Sea Animals Alison
Green Books

This beautifully
illustrated picture word
book contains 199
images of prehistoric
creatures to look at
and talk about. A neat
and practical format, in
durable board. Part of

the '199 Things' series, which includes '199 Things under the sea' and '199 Animals'. Rigoletto Houghton Mifflin Harcourt

The Kamishibai man used to ride his bicycle into town where he would tell stories to the children and sell them candy, but gradually, fewer and fewer children came running at the sound of his clappers. They were all watching their new televisions instead. Finally, only one boy remained, and he had no money for candy. Years later, the Kamishibai man and his wife made another batch of candy, and he pedaled into town to tell one more story—his own. When he comes out of the reverie of his memories, he looks around to see he is

surrounded by familiar faces—the children he used to entertain have returned, all grown up and more eager than ever to listen to his delightful tales. Using two very different yet remarkable styles of art, Allen Say tells a tale within a tale, transporting readers seamlessly to the Japan of his memories. I Want a Lion Chronicle Books

A deluxe collection of empowering original short stories featuring your favorite Disney Princesses and Frozen Queens to mark the Ultimate Princess Celebration. The Disney Princesses and Frozen Queens get an infusion of girl power with this empowering collection of original stories that highlight each heroine's own acts of courage and

Neil Armstrong: First Man on the Moon MIT Press
 A puzzling and enticingly experimental play from a celebrated German writer.
The Art of Clean Up The Elf's Hat
 A 2015 Foreword INDIES finalist in Picture Books (Children's)
 "Kuhlmann's detailed art will pull in readers who like to see how things fit together, while his message is abundantly clear for everyone." -Kirkus Reviews
 Torben Kuhlmann's stunningly illustrated, nearly wordless tale offers a fascinating window into an imaginary, yet

hauntingly familiar world under our feet, where a mole suddenly recognizes the precarious balance between progress and preservation.

Kulhmann's open ended text encourages thoughtful exploration into possible solutions, and his delightful endpapers depict a montage of solutions that could very well save the moles' world and ours.

The Mzungu Boy

Flamingo Fiction 9-13s

The definitive chronicle of the origins of French avant-garde literature and art, Roger Shattuck's classic portrays the cultural bohemia of turn-of-the-century Paris who carried the arts into a period of renewal and accomplishment and laid the groundwork for Dadaism and

Surrealism. Shattuck focuses on the careers of Alfred Jarry, Henri Rousseau, Erik Satie, and Guillaume Apollinaire, using the quartet as window into the era as he exploring a culture whose influence is at the very foundation of modern art.

199 Dinosaurus and Prehistoric Animals

Harvard Business Press

Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in

Wikipedia), and shaping the flow of media (as in blogging or podcasting). A growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional training suggest a role for policy and pedagogical intervention. This

report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory culture and how to provide all young people with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T. MacArthur Foundation Reports on Digital Media and Learning "*But Gentlemen Marry Brunettes*" One Day on Our Blue Planet The Tale of Peter Rabbit and Benjamin

Bunny Sound Book is an 18-button sound book that offers a fun and interactive story and comes complete with a special game to play in the back of the book.

Medienpädagogik in Kindergarten und Grundschule

Excerpt from
Rosenresli I have prepared the notes principally for those teachers who wish to consult them, giving here and there a hint in regard to roots and derivation. The vocabulary, on the other hand, has in many instances been made like notes, saving the time of pupil and teacher, and in every instance the vocabulary has been prepared as a help in the grammatical study of the language and in

recognizing roots of words. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are

intentionally left to preserve the state of such historical works. *From the Shtetl to the Stage* The Rosen Publishing Group, Inc

How is Saddam

Hussein like Tony

Blair? Or Kenneth Lay

like Lou Gerstner?

Answer: They are, or

were, leaders. Many would argue that tyrants, corrupt CEOs, and other abusers of power and authority are not leaders at all-- at least not as the word is currently used. But, according to Barbara Kellerman, this assumption is dangerously naive. A provocative departure from conventional thinking, *Bad Leadership* compels us to see leadership in its entirety. Kellerman argues that the dark side of leadership-- from rigidity and callousness to corruption and cruelty-- is not an aberration. Rather, bad leadership is as ubiquitous as it is insidious--and so must be more carefully examined and better understood. Drawing on high-profile, contemporary

examples--from Mary Meeker to David Koresh, Bill Clinton to Radovan Karadzic, Al Dunlap to Leona Helmsley--Kellerman explores seven primary types of bad leadership and dissects why and how leaders cross the line from good to bad. The book also illuminates the critical role of followers, revealing how they collaborate with, and sometimes even cause, bad leadership. Daring and counterintuitive, *Bad Leadership* makes clear that we need to face the dark side to become better leaders and followers ourselves. Barbara Kellerman is research director of the Center for Public Leadership and a lecturer in public policy at the Kennedy School of Government, Harvard University.

History of the Ancient and Medieval World
Scholastic Inc.

This story is about trying not to use great power to impress, but to help others. A lesson for us all today! It features The Little Butterfly who felt his wife was always picking on him so he tried to trickily impress her. A Powerful and Magical King who felt his 999 wives were always picking on him too! His favourite wife Balkis, who was not only beautiful but wise and helped to make everyone happy in the end... eventually! Sheila has brought Kipling's Classic work into the C21st without losing any of his poetry or humour. Brilliantly illustrated with four large full colour images per double page spread, theses books

make ideal bedtime reading either with an adult or alone. A few simple notes at the back help to clarify some of Kipling's trickier words and phrases and also give a few ideas for creating stories of your own.

Books for Young Readers

Alexander Granach, who died while he was

acting on Broadway in 1945, brilliantly relates the remarkable story of his unlikely path from a poverty-stricken, rough-and-tumble childhood to success on the German stage. This is the account of a daring, curiosity-filled, and perceptive Jewish child from poor towns in Galicia who was seized with a passion for the theater when he saw his first show at the age of 14. He overcame great odds to become a leading stage and film actor in Weimar Germany - and he had to have both legs broken to do it! Born in what is now southern Ukraine, Granach began working at the age of six in his father's bakery, where his heavy tasks left him visibly knock-kneed. With very little formal

education but open for adventure and willing to work hard, Alexander ran away several times, the last time to Berlin, at the age of 16, where his talent and charm won him a place in Max Reinhardt's theater school. His career was abruptly interrupted by World War I and his time as a prisoner of war in Italy, but after a daring escape and the end of the war he resumed his rise to prominence in German artistic life. A natural storyteller, Granach's autobiography captures equally the charms, adventures, and trials of his shtetl days, the horrors of trench warfare, and the glamour and excitement of the German theater before Hitler came to power.
