RICHARDSON JADA

The Sixth Extinction HarperCollins James Rollins, the New York Times bestselling master of nail-biting suspense and historical mystery, combines cutting-edge biotechnology with a centuries-old secret in an apocalyptic story that reveals where humankind is truly headed. *The Doomsday Key* At Princeton University, a famed geneticist dies inside a biohazard lab. In Rome, a Vatican archaeologist is found dead in St. Peter's Basilica. In Africa, a U.S. senator's son is slain outside a Red Cross camp. The three murders on three continents bear a horrifying connection: all the victims are marked by a Druidic pagan cross burned into their flesh. The bizarre murders thrust Commander Gray Pierce

and Sigma Force into a race against time to solve a riddle going back centuries, to a ghastly crime against humanity hidden within a cryptic medieval codex. The first clue is discovered inside a mummified corpse buried in an English peat bog—a gruesome secret that threatens America and the world. Aided by two women from his past—one his exlover, the other his new partner—Gray must piece together the horrifying truth. But the revelations come at a high cost, and to save the future, Gray will have to sacrifice one of the women at his side. That alone might not be enough, as the true path to salvation is revealed in a dark prophecy of doom. Sigma Force confronts humankind's greatest threat in an adventure that races from the Roman Coliseum to the icy peaks of Norway, from the ruins of medieval abbeys to the lost tombs of Celtic kings.

The ultimate nightmare is locked within a talisman buried by a dead saint—an ancient artifact known as the Doomsday Key.

Black Order with Bonus Material HarperCollins

"[Rollins] is what you might end up with if you tossed Michael Crichton and Dan Brown into a particle accelerator together." —New York Times Book Review Arriving home on Christmas Eve, Commander Gray Pierce discovers his house ransacked, his pregnant lover missing, and his best friend's wife, Kat, unconscious on the kitchen floor. With no shred of evidence to follow, his one hope to find the woman he loves and his unborn child is Kat, the only witness to what happened. But the injured woman is in a semi-comatose state and cannot speak—until a brilliant neurologist offers a

radical approach to “unlock” her mind long enough to ask a few questions. What Pierce learns from Kat sets Sigma Force on a frantic quest for answers that are connected to mysteries reaching back to the Spanish Inquisition and to one of the most reviled and blood-soaked books in human history—a Medieval text known as the *Malleus Maleficarum*, the Hammer of Witches. What they uncover hidden deep in the past will reveal a frightening truth in the present and a future on the brink of annihilation, and force them to confront the ultimate question: What does it mean to have a soul? “When it comes to the blending of action, adventure, history, and science, there is no other author who does it better than Rollins.” —Booklist

The 6th Extinction MIRA

In *The Eye of God*, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.

Would it mark the Second Coming or initiate a chain reaction leading to the end of mankind? Formed during the Cold War, a think tank of world scientists

Yet among their young patients a strange side-effect begins to arise. Before it can be analyzed fully, a rogue group of the JASONS begins their own secret experimentation with a cadre of the best children. Their goal, to create a world prophet for the new millennium, one who can be manipulated to create a new era of global peace . . . a peace on their own terms, that is. But such manipulation has grim consequences as a biological meltdown among the children begins to occur—turning the innocent into something far more frightening. To stop the JASONS before they engineer the extinction of mankind, Commander Gray Pierce of SIGMA Force races against time to solve a mystery that dates back to the first famous oracle of history—the Greek Oracle of Delphi.
