A man has been murdered. He is blond, blue-eyed and is wearing a white suit. His surname is White. The murdered man is dark, black-eyed and his suit is black...the same as his surname. And, as if that isn't enough, they look like perfect twins except for the details of eye colour and complexion. Two policemen are in charge of the hottest crime in London. They will cross a sea of intrigue

to find out that two gangs in the city have declared war on each other and that more murders are to follow. A bizarre couple is at the epicentre of the mystery: an old man with violet-coloured eyes and a ten-year-old boy, who have the peculiar habit of only talking to each other and never addressing anybody else. Nothing is as it should be. Not everything is black or white. Born to Run  
Birlinn Ltd

A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of

the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at

Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

"And who

among us would deny Jane Austen her happy endings or insist that Cary Grant and Irene Dunne should get back together at the end of *The Awful Truth*? There are tragedies and there are comedies, aren't there? And they are often more the same than different, rather like men and women, if you ask me. A comedy depends on stopping the story at exactly the right

moment." Mia Fredrickson, the wry, vituperative, tragic comic, poet narrator of *The Summer Without Men*, has been forced to reexamine her own life. One day, out of the blue, after thirty years of marriage, Mia's husband, a renowned neuroscientist, asks her for a "pause." This abrupt request sends her reeling and lands her in a psychiatric ward. The June following Mia's release

from the hospital, she returns to the prairie town of her childhood, where her mother lives in an old people's home. Alone in a rented house, she rages and fumes and bemoans her sorry fate. Slowly, however, she is drawn into the lives of those around her—her mother and her close friends,"the Five Swans," and her young neighbor with two small children and a loud angry husband—and

the adolescent girls in her poetry workshop whose scheming and petty cruelty carry a threat all their own. From the internationally bestselling author of *What I Loved* comes Siri Hustvedt's provocative, witty, and revelatory novel about women and girls, love and marriage, and the age-old question of sameness and difference between the sexes. Through this network of nine personal stories, Carlos Fuentes sets out to explain Mexico and America to each other - and to the rest of the world. He presents a dramatic fictional portrait of the relationship between the

United States and Mexico, as played out in a Mexican dynasty led by a powerful Mexican oligarch with complex ties north of the border. It is the story of Mexican families who send their sons north to provide for whole villages with dollars and of Mexican tycoons who exploit their own people. Young Jose Francisco grows up in Texas, determined to write about the border world - the

immigrants and illegals, Mexican poverty and Yankee prosperity - stories to break the stand-off silence with a victory shout, to shatter at last the crystal frontier.

**The Rise of Euroskeptici**

**sm** Read and Noir Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present, this book deals with the role that artists and intellectuals have played regarding projects of European integration. Consciously or not, they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated

with the discourse of political elites, its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study, author Luis Martín-Estudillo analyzes its conflict over its own Europeanness or exceptionalism, as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset, and

Zambrano to new media artists like Valeriano López, Carlos Spottorno, and Santiago Sierra. Martín-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries, and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion

of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's "peripheries" and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.

 In this title,

the author examines how penal policies emanating from the United States have spread throughout the world. The author argues that the policies have their roots in a network of Reagan-era conservative think tanks, which used them as weapons in their crusade to dismantle the welfare state and, in effect, criminalise poverty.

Though some dismiss opera as old-fashioned, it shows no sign of disappearing from the world's stage. So why do audiences continue to flock to it? Opera lovers are an intense lot, Benzecry discovers in his look at the fanatics who haunt the legendary Colón Opera House in Buenos Aires. *Hush, Hush* Vintage Crime/Black Lizard  
Though he is best known for his realist and deep

realistic and psychological novels, Dostoevsky's literary life produced memorable short stories as well. "Polzunkov" is a story that should not be skipped by the author's fans and the connoisseurs of short story writing in general. It is a tale about a joke that misfired on the protagonist Polzunkov, whose expectations crash down headlong in the end. Another narrative that

explores the theme of financial difficulties and misunderstood actions that inevitably lead to terrible outcomes. Fyodor Dostoevsky was a famous Russian writer of novels, short stories, and essays. A connoisseur of the troubled human psyche and the relationships between the individuals, Dostoevsky's oeuvre covers a large area of subjects: politics, religion, social issues, philosophy, and the

uncharted realms of the psychological. He is most famous for the novels "Crime and	Punishment", "The Idiot", and "The Brothers Karamazov". His literary	legacy was met with mixed feelings, but remains gargantuan in its influence.
