## DEANNA HADASSAH

---

*Parenting Apart* HarperCollins

This volume collects eight plays of acclaimed playwright Velina Hasu Houston -among them TEA, KOKORO, and CALLIGRAPHY. Fanciful, surprising, moving, the plays in this book resonate across boundaries of identity, ethnicity and class. With an introduction by director Peggy Shannon.

*Lord of the Flies* Temple Press (UK)

Literacy focus: way of reading books, role of pictures in books, looking at the page for information, listening to and answering questions, using pronouns. Social studies focus: shows the variety of rides found at an amusement park.

*Green Tea Girl in Orange Pekoe Country*

Lulu.com

Learn Cool Things About the Amazing Buckeye State! Do you know what Ohio's "official" state beverage and rock song are? Ever wonder why the Pro Football Hall of Fame is located just down the road from the Rubber Capital of the World? Proud Buckeye John Glenn was first American to orbit the Earth, but can you name Ohio's other space pioneers? And, what about Johnny Appleseed? Most people have heard about him but what company used his tasty Ohio apples to become one of the biggest makers of jams and jellies in the world? O is for Ohio answers all these questions and more! Beautiful pictures, fun rhymes and important history about the 17th state that will make anyone want to jump to their feet and scream "O - H - I - O!"

*The Science of Reading* Lonely Planet

If you could have an adventure in London, where would you go? Curious kids will find plenty to see, learn, and explore in this fun and illustrated pick-your-own-path travel guide! Would you hop on the Tube to visit Buckingham

Palace, find a tasty lunch on Brick Lane, or pass the time with Big Ben? Create your own itinerary, choose which places to visit at the end of every page, and follow along with an adventurous girl and her two moms as they explore London. • Visit iconic sites like Big Ben, the British Library, Westminster Abbey, and the Globe Theatre. • Sample British favorites such as fish and chips and Afternoon Tea. • Hop on and hop off a double decker bus, dart through the Tube, or float along the River Thames. • See the London skyline with visits to the London Eye, the Tower Bridge, and St. Paul's Cathedral. • Get to know the diversity of the city with visits to Chinatown and Brick Lane. Featuring playful illustrations, a diverse and lovable cast of characters, an invaluable resources section, and a fun foldout map, this book is an ingenious way for kids to take the lead while planning a vacation or learning about one of the largest cities in the world. Whether you're an armchair traveler or a real-life tourist, *Little Kid, Big City!* has everything you need to invent your own adventure! Next stop, *Little Kid, Big City!*: New York *Exploring Math & Science in Preschool* University of Chicago Press

Buckle up for the next installment in our 'Epic' series and the follow-up to *Epic Bike Rides of the World*. *Epic Drives of the World*, a beautiful hardback, showcases 50 of the greatest road trips on Earth, from classic routes in America, Australia and Europe, to incredible adventures in Asia and Africa. Organised by continent, each route features a first-hand account, awe-inspiring photographs, illustrated maps and practical advice on when to go, how to get there, where to stay and what to eat. From Hawaii's Hana Highway and Vietnam's Ho Chi Minh Road, to Utah's

