JAMARCUS LEWIS

The Jewish Enlightenment Instituto Nacional de Antropología e Historia

Salonica, located in northern Greece, was long a fascinating crossroads metropolis of different religions and ethnicities, where Egyptian merchants, Spanish Jews, Orthodox Greeks, Sufi dervishes, and Albanian brigands all rubbed shoulders. Tensions sometimes flared, but tolerance largely prevailed until the twentieth century when the Greek army marched in, Muslims were forced out, and the Nazis deported and killed the Jews. As the acclaimed historian Mark Mazower follows the city's inhabitants through plague, invasion, famine, and the disastrous twentieth century, he resurrects a fascinating and vanished world.

"Los de siempre" Walter de Gruyter

In this comprehensive look at life in the time of Jesus, Edersheim examines Jewish homelife, marriage customs, worship, literature,

and much more. This publication from Boomer Books is specially designed and typeset for comfortable reading.

Diccionario enciclopédico de la lengua española Vintage

This is the memoir of a Sephardic Jewish girl living among Ashkenazi neighbors in the Bronx. She comes down with polio just before her eighth birthday. She begins a fight against immobility set within a cultural realm where Catholic and Jew and Turkish Moslem once met. Where a beautiful aunt could be abducted into a Turkish harem and another aunt could still keep the 400-year-old iron key to the family house in the Cordoba of the Spanish Inquisition.

Los símbolos en El Principito Espasa Calpe Mexicana, S.A.

At the beginning of the eighteenth century most European Jews lived in restricted settlements and urban ghettos, isolated from the surrounding dominant Christian cultures not only by law but also by language, custom, and dress. By the end of the century urban, upwardly mobile Jews had shaved their beards and abandoned Yiddish in favor of the languages of the countries in which they lived. They began to participate in secular culture and they embraced rationalism and non-Jewish education as

supplements to traditional Talmudic studies. The full participation of Jews in modern Europe and America would be unthinkable without the intellectual and social revolution that was the Haskalah, or Jewish Enlightenment. Unparalleled in scale and comprehensiveness, *The Jewish Enlightenment* reconstructs the intellectual and social revolution of the Haskalah as it gradually gathered momentum throughout the eighteenth century. Relying on a huge range of previously unexplored sources, Shmuel Feiner fully views the Haskalah as the Jewish version of the European Enlightenment and, as such, a movement that cannot be isolated from broader eighteenth-century European traditions. Critically, he views the Haskalah as a truly European phenomenon and not one simply centered in Germany. He also shows how the republic of letters in European Jewry provided an avenue of secularization for Jewish society and culture, sowing the seeds of Jewish liberalism and modern ideology and sparking the Orthodox counterreaction that culminated in a clash of cultures within the Jewish community. The Haskalah's confrontations with its opponents within Jewry constitute one of the most fascinating chapters in the history of the dramatic and traumatic encounter between the Jews and modernity. The Haskalah is one of the central topics in modern Jewish historiography. With its scope, erudition, and new analysis, *The Jewish Enlightenment* now provides the most comprehensive treatment of this major cultural movement.

Se trata de lo que es, sin duda, la mejor historia breve de la Historia del Franquismo. Un libro objetivo y equilibrado, de dimensiones múltiples y sorprendentemente completo. Stanley G. Payne El régimen de Franco marcó toda una época de la historia de España. De las dictaduras europeas personales, fue la más duradera. Ni siquiera Stalin se mantuvo en el poder tanto tiempo. Su régimen fue sui generis y cambió mucho durante su larga vida, pero siempre era el régimen de Franco, un personaje que de verdad no cambiaría nunca. No es necesario tener de antemano un conocimiento elaborado de la historia de los años 1936 a 1975, porque esta Historia del franquismo es completa en sí misma pues lo que Luis Palacios Bañuelos ha conseguido es sintetizar mucha investigación, tanto la suya como la de muchos otros, ofreciendo un producto al alcance de todos sin perder el rigor. El franquismo empezó con el propio Franco. Por eso este libro comienza con la semblanza personal del dictador, porque, sin entender su formación psicológica y su peculiar personalidad, no se puede entender la naturaleza de su régimen y los muchos vaivenes políticos que determinaron su singular historia. Fue un régimen ideológicamente múltiple y compuesto que, como el autor explica en detalle, se formaba de una serie muy diversa de tendencias o familias políticas que tenían en común meramente el hecho de ser anti-izquierdistas. A lo largo de sus páginas asistimos a su relación con Hitler, a los pactos con Estados Unidos, a la autarquía, las relaciones del Caudillo con el Vaticano, la evolución hacia la modernidad de un país... Son muy pocos los historiadores con un conocimiento de este régimen y de su historia igual al de Luis Palacios Bañuelos. Por ese motivo, es una historia total, no escrito para franquistas o antifranquistas, sino para los lectores españoles de mentalidad abierta que desean comprender esta época tan clave de la transformación moderna de España. (Del prólogo de Stanley G. Payne)

