Wee Sing Silly Songs Price Stern Sloan  
Wee Sing Silly Songs  
Price Stern Sloan

A collection of children's songs from around the world--sung first in the native language and then again in English--helps children of all ages feel a little closer to other cultures.

*The Lost Words* Price Stern Sloan  
The definitive guide to the meaning of today's most popular praise and worship songs. Few things influence Christians' understanding of the faith more than the

songs they sing in worship. The explosion of praise and worship music in the last fifteen years has profoundly affected our experience of God. So what are those songs telling us about who God is? In what ways have they made us more faithful disciples of Jesus Christ? In what ways have they failed to embody the full message of the gospel? Working with the lists of the most frequently sung praise and worship songs from recent years, the authors of this book offer an objective but supportive assessment of the meaning and contribution of the Christian music that has been so important in the lives of contemporary believers.

### Wee Sing Dinosaurs Zondervan

Children are inherently musical. They respond to music and learn through music. Music expresses children's identity and heritage, teaches them to belong to a culture, and develops their cognitive well-being and inner self worth. As professional instructors, childcare workers, or students looking forward to a career working with children, we should continuously search for ways to tap into children's natural reservoir of enthusiasm for singing, moving and experimenting with instruments. But how, you might ask? What music is appropriate for the children I'm working with? How can music help inspire a well-rounded child? How do I reach and teach children musically? Most importantly perhaps, how can I incorporate music

into a curriculum that marginalizes the arts? This book explores a holistic, artistic, and integrated approach to understanding the developmental connections between music and children. This book guides professionals to work through music, harnessing the processes that underlie music learning, and outlining developmentally appropriate methods to understand the role of music in children's lives through play, games, creativity, and movement. Additionally, the book explores ways of applying music-making to benefit the whole child, i.e., socially, emotionally, physically, cognitively, and linguistically.

### **Catalog of Copyright Entries** B&H Kids

Favorite stories from the Bible are told and sung in this package now tailored

for the most modern Wee Sing fans, with a 64-page, full-color book and a one-hour audio CD. Pkg.

Walker Books Limited

Includes Samples and photos of emerging church worship gatherings

·Recommended resources for the emerging church  
The seeker-sensitive movement revolutionized the way we did church and introduced countless baby boomers to Jesus. Yet trends show that today's post-Christian generations are not responding like the generations before them. As we enter a new cultural era, what do worship services look like that are connecting with the hearts of emerging generations? How do preaching, leadership, evangelism, spiritual formation, and, most of all, how we even think of "church" need to

change? The Emerging Church goes beyond just theory and gets into very practical ways of assisting you in your local church circumstances. There is no one right way, no model for us all to emulate. But there is something better. Dan Kimball calls it “Vintage Christianity”: a refreshing return to an unapologetically sacred, raw, historical, and Jesus-focused missional ministry. Vintage Christianity connects with emerging post-seeker generations who are very open spiritually but are not interested in church. For pastors, leaders, and every concerned Christian, Kimball offers a riveting and easy-to-grasp exploration of today’s changing culture and gives insight into the new kind of churches that are emerging in its midst. Included is running commentary

by Rick Warren, Brian McLaren, Howard Hendricks, and others.

**Wee Sing and Learn ABC** Price Stern Sloan

(Glory Sound Simply Sacred). The increasing treasury of modern hymns and sacred songs by Keith and Kristyn Getty and collaborator Stuart Townend are explored in this new resource designed for choirs of any level. Many of this writing team's biggest successes are included, all lovingly adapted by some of our most gifted arrangers. Music for the entire church year is contained in this collection. Transcending stylistic boundaries, the music and message are home in both contemporary-styled worship venues and traditional programs. Creative instrumental adornments offer additional options for

performance while sensitive arranging make this compilation accessible to choirs of any size. Available separately: SAB, Listening CD, Preview Pack (Book/CD Combo), 10-Pack Listening CDs, Instrumental CD-ROM (Score & parts for flute, penny whistle, oboe, acoustic guitar, electric bass, drum set, percussion, violin 1 & 2, viola, cello  
 \*Note, instrumentation varies on each song), StudioTrax CD (Accompaniment Only), SplitTrax CD.

WE SING FOR CHRISTMAS(Cassette Tape) Price Stern Sloan

Although music is known to be part of

the great social movements that have rocked the world, its specific contribution to political struggle has rarely been closely analyzed. Is it truly the 'lifeblood' of movements, as some have declared, or merely the entertainment between the speeches? Drawing on interviews, case studies and musical and lyrical analysis, Rosenthal and Flacks offer a brilliant analysis and a wide-ranging look at the use of music in movements, in the US and elsewhere, over the past hundred years. From their interviews, the voices of Pete Seeger, Ani DiFranco, Tom Morello, Holly Near, and many others enliven this highly readable book.