National Park Circuit and Germany's Black Forest High Road, Epic Drives of the World will inspire any motorist to hit the open road. African and Middle East drives include: The self-drive Safari (Zambia) Crossing the Kalahari (Botswana) Passing over the Panorama Route (South Africa) Marrakesh to Taroudannt (Morocco) Cruising Clarence Drive (South Africa) The Americas drives include: The Highway to Hana in Hawaii (USA) The Salar de Uyuni (Bolivia) The Pacific Coast Highway (USA) Crossing the Carretera Austral (Chile) Canada's Icefields Parkway Asia drives include: On the trail of Ho Chi Minh (Vietnam) Crossing the Kathmandu Loop (Nepal) Hightailing from Thimphu to Gangtey (Bhutan) South Korea: From top to toe The road from Srinagar to Manali (India) Europe drives include: Black Forest High Road (Germany) The Wilds of Abruzzo (Italy) Croatia's Adriatic coast Norway's west coast The Magic Circle (Iceland) Oceania drives include: Southern Alps explorer (New Zealand) The Great Ocean Road (Australia) Northland & the Bay of Islands (New Zealand) Following the Captain Cook Highway (Australia) Alice Springs to Darwin (Australia) About Lonely Planet: Lonely Planet is a leading travel media company and the world's number one travel guidebook brand, providing both inspiring and trustworthy information for every kind of traveller since 1973. Over the past four decades, we've printed over 145 million guidebooks and phrasebooks for 120 languages, and grown a dedicated, passionate global community of travellers. You'll also find our content online, and in mobile apps, video, 14 languages, 12 international magazines, armchair and lifestyle books, ebooks, and more, enabling you to explore every day. Lonely Planet enables the curious to

experience the world fully and to truly get to the heart of the places they find themselves, near or far from home. TripAdvisor Travelers' Choice Awards 2012, 2013, 2014, 2015 and 2016 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia) Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

### **A Picture Book of Sam Houston**

Vintage

The objective of this book is to provide readers with a comprehensive account of the child OCOs personality. The book examines in detail significant personality dimensions from developmental, clinical and cross-cultural perspectives. The intricacies of personality are exposed by means of the Fairy Tale Test, an instrument that attempts to track the preconscious and unconscious processes that OCOs conspire beneath the behavioral and overt manifestations of personality. Children OCOs responses to the FTT questions are assessed both from a quantitative and a qualitative perspective. Twenty-nine personality variables are used to rate the broad range of personality characteristics. No other personality test assesses such a large number of personality parameters. The qualitative evaluation of responses includes the analysis of 14 defense mechanisms, the study of the nature of anxiety, family dynamics, and the examination of ego integration and ego strength. The unique quality of this book is the use of the FTT in the exploration of

the child's personality, using large samples of children derived from diverse cultures. Additional advantages of this book are the chapters which focus on the research into two significant personality traits: aggression and ambivalence and the chapter on the analysis of idiosyncratic responses; the latter offers valuable information in the classification of original responses into levels of psychopathology. While the FTI has taken significant steps towards becoming a valid and reliable instrument, studies of its psychometric properties are an ongoing process. The book also includes examples, case studies and appendices for further study and review."

*The Jonestown Massacre* Charles C Thomas Publisher

Familiar with every corner of Texas, author Sharry Buckner has amassed information about interesting places all over the state, especially the lesser known attractions and things to do. All of the places listed here include phone numbers, directions, and details enabling parents to anticipate time, and expense.

*Letters from Space* Parragon Publishing  
The Book That Launched an International Movement Fans of The Anxious Generation will adore *Last Child in the Woods*, Richard Louv's groundbreaking New York Times bestseller. "An absolute must-read for parents." —The Boston Globe "It rivals Rachel Carson's *Silent Spring*." —The Cincinnati Enquirer "I like to play indoors better 'cause that's where all the electrical outlets are," reports a fourth grader. But it's not only computers, television, and video games that are keeping kids inside. It's also their parents' fears of traffic, strangers, Lyme disease, and West Nile virus; their schools' emphasis on more and more

homework; their structured schedules; and their lack of access to natural areas. Local governments, neighborhood associations, and even organizations devoted to the outdoors are placing legal and regulatory constraints on many wild spaces, sometimes making natural play a crime. As children's connections to nature diminish and the social, psychological, and spiritual implications become apparent, new research shows that nature can offer powerful therapy for such maladies as depression, obesity, and attention deficit disorder.

