The Oracle of the Radiant Sun is a unique divinatory system that harnesses the power of astrology to provide in-depth readings. Using a deck of 84 full-color cards, the system describes the meaning of the sun and the six fastest-moving planets on their journey through the twelve houses and the twelve astrological signs. Each card is evocatively illustrated, and falls into one of seven suits, depicting first the Sun, then the Sun plus the Moon, Mercury, Venus, Mars, Jupiter or Saturn in each of the twelve zodiac signs. Accompanied by an illustrated book that helps users understand each card's imagery, the deck allows for a wide range of depth of interpretation, accommodating both beginners and experienced readers.

*53 Cards for Divination & Gameplay* Llewellyn Worldwide

The poetic art of Lucia Mattioli sings in this unique and imaginative tarot. Each card is part of a bigger picture that is complete when paired with another card. An ever-present fairy light helps to break down psychological barriers, provide clarity, and allow truth to become known. Emotionally rich and intuitive, The Fairy Lights Tarot Deck will touch your heart and reveal your

soul.

*Second Edition* Lo Scarabeo

This kit combines Lupatelli's incredible deck with in-depth studies of The Fairy Tarot. The suits correspond to traditional Tarot, but reflect the fairy lifestyle (Acorns, Hearts, Leaves, and Bells). Some of the Major Arcana are renamed in honor of fairy history (for example, Justice becomes The Dryad and Temperance becomes The Sylph). According to myth, this deck was created by the Great Magician of the Fairies of the Enchanted Realm in order to help the undisciplined fairies learn appropriate behavior. The Great Magician wove magic into the cards; they could, when consulted properly, show seekers their problems and provide possible solutions. Kit includes 78 full-color cards and 160 page book.

**Panda Tarot** Fulgur Press

With beautiful illustrations by a renowned artist, this book and card boxed set, presented shrinkwrapped in a magnetic box, offers a totally unique Tarot experience. Representing our archetypal aspects as part human and part animal, this Tarot explores the fundamental types of people and life situations entrenched in the collective psyche of all people. The humanistic qualities of the Major Arcana may also symbolically represent our emotional and spiritual development from the newborn infant to adult, while the animalistic side could be said to mirror our inherent primordial strengths and weaknesses. The card artwork blends 15th Century Tudor and Elizabethan-inspired costume styles with a classical late Baroque, Victorian, and French theme with a touch of the Romany Gypsy. A beautifully packaged unique Tarot set, each card is gilded with gold and a rich deep burgundy

box interior makes this a great gift for any Tarot reader or fan. Features 80 cards and a guidebook.

The Fairy Tarot Lo Scarabeo

The universe of the Feys is seen here in powerful colours, expressing joy and happiness that grows card after card. With great attention given to the symbols and the divinatory structure, the fey move freely through cultures and mythology to bring life to an extraordinary world that enchants and fascinates.

The Ultimate Solution to Tarot Reversals Whether you're new to divination or an experienced professional, working with reversed Tarot cards is always a challenge. After all, the image is upside-down and everything appears, well, reversed. How can you possibly work with such inverted symbols? Zach Wong has come up with the ultimate solution. He presents different symbolism on the bottom part of the card, so it appears upright when the card is inverted. This is like having a 156-card deck while only using 78 cards. There is much more to this deck than just ease with reading reversals. All of the characters wear masks. This shows them to be similar to mythical deities who assume human form and stand among us to make their spiritual messages easier for us to understand. Similarly, they make the message of the cards easier to comprehend. These cards, with their stained glass imagery, match the traditional RWS interpretations. Wong,

however, has added his own twists that energize and add additional meaning to the RWS concepts. You can bring these additional insights into your divinations with any Tarot. This is a beautiful, unique, and powerful deck that matches and expands upon traditional Tarot ideas. The new realizations and revelations you'll get when you use this deck for divination or meditation validate the name and give another reason for you to use this deck regularly. Ideal for meditation, study, and divination, treat this deck as something special...because it is!

**A 44-card Deck and Guidebook** Llewellyn Worldwide

*Tarot of the Celtic Fairies* Llewellyn Worldwide

The Vampire Tarot ties the tales and mythic figures associated with the vampire legend to the equally iconographic figures and forms of the tarot. This book explores the history of the vampire starting with Bram Stoker's classic 1897 novel, *Dracula*, as well as those writings that inspired Stoker and the vampire lore that derived from it. Stoker and his most famous work were both closely tied to the classic Rider-Waite-Coleman tarot. Now, author-illustrator Robert M. Place brings these two mythic traditions together with this extensively researched book that guides the reader through the subtleties and parallels within The Vampire Tarot, providing a guide for getting the most out of

reading. Sure to delight not only tarot devotees but the general fan of the vampire mythos as well.

*Guide to the Fairy Ring* St. Martin's Griffin
