A bookstore can be a wonderful, welcoming place of both commerce and curiosity. That's the goal for Woody, an American recently transferred to England to run a branch of Texts. He wants a clean, orderly store and lots of sales to show his bosses when they arrive from the States for a pre-Christmas inspection. Not easy given the shop's location in a foggy strip mall. And things keep going wrong. No matter how often the shelves are put in order before the doors are locked at night, when the staff returns in the morning,

books are lying all over the floor, many damp and damaged beyond repair. The store's computers keep acting up-errors appear in brochures and ads and orders disappear completely. And even when the machines are turned off, they seem to glow with a spectral gray light. The hit-and-run death of an employee in the store's parking lot marks a turning point. One employee accuses another of making sexual advances and they come to blows. Between one sentence and the next, one loses his ability to read. The security monitors display half-seen things crawling between the stacks that vanish before anyone can find them. Desperate, Woody musters his staff for an overnight inventory. When the last customers reluctantly depart, leaving almost-visible trails of slime shining behind them, the doors are locked, sealing Woody and the others inside for a final orgy of shelving. The damp, grey, silent things that have been lurking in the basement and hiding in the fog may move slowly, but they are inexorable. This bookstore is no haven. It is the doorway to a hell unlike any other. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The National Book Award Finalist from acclaimed New York Times bestselling author Francine Prose—now the major motion picture Submission "Screamingly funny ... Blue Angel culminates in a sexual harassment hearing that rivals the Salem witch trials." —USA Today It's been years since Swenson, a professor in a New England creative writing program, has published a novel. It's been even longer since any of his students have shown promise. Enter Angela Argo, a pierced, tattooed student with a rare talent for writing. Angela is just the thing Swenson needs. And, better yet, she wants his help. But, as we all know, the road to hell is paved with good intentions. Deliciously risqué, Blue Angel is a withering take on today's academic mores and a scathing tale that vividly shows what can happen when academic politics collides with political correctness.

From Adam and Eve to pussy hats, people have punished, praised, pathologized, and politicized vulvas, vaginas, clitorises, and menstruation. In this graphic nonfiction book, drawn in chunky, punky pen, Swedish cartoonist Liv Strömquist traces how different cultures and traditions have shaped women's health and beyond. Her biting, informed commentary and ponytailed avatar guides the reader from the darkest chapters of history (a clitoridectomy performed on a five-year-old American child as late as 1948) to the lightest (vulvas used as architectural

details as a symbol of protection). Like humorists Julie Doucet (*Dirty Plotte*), Alison Bechdel (*Dykes to Watch Out For*), and Kate Beaton (*Hark! A Vagrant*), she uses the comics medium to reveal uncomfortable truths about how far we haven't come.
