When a friendship pact goes magically awry, eleven-year-old Hattie must figure out how to make amends. After Hattie and her three best friends watch one of their classmates publicly defriended in the school cafeteria, they make a loyalty pact promising never to mistreat each other. But after Hattie unwittingly breaks the pact, her friends begin ignoring her. In fact, they literally don't even know who she is anymore! Can Hattie figure out how to break the spell and make things right again? Acclaimed author Adrienne Vrettos brings poignancy and gentle humor to this magical story of friendship and loyalty.

Lost in the Pacific, 1942: Not a Drop to Drink (Lost #1) Bloomsbury Publishing

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews Chris

Lynch concludes his gritty, thoughtful, and critically acclaimed WWII fiction series -- providing entirely new insight into "The Good War." The US Marines Corps is home to some of the roughest, toughest combatants in World War II. Their courage and daring are legendary. And the best of the best -- the boldest among them -- are joining the Corps' elite new paratrooper combat unit. As Paramarines, they'll be expected to do everything a typical Marine does... and do it while skydiving. Nick Nardini knows that he's destined to become a Paramarine. He also knows that he has to convince his best friend, Zachary Klecko, to sign up too. Nardini and Klecko used to be inseparable, ever since they met in kindergarten, but recently they've been drifting apart. Fighting in the same battalion -- and jumping out of the same planes -- seems to Nardini like a surefire way to restore their bond and come out of the war stronger than ever. The Axis powers, however, may have other ideas... 1942 OUP Oxford
In this true story written

for young readers, a teen is the only survivor of a plane crash and must stay alive in the South American jungle until rescue. Peru, Christmas Eve, 1970. It was supposed to be a routine flight, carrying eighty-six passengers across the Andes Mountains and home for the holiday. But high above the Amazon rainforest, a roiling storm engulfs the plane. Lightning strikes. A deafening whoosh sweeps through the cabin. And suddenly, seventeen-year-old Juliane Koeppcke is alone. The plane has vanished. She is strapped to her seat and plunging 3,500 feet to the forest floor. On Christmas Day, she wakes. She is injured, covered in mud, but strangely—miraculously—alive. And now, in a remote corner of the largest rainforest on Earth, the real battle for survival begins.
Lost at Sea Holiday House
"Deeply researched and well written....By far the most detailed account of USS Enterprise's dive-bombers and their decisive role at the Battle of Midway."* Sunday, December 7, 1941, dawned clear and bright

over the Pacific.... But for the Dauntless dive-bomber crews of the USS Enterprise returning to their home base on Oahu, it was a morning from hell. Flying directly into the Japanese ambush at Pearl Harbor, they lost a third of their squadron and witnessed the heart of America's Navy broken and smoldering on the oil-slicked waters below. The next six months, from Pearl Harbor to the Battle of Midway—a dark time during which the Japanese scored victory after victory—this small band of aviators saw almost constant deployment, intense carrier combat, and fearsome casualties. Many were killed by enemy Zero fighters, antiaircraft fire, or deadly crash landings in the Pacific, while others were captured and spent years in POW camps. Yet the Enterprise's Dauntless crews would be the first to strike an offensive blow against Japanese installations in the Marshall Islands, would be the first to sink a Japanese warship, and would shepherd the Doolittle Raiders' bombing of Tokyo. Not until Midway, though, would Dauntless crews get the chance to settle the score...and change the course of

World War II. Drawing on dozens of new interviews and oral histories, author Stephen L. Moore brings to life inspiring stories of individual sacrifice and bravery—and the sweeping saga of one of America's greatest triumphs. INCLUDES PHOTOS

Why Japan Lost World War II
Naval Institute Press

Fahey was a 24-year-old garbage-truck driver when he enlisted in the Navy on Oct. 3, 1942, and became a seaman first class on the USS Montpelier. During almost three years of battle in the Pacific Ocean, he defied Navy rules against keeping a diary by writing copious notes on loose sheets of paper that appeared to anyone watching to be ordinary let

The Encyclopaedia Britannica
Scholastic Inc.

The author of the acclaimed Vietnam series sets his sights on World War II. Critically acclaimed author Chris Lynch provides an action-oriented but thoughtful view of the US Navy's war in the Pacific. Hank and

Theo are brothers who share everything, including a sense of duty a love of baseball. They have been inseparable for their entire lives. But when America is drawn into World War II, the young brothers find themselves fighting the same war on opposite sides of the globe. As an airedale in the Navy, Hank now lives aboard an aircraft carrier, the USS Yorktown. His job is to assist the pilots who soar off each day to engage Japanese forces in the Pacific Ocean. It is a crucial and terrifying duty in the wake of the attack on Pearl Harbor. As the days at sea become weeks and months, Hank adapts to life apart from his family. He even adapts to the fear of torpedoes. But in an era of prejudice and segregation, it's Hank's choice of friends that might prove most dangerous of all.

