Encyclopedia of U. S Gold Coins 1795-1933 Whitman Publishing

Recent News Story: The long term appreciation for high quality rare coins have achieved returns exceeding those of the major equity indices. Looking back over the past 40 years, rare coins have had a compounded (IRR) rate of return greater than 11%, while the DJIA and S&P500 indices have grown at rates less than 7%. These are important facts. Even if you just want to learn the basics of coin collecting, knowing how valuable coins are is important In this book we will examine coin collecting from the beginner's view to the investors view. Coins are becoming more and more valuable and thousands are being sold online. Unfortunately many of these coins are fake. I will show you how to protect yourself from fraud and how to determine a coin's value. You will learn: How to start collecting What tools you will need How to spot error coins How to grade coins How to handle coins Which coins are fake How to buy coins How to safely find coins in rolls Which coins are rare and why This book is packed and as an added bonus you can contact me directly with any questions you may have. Tags: The book is ideal for anyone wanting to learn how to collect coins, Lincoln Cents, Morgan Dollars, Silver Coins, Gold Coins, Rare Coins, Error Coins, Indian Head Pennies, Sell coins, Buy coins, fake coins, coin roll hunting.

A Guide Book of United States Coins, 2nd Edition Penguin Illustrated with detailed pictures, this updated edition encompasses all aspects of numismatics, providing information on building, maintaining, and displaying a coin collection and quoting prices on the current market.

The Insider's Guide to U.S. Coin Values, 21st Edition House of Collectibles

"Mega red is the new expanded version of the hobby's best-selling guide book of United States coins (the red book), with more pricing in more grades than the regular edition, plus certified population data, more die varieties, and more auction records. It covers American coinage from colonial times to the modern day--copper tokens and half cents through \$20 gold double eagles, plus bullion, commemoratives, Proof and Mint sets, significant patterns and medals, error coins, and other collectibles. It has everything you need to know about U.S. coins."--Provided by publisher.

The Coin Collector's Survival Manual Frederick Fell Publishers Always wanted to get into the world of Coin Collecting? In this book we will look into coin collecting from the beginners point of view. Coin collecting has always been one of the more popular hobbies that people can start and enjoy for no upfront costs at all,

and you will be surprised at what you can find and achieve once you start. Coins are becoming more and more valuable and thousands of them are being sold online. Unfortunately many of these coins are not as genuine as some people make out. I will show you how to protect yourself from fraud and how to determine a coin's value, ensuring your collection is of the highest quality. Inside this book you will learn: How to start collecting What accessories you will need How to spot fake coins How to grade coins How to buy coins When is the best time to sell your coins How to take care of your collection Which coins are rare and why Much more! So what are you waiting for, jump right in to learn all about coin collecting and get started on your personal coin collecting journey right away!

Wedding Anniversary Gifts for Coin Collectors House of Collectibles

With hundreds of updated coin photos and thousands of current prices, this book has been a perennial favorite since 1943. Originally released as Fell's United States Coin Book, this edition, specially revised for "Fell's Official Know-It-All" series is required reading for both serious and beginning coin collectors. *Coin Collecting For Dummies* Random House Value Publishing The Best of Today You want to assemble a great coin collection, but your budget is limited. You're never going to be able to spend \$10,000 or more for a gold coin from the 1800s. But that's okay. Today's modern U.S. coins offer collectors an opportunity to amass a collection of beautiful coins at an affordable price. Coins that were once considered a novelty of sorts, or just bullions for metals investors, have earned their place in numismatics. Today they represent a significant portion of all coins sold and are taken seriously by the market at large. Top 50 Most Popular Modern Coins shows you the "best of the best" in terms of popularity, scarcity and affordability. Using the 50 coins listed in this reference as a beginning, you can find your direction of choice in modern coins collecting by date, mintmark, or by composition. You may also choose the challenge of just collecting the 50 issues the authors have selected as the "best of the best." This book may well prove to be your most valuable tool in identifying and learning about the modern coins that are a must for all contemporary coin collectors.

