The World Atlas of Street Art and Graffiti Quarry Books
 Learn how to draw graffiti letters! Graffiti for Beginners is an easy-to-follow introduction that presents you with the basics behind graffiti lettering. The two funky yet classic graffiti alphabets created by experienced graffiti artist Mega gives you the opportunity to learn a basic graffiti style, as well as a more advanced wild style. Each of the alphabet's 26 letters has its own spread where the building blocks of the letter are carefully displayed next to the specified space for you to practice, along with illustrations of how the letters can be used in different words and names. In addition to the letters, you will find examples of characteristic elements used in graffiti such as 3D or shades to add depth to the letters, or arrows, stars, bubbles, highlights and shines to make the piece stand out. Graffiti for Beginners is the fundamental guide for you to learn how to master the alphabet with style and finesse, letter by letter, until you are able to put together complicated words and messages, adding the coloring

of your own choice. Learning graffiti has never been easier or more fun! Graffiti for Beginners suits all ages and is a great tool for advertisers, home stylers, school teachers, kids and creative adults alike. Your teacher, Mega DNS, has over 35 years experience in writing graffiti. His letter style is best described as legible old New York style mixed with European style and most importantly: the letters must have movement and style.