A BEST BOOK OF 2021 FOR THE GUARDIAN * FINANCIAL TIMES * TIMES LITERARY SUPPLEMENT * MINNEAPOLIS STAR TRIBUNE * THE TIMES
Hailed as a remarkable literary discovery, a lost novel of heart-stopping

intensity and harrowing absurdity about flight and persecution in 1930s Germany Berlin, November 1938. Jewish shops have been ransacked and looted, synagogues destroyed. As storm troopers pound on his door, Otto Silbermann, a respected businessman who fought for Germany in the Great War, is forced to sneak out the back of his own home. Turned away from establishments he had long patronized, and fearful of being exposed as a Jew despite his Aryan looks, he boards a train. And then another. And another . . . until his flight becomes a frantic odyssey across Germany, as he searches first for information, then for help, and finally for escape. His travels bring him face-to-face with waiters and conductors, officials and fellow outcasts, seductive women and vicious thieves, a few of whom disapprove of the regime while the rest embrace it wholeheartedly. Clinging to his existence as it was just days before, Silbermann refuses to believe what is happening even as he is beset by opportunists, betrayed by associates, and bereft of family, friends, and fortune. As his world collapses around him, he

is forced to concede that his nightmare is all too real. Twenty-three-year-old Ulrich Boschwitz wrote *The Passenger* at breakneck speed in 1938, fresh in the wake of the Kristallnacht pogroms, and his prose flies at the same pace. Taut, immediate, infused with acerbic Kafkaesque humor, *The Passenger* is an indelible portrait of a man and a society careening out of control. [Tower of Skulls: A History of the Asia-Pacific War: July 1937-May 1942](#) Scholastic Inc. "A sweeping epic.... Promises to do for the war in the Pacific what Rick Atkinson did for Europe." —James M. Scott, author of *Rampage* In 1937, the swath of the globe east from India to the Pacific Ocean encompassed half the world's population. Japan's onslaught into China that year unleashed a tidal wave of events that fundamentally transformed this region and killed about twenty-five million people. This extraordinary World War II narrative vividly portrays the battles across this entire region and links those struggles on many levels with their profound twenty-first-century legacies. In this first volume of a trilogy,

award-winning historian Richard B. Frank draws on rich archival research and recently discovered documentary evidence to tell an epic story that gave birth to the world we live in now.

Harry Potter and the Cursed Child: The Journey Scholastic Inc.

The forgotten story of American war hero Eddie Rickenbacker's crash landing in the Pacific during World War II, and his incredible twenty-three-day crusade to keep his crew alive In the darkest days of World War II, an unlikely civilian was sent to deliver a letter from Washington to General MacArthur in New Guinea. Eddie Rickenbacker was a genuine icon, a pioneer of aviation, the greatest fighter pilot of the First World War, recipient of the Medal of Honor, who'd retired to become a renowned race car driver. Now in his fifties, one of the most admired men in America, Rickenbacker was again serving his nation, riding high above the Pacific as a passenger aboard a B-17. But soon the plane was forced to crash-land on the ocean surface, leaving its eight occupants adrift in tiny rubber life rafts, hundreds of miles from the nearest

speck of land. Lacking fresh water and with precious little food, the men faced days of unrelenting sun, followed by nights shivering in the cold, fighting pangs of hunger, exhaustion, and thirst, all the while circled by sharks. Each prayed to see a friendly vessel on the horizon, and dreaded the arrival of a Japanese warship. Meanwhile, as the US Navy scoured the South Pacific, American radio and newspapers back home parsed every detail of Rickenbacker's disappearance, and an adoring public awaited news of his fate. Using survivors' accounts and contemporary records, award-winning author John Wukovits brings to life a gripping story of survival, leadership, and faith in a time of crisis.

The Liberators (World War II, Book 4) National Geographic Books

A detailed account of the Americans' first ground offensive against the Japanese in World War II, which occurred in August 1942 on the island of Guadalcanal.

