Jazz Piano Fundamentals (Book 2) is master-teacher Jeremy Siskind's welcoming, clear, and detailed guide to intermediate jazz piano study. Jazz Piano Fundamentals (Book 2) guides intermediate jazz students through six months (or more) of jazz piano instruction by providing clear, thoughtful, and progressive lessons, improvisation exercises, rote exercises, written exercises, listening guides, transcription projects, and practice plans. Every unit includes frequently asked questions and exclusive video content to ensure that all subjects are presented clearly and with sufficient depth. Subjects include scale patterns, improvising with non-chord

tones, improvising in minor keys, motivic development, advanced comping styles, closed-position and drop two voicings, shout-chorus voicings, rhythm changes, playing intros and endings, shell voicings, ballad playing, walking basslines, upper structures, and much more. In the five guided transcription projects, students are coached through completing their own transcriptions of solos by Miles Davis, Hank Mobley, Illinois Jacquet, Horace Silver, and Bud Powell. Then, they are shown how to assimilate elements of these masters' styles into their own improvisations. This book is designed to be used in conjunction with The Real Book, Volume 6. Praise for Jazz Piano Fundamentals, Book 1 "I love this book - and plan on using it in at my own school. A must for any beginning jazz piano student!" - Martin Bejerano, jazz pianist/composer and professor, Frost School of Music, University of Miami "Jeremy Siskind's book creates a methodology and answers questions in a way that I have almost never seen done in a jazz educational tome. He breaks down the practice of improvisation to its smallest building blocks, and is careful to relate each lesson to real-life examples from the jazz canon....This book will be excellent for jazz beginners, players of other instruments who wish to bone up on their piano skills, and advanced improvisers may find ways to fill in gaps in their skill sets " - Mark Shilansky, pianist/composer, professor, Berklee College of

Music "Jeremy's book is a reflection on who he is as a pianist - a true artist who has done his homework. Behind the meticulous attention to detail is a respect for jazz tradition and a desire to help pianists explore their own creativity." - Aimee Nolte, jazz pianist/vocalist and YouTube Star "Jeremy's book is not only perfect to start this wonderful journey called Jazz Piano, but also one to come back to... Thank you!!" - Otmaro Ruiz, Grammy-nominated jazz pianist and professor, UCLA **Shining Brass, Book 1, Piano Accompaniment B flat.** Alfred Music Publishing "In this book, as with those that follow, the subjects dealt with are covered in a clear and complete manner. The musical exercises lie under the hands, and "music writing games" add to musical knowledge. A final checkup reviews the work and ground covered in each book ..."--Page 5. (Faber Piano Adventures). Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber s My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory "ACE" - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here