Zyrus Press

If you could find gold, silver, jewelry, and rare coins from the comfort of your home, would you? And you thought there is no such thing as free money - think again! No more running around to yard sales or flea markets. A 50 year gold and coin expert will teach you his proven techniques. With this simple system valuable items come to you - no more chasing after them. This brand new book includes special information, revealed for the first time: Find out about a coin in pocket change that is worth twice its face value - you instantly double your money, and a coin that

is easily obtained that has silver inside of it and the bank tellers don't even know about this. It shows you which is the better investment (gold or silver) and why - His advice can make you lots of money.You've seen the ads on TV for buying gold and silver - forget about it: Find out how to buy from trusted dealers at a fraction of these TV ad costs.In this book you will also learn: How to get your hands on gold and silver and rare coins using successful methods and then turning around and selling for a 100% profit To identify gold and silver by markings and by testing, using simple inexpensive techniques How to buy gold and silver and coins at the best price How to find the honest and best dealers Buying and selling on eBay and how to get the greatest deal To spot fake gold and silver and coins, so you never get cheated The best investment strategy with respect to precious metals How to decide whether to buy gold coins or buy silver coins, and when the best time is How to buy gold and silver bars and rounds and from whom About precious metal ETFs and Precious Metal Mutual Funds and how these investments compare to owning physical gold and silver How to determine the rate of return from precious metal investments in any form and from rare coins? As we take this journey together , we will explore all the forms gold, silver and platinum take - from coins to bars to rounds to numerous paper forms: ETFs, Mutual funds, ETNs, Futures, Options, Savings Accounts and so much more. We will travel back and look at the return these investment types have generated over the years. Learn about the safest way to buy gold and silver and coins, how to test your products for authenticity, and how to find gold, silver and coins without running around to yard sales, flea markets and estate sales! We will examine rare coins and explain how they relate to the topics mentioned. This book will end with an introduction to coin collecting: learn how to get started and why it is so important to know about coins and how they relate to precious metal investing.

Warman's Coins & Paper MoneyPenguin

Lost and Found Coin Hoards and Treasures, 2nd Edition Penguin 2nd Edition. This comprehensive 288-page full-color book details how to begin the ideal numismatic pursuit: a collection of United States coins by type. Major updates to the 2nd edition are: new market values, new certified-coin population data, updated "Market Price Performance" charts, new coins, new section on "Great Collectors and Collections of the Past", new historical illustrations, updated auction records and a bullion-value chart. Whether you decide to collect from the beginning of United States coins in the late 1700s, or if you choose coins from the 1800s and 1900s, this book will provide you the reference tools you need: mintages, grades, collecting tips, prices, and more, all in one essential historical reference and price guide. Author: Q. David Bowers

Coin Collector's Price Guide For Dummies

The Coin Collectors' Handbook is by a collector from the perspective of a collector. It is what collectors have read or asked about their collections. The book does not tell you how to collect or what to collect. It is a handbook. Although you can read the chapters in order, each chapter is an individual essay. When you want to learn more about that topic, pick up the book, and read it as needed. Regardless of what you collect, always collect what you like and like what you collect!