The Turncoat's Gambit Penguin

Premiere

Man's best friend goes to war. Two enemy soldiers. One uneasy alliance. Miguel is a medic in the US Army. Stationed in a remote Belgian forest during World War II, he's expecting a quiet tour of duty. But the Nazis have other ideas. They launch a surprise attack . . . one that separates Miguel from his entire division. Alone and lost in enemy territory, Miguel discovers an abandoned dog, left behind by German forces. The dog could be just the ally Miguel needs to get out of the forest alive. There's a catch, though. The dog has been trained by the Nazis to see Miguel as the enemy. Can a young soldier teach an old dog new tricks? DOG TAGS is a series of stand-alone books, each exploring the bond between soldier and dog in times of war.

Lost Childhood

Metropolitan Books

A fascinating chronicle of how the character of American society revealed itself under the duress of World War II The Second World War exists in the American historical imagination as a time of unity and optimism. In 1942, however, after a series of defeats in the Pacific and the struggle to establish a beachhead on the European front, America seemed to be on the brink of defeat and was beginning to splinter from within. Exploring this precarious moment, Tracy Campbell paints a portrait of the deep social, economic, and political fault lines that pitted factions of citizens against each other in the post-Pearl Harbor era, even as the nation mobilized, government-aided industrial infrastructure blossomed, and parents sent their sons off to war. This captivating look at how American society responded to the greatest stress experienced since the Civil War reveals the various ways, both good and bad, that the trauma of 1942 forced Americans to redefine their relationship with

democracy in ways that continue to affect us today.

The Finest Hours Naval Institute Press

Winner of the Northern California Book Award for Nonfiction "Both a serious work of history...and a marvelously readable dramatic narrative." —San Francisco Chronicle On the first Sunday in December 1941, an armada of Japanese warplanes appeared suddenly over Pearl Harbor, Hawaii, and devastated the U.S. Pacific Fleet. Six months later, in a sea fight north of the tiny atoll of Midway, four Japanese aircraft carriers were sent into the abyss, a blow that destroyed the offensive power of their fleet.

Pacific Crucible—through a dramatic narrative relying predominantly on primary sources and eyewitness accounts of heroism and sacrifice from both navies—tells the epic tale of these first searing months of the Pacific war, when the U.S. Navy shook off the worst defeat in American military history to seize the strategic initiative.

Pacific Crucible: War at Sea in the Pacific, 1941-1942 (Vol. 1) (The Pacific War Trilogy) Simon and Schuster

The 1952 Coast Guard mission to save the crews of two oil tankers that were torn in half by the force of one of New England's worst nor'easters.

Best Friends for Never Scholastic Inc.

Following the disastrous Java Sea campaign, the Allies went on the offensive in the Pacific in a desperate attempt to halt the Japanese forces that were rampaging across the region. With the conquest of Australia a very real possibility, the stakes were high. Their target: the Japanese-held Solomon Islands, in particular the southern island of Guadalcanal. Hamstrung by arcane pre-war thinking and a bureaucratic mind-set, the US Navy had to adapt on the fly in order to compete with the mighty Imperial Japanese Navy, whose ingenuity and creativity thus far had fostered the creation of its Pacific empire. Starting with the amphibious assault on Savo Island, the campaign turned into an attritional struggle where the evenly matched foes sought to grind out a victory.

Following on from his hugely successful book *Rising Sun, Falling Skies*, Jeffrey R. Cox tells the

gripping story of the first Allied offensive of the Pacific War, as they sought to prevent Japan from cutting off Australia and regaining dominance in the Pacific.

Lost in the Antarctic: The Doomed Voyage of the Endurance (Lost #4) BDD Promotional Books Company

General Kenney Reports is a classic account of a combat commander in action. General George Churchill Kenney arrived in the South-west Pacific theater in August 1942 to find that his command, if not in a shambles, was in dire straits. The theater commander, General Douglas MacArthur, had no confidence in his air element. Kenney quickly changed this situation. He organized and energized the Fifth Air Force, bringing in operational commanders like Whitehead and Wurtsmith who knew how to run combat air forces. He fixed the logistical swamp, making supply and maintenance supportive of air operations, and encouraging mavericks such as Pappy Gunn to make new and innovative weapons and to explore new tactics in airpower application. The result was a disaster for the

Japanese. Kenney's airmen used air power- particularly heavily armed B-25 Mitchell bombers used as commerce destroyers-to savage Japanese supply lines, destroying numerous ships and effectively isolating Japanese

garrisons. The classic example of Kenney in action was the Battle of the Bismarck Sea, which marked the attainment of complete Allied air dominance and supremacy over Japanese naval forces operating around New Guinea. In short, Kenney was a

brilliant, innovative airman, who drew on his own extensive flying experiences to inform his decision-making. General Kenney Reports is a book that has withstood the test of time, and which should be on the shelf of every airman.