Sketches of Jewish Social Life in the Time of Christ U of Nebraska Press

El simbolismo que encierra *El Principito* es el hilo que une el pasado del autor con su obra, una alegoría magistral relatada con gran sobriedad lingüística, con palabras que están llenas de un gran contenido. Las frases, las metáforas, la falta de ornamentos, establecen verdades con exactitud, con la precisión de un

fabricante de mecanismos de relojería, todas son exactas, dicen lo que deben como lo dicen los versos de los grandes poetas. El libro *Los símbolos en El Principito* va más allá del texto y se adentra en el terreno especulativo del pretexto, porque las cosas tienen tantas facetas como medios hay para servirse de ellas. Este libro trata de transmitir la interpretación que Tomás Ramírez, en un lugar mágico suspendido entre Europa y África llamado Tánger, allá por los años cincuenta, otorgó a los numerosos símbolos y personajes, para ofrecer un nuevo matiz desde el que mirar esta magnífica obra de Antoine de Saint-Exupéry.

Judíos en la literatura española Exlibric

Este texto explora y reflexiona la práctica conceptualización, márgenes y simbolización de la norma y la transgresión en diversos niveles de la vida de la sociedad virreinal, lo que implica también aproximarse a la forma en que los límites fueron conformados y superados. De hecho, en gran medida podría pensarse que el estudio de las normas vigentes en un sistema social surge del estudio de las conductas consideradas transgresoras, y no al revés.

A Thousand Splendid Suns Zondervan

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Fortune Teller's Kiss Brooklyn, N.Y. : ADELANTRE!, The Judezmo Society

Despite antisemitic statements uttered by Franco, and despite Nazi-influenced antisemitism in Spain, thousands of Jews were saved during the Holocaust period by fleeing from France into Spain. Franco is also credited with a direct role in saving about 250,000 Sephardic Jews in the Balkans. Studies the historical events and Franco's attitudes and ambivalence, concluding that there is no clear explanation for Franco's actions.

Mere Christianity CUA Press

Los de siempre. Poder, familia y ciudad, muestra el proceso de construcción de un grupo de poder en un contexto urbano (la ciudad de Ávila), y durante el período de la Restauración. En la investigación de tal proceso se atiende, además de a los factores económicos, políticos y sociales, al papel configurador de la familia y redes de parentesco, y a aquellos otros más específicamente culturales como los simbólicos. El interés y novedad del libro radica no sólo en la descripción de un fenómeno local, sino que permite el análisis comparativo con grupos y fenómenos similares en otros contextos.

What development did anti-Semitism take in Spain when, after the Banishment Edict (1492), the country was no longer a locus of co-existence for different ethnic groups? This was the topic central to the colloquium in Konstanz (May 2000), the results of which are presented here. The colloquium united anthropologists, historians and literary scholars. This interdisciplinary approach focused on the factors, spaces, figures and voices involved in anti-Jewish (and hence anti-Semitic) discourse, both in their historical context and in their literary representation. On the latter issue, as much attention is given to the apologetic as to the critical aspect.

Sin dios ni ley University of Pennsylvania Press

This is a dystopian social science fiction novel and morality tale. The novel is set in the year 1984, a fictional future in which most of the world has been destroyed by unending war, constant government monitoring, historical revisionism, and propaganda.

The totalitarian superstate Oceania, ruled by the Party and known as Airstrip One, now includes Great Britain as a province. The Party uses the Thought Police to repress individuality and critical thought. Big Brother, the tyrannical ruler of Oceania, enjoys a strong personality cult that was created by the party's overzealous brainwashing methods. Winston Smith, the main character, is a hard-working and skilled member of the Ministry of Truth's Outer Party who secretly despises the Party and harbors rebellious fantasies.

El Nacionalismo vasco Edition Reichenberger

The author found himself at the beginning of a career that would raise him to the apex of the ecclesiastical hierarchy as bishop of Toledo, but that would also see him involved, suspiciously, in the deposition of Wamba that same year."

"In the heart of this world, the Lord of life, who loves us so much, is always present. He does not abandon us, he does not leave us alone, for he has united himself definitively to our earth, and his love constantly impels us to find new ways forward. Praise be to him!" – Pope Francis, *Laudato Si'* In his second encyclical,

Laudato Si': On the Care of Our Common Home, Pope Francis draws all Christians into a dialogue with every person on the planet about our common home. We as human beings are united by the concern for our planet, and every living thing that dwells on it, especially the poorest and most vulnerable. Pope Francis' letter joins the body of the Church's social and moral teaching, draws on the best scientific research, providing the foundation for "the ethical and spiritual itinerary that follows." *Laudato Si'* outlines: The current state of our "common home" The Gospel message as seen through creation The human causes of the ecological crisis Ecology and the common good Pope Francis' call to action for each of us Our Sunday Visitor has included discussion questions, making it perfect for individual or group study, leading all Catholics and Christians into a deeper understanding of the importance of this teaching.

Laudato Si Canongate Books

A forceful and accessible discussion of Christian belief that has become one of the most popular introductions to Christianity and one of the most popular of Lewis's books. Uncovers common ground upon which all Christians can stand together.
