You've Got Me All Wrong If we've got God all wrong, we've got everything else wrong, too. Is it possible that everything we think we know about God, and what God wants, is wrong? In direct and spiritually challenging language, Walsch exposes the many ways in which he believes that humanity completely misunderstands God. He describes in clear terms how the world could change overnight if humans accurately comprehended what God is, what God wants, who they are in relation to that, and to each other. Walsch calls this the Missing Data, which if ever embraced and acted on by our species, would create a spiritual revolution across the globe, bringing

humanity both inner and outer peace at last. Does anybody care why our species has been such a failure? Does anybody imagine it has not been? Does anybody want to know how this whole situation can be turned around in the virtual blink of an eye? If you do care about those questions, then you will read this book. Neale Donald Walsch is one of the most influential and widely read authors in the new spirituality movement, with eight books on the New York Times bestseller list. His life and work have helped to create and sustain a worldwide spiritual renaissance, and he travels globally to bring the uplifting message of his books to people everywhere.

Psalms Metropolitan Books

Jesus died with a psalm on his lips. For millennia, humans have been shaped by the Psalms. And before the Nazis banned him from publishing, German theologian Dietrich Bonhoeffer published this book on the Psalms. What comfort is found in the Psalter? What praise, and what challenge? What threat? In the pages of *Psalms: The Prayer Book of the Bible*, discover the richness this book of Scripture held for Bonhoeffer, and learn to pray psalms along with Christ. First published in 1940, this classic reveals how the Psalms are essential to the life of the believer and offers

Bonhoeffer's reflections on psalms of thanksgiving, suffering, guilt, praise, and lament. Now with an introduction by Walter Brueggemann and excerpts from the Psalms, Bonhoeffer's timeless work offers contemporary readers ancient wisdom and resources for the living of these days. Includes a biographical sketch of Bonhoeffer written by his friend and biographer Eberhard Bethge.

A sweeping historical saga of Australia and a love story of one determined young woman who must choose between the two devoted men she loves. Eighteen-year-old Hannah Conroy has always dreamed of following in her father's footsteps as a healer. But in 19th-century England, the medical profession is closed to women. She sees midwifery as a back door into that world, but her fledgling career is crushed by personal tragedy. Seeking to escape a possible murder conviction in England, Hannah's world is turned upside down as she boards a boat bound for Melbourne. Young and naïve, with some laboratory notes and a handful of medical instruments, she hopes Australia is a place of a new beginning and a fresh start, a place where she can begin a midwife practice. Arriving during a period of enormous change in Australia, Hannah faces a myriad of challenges.

Not only must she fight for acceptance as a medical professional, but she also falls in love with and must decide between two men: an American photographer seeking a new life in Australia, and a rowdy outlaw fleeing arrest. Wiener Schintzel, apple strudel, the Prater, Schoebrunn, and the beautiful Blue Danube?The Viennese are proud of the fact that in Austria's capital, even the sights are really worth seeing. Beyond the well-trodden paths, however, a completely unknown, kinky, even morbid Vienna can be found -- with less icing and dreams of waltzes and more living and dying (after all, the saying goes that Vienna is the most beautiful city to die in). The city lives up to its reputation from unaccustomed perspectives as well: a slaughterhouse in which hippie idol Leonard Cohen was once a squatter; a museum with murderers; an 18th-century looney bin shaped like a UFO; a store for erotic underwear in an Archbishop's palace, Trotsky's garden; the corner on which Third Man Harry Lime supposedly died in an accident; narrow 16th-century alleyways and, of course, all the Kafka, coffeehouse culture, and Klimt you can eat; famous assassinations and grim reminders of the Nazi past. This guide will introduce you to a Vienna which is still alive although it's bursting with history -- the pulsating city which many consider the most beautiful city in Europe. --[original inside book jacket].

The author of Magic and Masculinity explores the history and development of magic and witchcraft in Western society. Broomsticks, cauldrons, familiars, and spells—magic and witchcraft conjure a vivid picture in our modern-day imagination. While much of our understanding is rooted in superstition and myth, the history of magic and witchcraft offers a window into the past. It illuminates the lives of ordinary people in the past and elucidates the fascinating pop culture of the

premodern world. Blowing away folkloric cobwebs, this enlightening new history dispels many misconceptions surrounding witchcraft and magic that we still hold today. From Ancient Greece and Rome to the Middle Ages and the Early Modern Era, historian Frances Timbers details the impact of Christianity and popular culture in the construction of the figure of the “witch.” The development of demonology and ceremonial magic is combined with the West’s troubled past with magic and witchcraft to chart the birth of modern Wiccan and Neopagan movements in England and North America. Witchcraft is a metaphor for oppression in an age in which persecution is an everyday occurrence somewhere in the world. Fanaticism, intolerance, prejudice, authoritarianism, and religious and political ideologies are never attractive. Beware the witch hunter!

Rene Girard holds up the gospels as mirrors that reveal our broken humanity, and shows that they also reflect a new reality that can make us whole. Like Simone Weil, Girard looks at the Bible as a map of human behavior, and sees Jesus Christ as the turning point leading to new life. The title echoes Jesus' words: "I saw Satan falling like lightning from heaven". Girard persuades us that even as our world grows increasingly violent the power of the Christ-event is so great that the evils of scapegoating and sacrifice are being defeated even now. A new community, God's nonviolent kingdom, is being realized -- even now.
