### Breve Historia de la Guerra de la Independencia de Los Ee.Uu.

Considering Different Opinions Surrounding the American Revolutionary War

Describes the military history of the American Revolution and the grim realities of the eight-year conflict while offering descriptions of the major engagements on land and sea and the decisions that influenced the course of the war.

Brothers at Arms UNC Press Books

In Independence Day, young readers will learn about this American holiday and the ways people celebrate it. Vibrant, full-color photos and carefully leveled text will engage emergent readers as they explore

this unique holiday.

The Men Who Lost America Basic Books (AZ)

Napoleon's Cursed War University of Oklahoma Press

John Tone recounts the dramatic story of how, between 1808 and 1814, Spanish peasants created and sustained the world's first guerrilla insurgency movement, thereby playing a major role in Napoleon's defeat in the Peninsula War. Focusing on the army of Francisco Mina, Tone offers new insights into the origins, motives, and successes of these first guerrilla forces by interpreting the conflict from the long-ignored perspective of the guerrillas themselves. Only months after

Napoleon's invasion in 1807, Spain seemed ready to fall: its rulers were in prison or in exile, its armies were in complete disarray, and Madrid had been occupied. However, the Spanish people themselves, particularly the peasants of Navarre, proved unexpectedly resilient. In response to impending defeat, they formed makeshift governing juntas, raised new armies, and initiated a new kind of people's war of national liberation that came to be known as guerrilla warfare. Key to the peasants' success, says Tone, was the fact that they possessed both the material means and the motives to resist. The guerrillas were neither bandits nor selfless patriots but landowning peasants who fought to protect the old regime in Navarre and their established position within it. from the book: "That unfortunate war destroyed me; it divided my forces, multiplied my obligations, undermined my morale. . . . All the circumstances of my disasters are bound up in that fatal knot.-- Napoleon Bonaparte on the Spanish war

### **La guerra de la Independencia norteamericana** Vintage

This book provides a new interpretation of Spanish American independence, emphasising political processes.

*"La" guerra de la independencia* The Rosen Publishing Group, Inc

En ninguna época de su historia se ha visto España tan observada por ojos extranjeros como durante la Guerra de la Independencia. Entre 1808 y 1814 pasaron por España cientos de miles de soldados de diversos países, en su gran mayoría franceses. En este libro se recogen las impresiones de los británicos, no solamente militares, sino también diplomáticos y viajeros, por medio de libros de memorias, cartas y diarios. En ellos, aparte de sus impresiones sobre la campaña militar y sus experiencias personales, nos hablan de las gentes, costumbres y paisajes que conocieron, y describen los pueblos y ciudades por los que pasaron. El libro incluye múltiples ilustraciones, así como mapas de la época donde se pueden seguir los itinerarios recorridos. Carlos Santacara, especialista reconocido sobre la Guerra de la Independencia, ha hecho un trabajo de recopilación, selección y síntesis extraordinario en este libro.

*La Guerra de la Independencia* Ediciones AKAL

Describes the early 18th-century expedition of scientists sent by France and Spain to colonial Peru to measure the degree of equatorial latitude, which could resolve the debate between whether the earth was spherical or flattened at the poles.

*Almost a Miracle* Editorial CSIC - CSIC Press

A magisterial history of "Napoleon's Vietnam", by the highly acclaimed historian of Spain In this definitive account of the Peninsular War (1808-14), Napoleon's six-year war against Spain, Ronald Fraser examines what led to the emperor's devastating defeat against the popular opposition—the guerrillas—and their British and Portuguese allies. As well as relating the histories of the great political and military figures of the war, Fraser brings to life the anonymous masses—the artisans, peasants and women who fought, suffered and died—and restores their role in this barbaric war to its rightful place while overturning the view that this was a straightforward military campaign. This vivid, meticulously researched book offers a distinct and profound vision of "Napoleon's Vietnam" and shows the reality of the disasters of war: the suffering, discontents and social upheaval that accompanied the fighting. With a new Introduction by Tariq Ali.