Coin Collector's Handbook John Wiley & Sons

There's a special comfort in collecting, in surrounding yourself with familiar objects and building a store of assets. The allure of money is especially strong. Coins represent real value. The warmth of silver and the weight of gold are irresistible to some. Coins travel throughout the world and through time itself, representing and absorbing history as they pass from one person to the next. Oh the stories coins could tell if they only had voices. Coin-collecting is a relaxing and inexpensive (although it can be very expensive!) hobby. If you buy properly, coins can be an excellent place to park your money for a rainy day, and if you buy the right coins and the market improves, you may even be able to make a profit on your collection. In fact, numismatics (the fancy term for coin collecting) offers more riches than you may realize. This rewarding hobby also opens the door to some serious life skills, such as History Geography Observational skills Organizational skills Analytical tools. This book is designed to appeal to collectors at every level, from beginner to advanced. This is not a hardcore coin book; rather, Coin Collecting For Dummies is a great general reference that points you in different directions for further investigation. Perhaps the most important goal of this book is to get you excited - and to keep you excited - about coin collecting. Coin Collecting For Dummies covers all these topics and more: Deciding what to collect Storing your collection correctly Finding out about repaired, restored, and recolored coins Pricing world coins Finding a good coin dealer Buying at auction Understanding that condition equals value Exploring the wild side with rare, expensive, and esoteric coins Selling your coins No one needs coins, but if you decide to collect them, you certainly need this book. Coin collecting can sometimes be a confusing maze of choices sprinkled with little traps along the way. Sure, you can go it alone, but why not make your journey into numismatics a lot easier by picking the brain of an expert collector and learning from the mistakes of others. Top 50 Most Popular Modern Coins Simon and Schuster Do you immediately turn to the date on every shiny coin you pick up? Are you one of the few people who knows when the next new state quarter or presidential dollar is coming out - before they hit the bank? Have you ever wondered why the person in front of you at the bank was buying all those rolls of coins? If you answered yes to these and other questions like this in the Everything Guide, ? YOU MIGHT BE A COIN COLLECTOR! Collecting on a budget will provide you with tips and tidbits to nurture your interest in the type of coins that intrigue you, turning your holdings into a safe and potentially valuable investment. Nolte provides a fun-filled journey allowing you to navigate one of the world's most exciting hobbies. Enter your next bourse feeling like a veteran. Make your experiences cost cutting, time saving, doubt erasing resulting in an eye pleasing and fulfilled coin collection.

Coin Collecting For Dummies Penguin

"In more than 50 illustrated chapters, Bowers tells of famous coins, mysterious tokens and medals, beautiful paper money, and legendary hoards and collections. He gives the stories behind modern favorites and popular classics. Along the way he introduces famous coin designers, unscrupulous Treasury officials, brilliant scholars, Confederate raiders, globe-trotting magicians, burlesque dancers, and dueling numismatists." -- p. [4] of cover.

"A Beginner's Guide to Coin Collecting" You are standing in the checkout line at the grocery store. Your turn rolls around, you pay the clerk and patiently wait for your change. As she places the change in your hand suddenly your heart leaps to your throat and for an instant you even forget to breathe! There in the palm of your hand is what appears to be a "Mercury Dime!" You quickly contain yourself and slip the change in your wallet. When you return home you are able to confirm that you do have a somewhat rare find! The Mercury Dimes were produced on and off during the 20th century and have a market value of \$50 a piece. Aren't you glad you caught the coin collecting bug a few months ago? Okay, maybe that was a bit over the top but make no mistake this story unfolds across the country very frequently. Just a little bit of knowledge and you, too, can learn how to distinguish the occasional rare find. "A Beginner's Guide to Coin Collecting" can give you the information you need to find that rare coin and determine if this is a hobby you would like to pursue. Discover this: Becoming a Numismatic - the fancy word for a coin collector Where to find coins - some places are better than others What you should look for in a coin - shiny isn't always better What are mints and mint marks - master this before you get started What affects the value of a coin - is it all about age? Getting started - learn how to begin without a lot of hassles Grading your coins - learn how or Should you use a grading service - what is your preference? When should you sell - timing is everything Pros and cons of buying at auction - best know who is bidding About commemorative and other special coins - these are specialty coins How and where you can buy bullion coins - limited availability but worth it Detecting counterfeit coins - don't get taken in How to avoid shysters and frauds - yes, they are out there and you need to learn the ropes How to care for your coins - a glass jar just doesn't get it Getting the answers to these and other compelling questions is a must for anyone who is considering coin collecting as a hobby or avocation. Learn all the ins and outs and discover whether this is a hobby you would like to pursue. If you do have a "stash" of coins you've been gathering in a large water jug, today is the day to discover if you have "buried treasure." One click on "A Beginner's Guide to Coin Collecting" and you'll get the answers you need!