Environment-based education dramatically improves standardized test scores and grade-point averages and develops skills in problem solving, critical thinking, and decision making. Anecdotal evidence strongly suggests that childhood experiences in nature stimulate creativity. In *Last Child in the Woods*, Louv talks with parents, children, teachers, scientists, religious leaders, child-development researchers, and environmentalists who recognize the threat and offer solutions. Louv shows us an alternative future, one in which parents help their kids experience the natural world more deeply—and find the joy of family connectedness in the process. Included in this edition: A Field Guide with 100 Practical Actions We Can Take Discussion Points for Book Groups, Classrooms, and Communities Additional Notes by the Author New and Updated Research from the U.S. and Abroad  
*Kids on the March* Longtale Publishing Incorporated

Love One Another! Joy's heart is full of love, butterflies and rainbows. She has big dreams to spread the power of friendship everywhere she goes. After an amazing adventure to a far away land where she meets a special friend, she realizes how important it is to encourage

people to love one another. Join Joy on her beautiful journey of diversity and hope for all of the children across the world.

### **Infant/toddler early learning**

#### **guidelines** National Geographic Society

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

*Reach for the Stars* Houghton Mifflin Harcourt

"Clear and inviting nonfiction prose, vetted by scientists--together with lively illustrations and a time line--narrate how life on Earth emerged "out of the blue." Learn how and why creatures began to emerge from the deep--from the Cambrian Explosion to crustaceans, mollusks to fishes, giant reptiles to the

rise of mammals--and how they compare to the animals we know today, in a lively and accessible outing into the prehistoric past that boils a complex subject down to its lyrical essence."--Publisher's description.

*Little Kid, Big City!:* London Faber & Faber

An assessment of the relationship between race and poverty in the United States, and potential solutions for the issue. Renowned American sociologist William Julius Wilson takes a look at the social transformation of inner-city ghettos, offering a sharp evaluation of the convergence of race and poverty. Rejecting both conservative and liberal interpretations of life in the inner city, Wilson offers essential information and several solutions to policymakers. *The Truly Disadvantaged* is a wide-ranging examination, looking at the relationship between race, employment, and education from the 1950s onwards, with surprising and provocative findings. This second edition also includes a new afterword from Wilson himself that brings the book up to date and offers fresh insight into its findings. Praise for *The Truly Disadvantaged* "The Truly Disadvantaged should spur critical thinking in many quarters about the causes and possible remedies for inner city poverty. As policymakers grapple with the problems of an enlarged underclass they—as well as community leaders and all concerned Americans of all races—would be advised to examine Mr. Wilson's incisive analysis." —Robert Greenstein, *New York Times Book Review* "The Truly Disadvantaged not only assembles a vast array of data gleaned from the works of specialists, it offers much new information and analysis. Wilson has asked the hard questions, he has done his homework,

and he has dared to speak unpopular truths.” —Los Angeles Times Book Review “Required reading for anyone, presidential candidate or private citizen, who really wants to address the growing plight of the black urban underclass.” —David J. Garrow, Washington Post Book World

Goodnight Houston Henry Holt and Company (BYR)

"A sensitive and empowering exploration of identity and expression that both educates and celebrates." —School Library Journal The Gender Identity Workbook for Kids offers fun, age-appropriate activities to help your child explore their identity and discover unique ways to navigate gender expression at home, in school, and with friends. Transgender and gender-nonconforming (TGNC) children need validation and support on their journey toward self-discovery. Unfortunately, due to stigma and misinformation, these kids can be especially vulnerable to bullying, discrimination, and even mental health issues such as anxiety or depression. The good news is that there are steps you can take to empower your child as they explore, understand, and affirm their gender identity. This important workbook will guide you both. In this guide, a licensed clinical social worker who specializes in gender-nonconforming youth offers real tools to help your child thrive in all aspects of life. You and your child will discover a more expansive way of understanding gender; gain insight into gender diverse thoughts, feelings, and experiences; and find engaging activities with fun titles such as, “Apple, Oranges, and Fruit Bowls” and “Pronoun Town” to help your child to explore their own unique identity in a way that is age-appropriate and validating. No child experiences gender

in a vacuum, and children don’t just transition—families do. Let this workbook guide you and your child on this important journey in their lives.