### **Procesos de nacionalización en la España contemporánea** Springer

Though the participation of France in the American Revolution is well established in the historiography, the role of Spain, France's ally, is relatively understudied and underappreciated. Spain's involvement in the conflict formed part of a global struggle between empires and directly influenced the outcome of the clash between Britain and its North American colonists. Following the establishment of American independence, the Spanish empire became one of the nascent republic's most significant neighbors and, often illicitly, trading partners. Bringing together essays from a range of well-regarded historians, this volume contributes significantly to the international history of the Age of Atlantic Revolutions.

### **Compendio de la historia de la guerra de la independencia** Antonio Machado Libros

This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication. Some of its articles were written by the best-known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style.

### **Spain and the American Revolution** Routledge

1763-1783: Las 13 colonias británicas en Norteamérica se rebelan contra el Imperio: La primera gran guerra revolucionaria de la historia occidental.

Conozca la apasionante historia de la fundación de los EE.UU.: la guerra contra el ejército de Su Majestad, la batalla de Yorktown, la paz de Versalles y la importancia de figuras como Washington, Franklin o Jefferson, los padres de la nación. Descubra la guerra de independencia de los Estados Unidos de América, el hecho fundacional de un país y ejemplo para tantos otros. Acérquese a una mirada multifocal a un conflicto económico, político, social, ideológico, -pero ante todo bélico- de gran impacto en su época y que fue prolegómeno y referente para las grandes revoluciones del siglo XIX y XX. Breve historia de la guerra de Independencia de Estados Unidos le ayudará a conocer a personajes tan emblemáticos como George Washington, Benjamin Franklin o Thomas Jefferson, los llamados Padres Fundadores de los Estados Unidos y promulgadores de la Declaración de Independencia de 1776, uno de los textos más trascendentes e innovadores de la historia contemporánea, que contiene dos principios básicos que más adelante incluirán otros textos sobre los derechos fundamentales: libertad e igualdad. Su autora, Montserrat Huguet, en un texto riguroso y ameno, le mostrará todos los pormenores de la primera gran guerra revolucionaria de la historia occidental así como la historia del nacimiento de la nación más potente, hegemónicamente hablando, del siglo XX.

*The Independence of Spanish America* Universidad de Salamanca

The Napoleonic Empire played a crucial role in reshaping global landscapes and in realigning international power structures on a worldwide scale. When Napoleon died, the map of many areas had completely changed, making room for Russia's ascendancy and Britain's rise to world power.

*Napoleon's Empire* Verso Books

Primera traducción al castellano de uno de los repertorios de exempla moralizados más populares de la Baja Edad Media europea.

### **Impresiones de la Guerra de Independencia** Taylor & Francis

El año 2008 aparece, en España, con signo propio: se celebra el bicentenario de la Guerra de la Independencia. Numerosos libros y diversas manifestaciones científicas verán la luz a lo largo de este año para conmemorar el acontecimiento. El objetivo del libro que el lector tiene entre las manos es bastante distinto: presenta la Guerra de la Independencia a través de la huella que esta guerra dejó en la literatura francesa del siglo XIX. ¿Cómo los franceses vieron a los españoles? Sin

pretender descubrirnos únicamente en el espejo del “otro” (aquí, el “enemigo”), sí es cierto, sin embargo, que el “otro” nos ayuda a conocernos mejor. Leer a Balzac, Stendhal, Hugo... descubre que, más allá de los tópicos, los grandes escritores comprendieron la injusticia de Napoleón al iniciar esa guerra, pero también vislumbraron el escaso valor político de los Borbones, en cambio admiraron la energía y valor de todo un pueblo. Hay un deseo de comprender al otro: mezcla de admiración y de horror ante una manera de ser distinta.

