Brenda and Robert Vale explore the environmental impact of the decisions we make, from what we eat and what we wear to how we travel and enjoy ourselves. Their book will make

you see your life and your place in the world in a completely new light.

'I suffer from acute kleptomania. But when it gets bad, I take something for it.' Ken Dodd was a legend of British comedy. He launched his career in 1954, adopted his trademark 'tickling stick' two years later and went on to enjoy a sixty-year career as the nation's jester. Dodd's act was frenzied and zany, exploiting his saucer-eyed, buck-toothed appearance and deploying a repertoire of one-liners, whimsical and verbal inventions and liberal doses of saucy - but never dirty - jokes. Louis Barfe charts Dodd's life and extraordinarily long career, revealing him to be the last of the great variety acts - and a comic phenomenon who delighted his audiences across seven decades. Reviews for *Happiness and Tears*: 'The definitive account' *The Times*. 'An industriously thorough, entertaining biography' *The Spectator*. 'Sure to delight Dodd's many admirers' *TLS*. 'Fascinatingly odd' *Daily Express*. 'An absolute joy' *Choice*.

The commercial pet food industry has a secret to hide -- and Ann Martin wants to make sure you know it. Her research reveals some startling facts: that the pet food industry conducts animal testing in order to improve their product, and includes euthanized cats and dogs in the mix to heighten protein content. In this revised and updated edition, Martin continues to explore the shocking processes by which commercial pet foods are produced. She offers alternative recipes for feeding pets, nutritional advice, and an exploration of "Pet Peeves," in which she explores several scams aimed at pet owners. This groundbreaking book gives us a glimpse into exactly what we are doing when we buy pet food.

My Dog Pulls. What Do I Do? Vermilion
Existen un sinnúmero de libros muy buenos sobre perros; desde nutrición, psicología canina, adiestramientos... etcétera ¿Pero los GATOS? La verdad es que los felinos son los gran olvidados; esto puede deberse a su independencia en cierta medida y a su capacidad para sobrevivir en el medio rural tanto como urbano. Como amante de los animales, principalmente los gatos, me he propuesto a escribir este libro para ellos. Somos muchas las personas que tenemos gato, tantos o más que dueños de perros me atrevería a decir. A pesar de ese carácter de independencia, los

felinos tienen necesidades nutricionales para gozar de buena salud. Como te he dicho antes poseo varios gatos, los cuales son parte muy importante de mi vida. Y lo cierto es que la dieta BARF les ha cambiado la vida, además de haberles mejorado enormemente su calidad de vida. Ahorrándome visitas al veterinario (no lo digo por el tema económico, sino por el nerviosismo que pasaba), debido a que mis gatos gozaban de un sistema inmunitario más fuerte. Sin más preámbulos y si de verdad te preocupa el bienestar de tu gato, estos conceptos son los que vas a adquirir en esta guía, que he creado con todo mi amor hacia estas fantásticas criaturas: -Descubre las bases y orígenes de la dieta BARF y las diferencias con el Modelo Presa.-Explora el funcionamiento del sistema digestivo de un gato y cuáles son los nutrientes esenciales.-Averigua porque los alimentos balanceados industriales (el pienso) no son una alimentación adecuada para nuestros amigos de cuatro patas.-Sigue los pasos adecuados para una transición correcta y económica de la comida industrial a la comida de verdad.-Encuentra cuáles son los alimentos y los productos más recomendados para la alimentación felina.-Aprende a formular tu propio menú, adecuado a las necesidades de tu gato, sea cual sea su raza, edad o sexo.-Perfecciona la dieta actual de tu gato, corrigiendo errores de base, con la seguridad de que lo estás haciendo correctamente.-Destapa cuáles de los mitos sobre la comida casera son reales o falsos, así como los alimentos prohibidos para gatos.Minimiza las visitas al veterinario gracias a la disminución de las patologías. No temas, por la salud de tu gato, la dieta BARF es un método estudiado y utilizado a lo largo de muchos años.