**Children's Museum News** Taylor Trade Publishing

When a marriage ends, the most important thing divorcing parents can do is to help their children through this difficult transition and remain united as parents even if they are no longer united as a couple. In *Parenting Apart* divorce coach Christina McGhee offers practical advice on how to help children adjust and thrive during and after separation and divorce. She looks at all the different issues parents may face with their children of different ages, offering immediate solutions to the most critical parenting problems divorce brings, including:

- When to tell your children about the divorce and what to say
- How to create a loving, secure home if your child doesn't live with you full time
- What to do if your child is angry or sad
- How to manage the legal system, including information on family law and issues of custody
- How to deal with a difficult ex

This is an invaluable resource that offers parents quick access to the information you most need at a time when you need it most.

Isaac's Storm Algonquin Books

Provides a brief overview of the life and accomplishments of Texas politician Sam Houston.

Nani's Wish Univ of California Press

Describes the life and accomplishments of one of the founding fathers of Texas, from his childhood and early years as a soldier to his position as the first president of Texas and later its governor.

*Play and Exploration in Children and Animals* Createspace Independent Publishing Platform

"Astronaut Clayton Anderson lived aboard the International Space Station-- and while he didn't mail letters home, imagine if he did! These letters are full of weird science, wild facts, and outrageous true stories from life in space.

Backmatter includes even more information on space, astronauts, and living among the stars"--

*In Too Deep* Taylor Trade Publishing

Most parents start out wanting to raise healthy eaters. Then the world intervenes. In *Kid Food*, nationally recognized writer and food advocate Bettina Elias Siegel explores one of the fundamental challenges of modern parenting: trying to raise healthy eaters in a society intent on pushing children in the opposite direction. Siegel dives deep into the many influences that make feeding children healthfully so difficult--from the prevailing belief that kids will only eat highly processed "kid food" to the near-constant barrage of "special treats." Written in the same engaging, relatable voice that has made Siegel's web site *The Lunch Tray* a trusted resource for almost a decade, *Kid Food* combines original reporting with the hard-won experiences of a mom to give parents a deeper understanding of the most common obstacles to feeding children well: - How the notion of "picky eating" undermines kids' diets from an early age--and how parents' anxieties about pickiness are stoked and exploited by industry marketing - Why school meals can still look like fast food, even after well-publicized federal reforms - Fact-twisting nutrition claims on grocery products, including how statements like "made with real fruit" can actually mean a product is less healthy - The aggressive marketing of junk food to even the youngest children, often

through sophisticated digital techniques meant to bypass parents' oversight - Children's menus that teach kids all the wrong lessons about what "their" food looks like - The troubling ways adults exploit kids' love of junk food--including to cover shortfalls in school budgets, control classroom behavior, and secure children's love With expert advice, time-tested advocacy tips, and a trove of useful resources, *Kid Food* gives parents both the knowledge and the tools to navigate their children's unhealthy food landscape--and change it for the better.

*The Truly Disadvantaged* Frontiers Media SA

"Everybody who has ever read a book will benefit from the way Keith Houston explores the most powerful object of our time. And everybody who has read it will agree that reports of the book's death have been greatly exaggerated."— Erik Spiekermann, typographer We may love books, but do we know what lies behind them? In *The Book*, Keith Houston reveals that the paper, ink, thread, glue, and board from which a book is made tell as rich a story as the words on its pages—of civilizations, empires, human ingenuity, and madness. In an invitingly tactile history of this 2,000-year-old medium, Houston follows the development of writing, printing, the art of illustrations, and binding to show how we have moved from cuneiform tablets and papyrus scrolls to the hardcovers and paperbacks of today. Sure to delight book lovers of all stripes with its lush, full-color illustrations, *The Book* gives us the momentous and surprising history behind humanity's most important—and universal—information technology. *Friday Night in the Coliseum* Quirk Books Nani's Wish ... *A True Pig Tale* is a true story. There is much to be learned about trust and faith.