*Measure of the Earth* Oxford University Press

This volume focuses on intersections of race, class, and gender in the formation of the fin-de-siècle Spanish and Spanish colonial subject. Despite the wealth of research produced on gender, race (largely as it relates to the themes of nationhood and empire), and social class, few studies have focused on how these categories interacted, frequently operating simultaneously to reveal contexts in which dominated groups were dominating and vice versa.

#### **War and Independence In Spanish**

**America** Cambridge University Press  
Pulitzer Prize Finalist in History Winner of the Journal of the American Revolution 2016 Book of the Year Award At the time the first shots were fired at Lexington and Concord the American colonists had little chance, if any, of militarily defeating the British. The nascent American nation had no navy, little in the way of artillery, and a militia bereft even of gunpowder. In his detailed accounts Larrie Ferreiro shows that without the extensive military and financial support of the French and Spanish, the American cause would never have succeeded. Ferreiro adds to the historical records the names of French and Spanish diplomats, merchants, soldiers, and sailors whose contribution is at last given recognition. Instead of viewing the American Revolution in isolation, *Brothers at Arms* reveals the birth of the American nation as the centerpiece of an international coalition fighting against a common enemy.

*La Guerra de la Independencia, 1763-1782* Savas Beatie

Questioning popular belief, a historian and re-examines what exactly led to the British Empire's loss of the American Revolution. The loss of America was an unexpected defeat for the powerful British Empire. Common wisdom has held that incompetent military commanders and political leaders in Britain must have been to blame, but were they? This intriguing book makes a different argument.

Weaving together the personal stories of ten prominent men who directed the British dimension of the war, historian Andrew O'Shaughnessy dispels the incompetence myth and uncovers the real reasons that rebellious colonials were able to achieve their surprising victory. In interlinked biographical chapters, the author follows the course of the war from the perspectives of King George III, Prime Minister Lord North, military leaders including General Burgoyne, the Earl of Sandwich, and others who, for the most part, led ably and even brilliantly. Victories were frequent, and in fact the British conquered every American city at some stage of the Revolutionary War. Yet roiling political complexities at home, combined with the fervency of the fighting Americans, proved fatal to the British war effort. The book concludes with a penetrating assessment of the years after Yorktown, when the British achieved victories against the French and Spanish, thereby keeping intact what remained of the British Empire. "A remarkable book about an important but curiously underappreciated subject: the British side of the American Revolution. With meticulous scholarship and an eloquent writing style, O'Shaughnessy gives us a fresh and compelling view of a critical aspect of the struggle that changed the world."—Jon Meacham, author of *Thomas Jefferson: The Art of Power*

**Outpost of Empire** Yale University Press  
Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the *Butterflies*. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday

horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred *Butterflies* live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

Algonquin Books  
Napoleon's forces invaded Spain in 1808, but two years went by before they overran the southern region of Andalucía. Situated at the farthest frontier of Napoleon's "outer empire," Andalucía remained under French control only briefly—for two-and-a-half years—and never experienced the normal functions of French rule. In this groundbreaking examination of the Peninsular War, Charles J. Esdaile moves beyond traditional military history to examine the French occupation of Andalucía and the origins and results of the region's complex and chaotic response. Disillusioned by the Spanish provisional government and largely unprotected, Andalucía scarcely fired a shot in its defense when Joseph Bonaparte's army invaded the region in 1810. The subsequent French occupation, however, broke down in the face of multiple difficulties, the most important of which were geography and the continued presence in the region of substantial forces of regular troops. Drawing on British, French, and Spanish sources that are all but unknown, Esdaile describes the social, cultural, geographical, political, and military conditions that combined to make Andalucía particularly resistant to French rule. Esdaile's study is a significant contribution to the new field sometimes known as occupation studies, which

focuses on the ways a victorious army attempts to reconcile a conquered populace to the new political order.

Combining military history with political and social history, *Outpost of Empire* delineates what we now call the cultural

terrain of war. This is history that moves from battles between armies to battles for hearts and minds.
