the often-confusing medical world while neglecting their own health and well-being. How can caregivers care for themselves when they are consumed with tending to someone else? This indispensable guide offers the information, support, and resources needed to achieve this difficult balance. In addition to advice on maintaining one's own health and relieving stress, topics include medical terms and procedures, tips for doctor visits, ways to avoid

mistakes in medicines, safety around the home, and the most common health problems. A list of resources and samples of important medical documents complete this essential manual.

LIKE FILM SCHOOL FOR TRAINERS! Film and edit effective training videos—using your smartphone. Whether you're a facilitator, instructional designer, or L&D department of one, you don't need a fancy DSLR camera or film crew to create successful training videos. All you really need is a learning strategy, a good production plan, and a smartphone camera. Informed by his 30-year career in training and media, including his time as learning executive with the BBC, author Jonathan Halls is committed to best

practices in video production that will actually help your learners to learn, and without a giant strain on your resources.

With straightforward and accessible language, in *Creating Training Videos* you'll get: The intersection of media and learning research: Uncover how your videos can effectively provoke learning.

Best practices for instructional video:

Create a smart outline for your instructional video, creatively use repetition, highlight schemas that are familiar to your audience, and more. Visual grammar: Learn rules of film that you can

put into effect immediately, like framing your shots and selecting the best shot sizes to more powerfully support learning.

Planning your pictures: Gain a practical framework for mapping out the elements of your video using storyboards, shot formulas, and narrative templates designed to meet various training needs.

Understand how picture, graphics, spoken word, and more come together to tell your story. Your videographer's toolkit: An

honest discussion of essential gear, helpful gear, and the serious tools you might consider for your toolkit. Filming with your smartphone: Learn how to best light,

stabilize, and frame your shots using the tool you already have in your pocket. Editing and workflow: Stitch shots together for a powerful final product that supports learning, no matter what software you decide to use (yes, even an app on your

phone!), and workflow considerations that satisfy all of your stakeholders. With 96 percent of organizations using video as a key modality for workplace learning and 62 percent of organizations posting video (for L&D and other purposes) to YouTube, the ability to produce video is a sought-

after skill in the L&D world. Creating Training Videos teaches you step-by-step how to plan, film, and edit smart instructional content—using only a smartphone and without compromising quality and success.
