Coram Boy Bloomsbury Publishing

This is the first full account of the Pilgrimage of Grace since 1915. In the autumn and winter of 1536, Henry VIII faced risings first in Lincolnshire, then throughout northern England. These rebellions posed the greatest threat of any encountered by a Tudor monarch. The Pilgrimage of Grace has traditionally been assumed to have been a spontaneous protest against the Dissolution of the Monasteries, but R. W. Hoyle's lively and intriguing study reveals the full story. Professor Hoyle examines the origins of the rebellions in Louth and their spread; he offers new interpretations of the behaviour of many of the leading rebels, including Robert Aske and Thomas, Lord Darcy; and he reveals how the engine behind the uprising was the commons, and notably the artisans, of some of the smaller northern towns. Casting new light on the personality of Henry VIII himself, Professor Hoyle shows how the gentry of the North worked to dismantle the movement and help the crown neutralize it by guile as events unfolded towards their often tragic conclusions.

A Concise History of Italy Oxford University Press, USA

This edition investigates the Norman Conquest from a number of perspectives, examining the dynamics of colonisation & exploring the effect of the Norman settlement in a number of key areas, including government, military organisation & the Church.

The Tsars, Russia, Poland and the Ukraine 1462-1725 David R. Godine Publisher

One of the supreme comic writers of the Roman world, Plautus (c.254-184 BC), skilfully adapted classic Greek comic models to the manners and customs of his day. This collection features a varied selection of his finest plays, from the light-hearted comedy *Pseudolus*, in which the lovesick Calidorus and his slave try to liberate his lover from her pimp, to the more subversive *The Prisoners*, which raises serious questions about the role of slavery. Also included are *The Brothers Menaechmus*, which formed the prototype for Shakespeare's *The Comedy of Errors*, and *The Pot of Gold*, whose old miser Euclio is a glorious study in

avarice. Throughout, Plautus breathes new, brilliant life into classic comic types - including deceitful twins, scheming slaves, bitter old men and swaggering soldiers - creating an entertaining critique of Roman life and values.

One Flew into the Cuckoo's Egg Cambridge University Press

A brilliant appraisal of the Civil War and its long-term consequences, by an acclaimed historian. The political upheaval of the mid-seventeenth century has no parallel in English history. Other events have changed the occupancy and the powers of the throne, but the conflict of 1640-60 was more dramatic: the monarchy and the House of Lords were abolished, to be replaced by a republic and military rule. In this wonderfully readable account, Blair Worden explores the events of this period and their origins - the war between King and Parliament, the execution of Charles I, Cromwell's rule and the Restoration - while aiming to reveal something more elusive: the motivations of contemporaries on both sides and the concerns of later generations.

The Birds and Other Plays Random House

One of the world's leading authorities on the history of Spain provides an authoritative overview of the vital role that country has played in the history of the Western world. of illustrations. 70 b&w illustrations.

The Limits of Liberty Oxford : Clarendon Press

The first English language book to cover the full scope of modern Italy, from its official birth to today, "The Force of Destiny" is a brilliant and comprehensive study and a frightening example of how easily nation-building and nationalism can slip toward authoritarianism and war.

We That Were Young Univ of California Press

"This is a major survey of the American past from the earliest colonial settlements to the present day. It traces the political, intellectual, economic, and cultural development of a distinctive American society, without losing sight of its continued connections with the Old World. Swelled by a continuous flux of immigration, the population of the United States spread with astonishing rapidity over a vast continent, evolving a new system of government and creating extraordinary wealth. Maldwyn A.

Jones assesses not only the epic achievements of the nation, but also the tensions and limitations of the society behind the 'American dream'." "In this second edition Professor Jones has continued his study to the present, with a new chapter examining the conservative revival of the 1980s and the presidential election of 1992. He has included an additional map, incorporated the most recently available statistics into the population tables, and completely revised and updated the Bibliography."--BOOK JACKET. France Simon and Schuster

Anne Caldwell is a poet of tremendous variety but she writes with equal sensuality and careful craft about personal experience or the worlds of politics, art and literature. Her characters speak with glittering conviction whether they are one of the four and twenty blackbirds, Robinson Crusoe or a woman living under water.

Talking with the Dead Penguin UK

These nine biographies illuminate the careers, personalities and military campaigns of some of Rome's greatest statesmen, whose lives span the earliest days of the Republic to the establishment of the Empire. Selected from Plutarch's Roman Lives, they include prominent figures who achieved fame for their pivotal roles in Roman history, such as soldierly Marcellus, eloquent Cato and cautious Fabius. Here too are vivid portraits of ambitious, hot-tempered Coriolanus; objective, principled Brutus and open-hearted Mark Anthony, who would later be brought to life by Shakespeare. In recounting the lives of these great leaders,

Plutarch also explores the problems of statecraft and power and illustrates the Roman people's genius for political compromise, which led to their mastery of the ancient world.

The Force of Destiny ReadHowYouWant.com

A history of the rise and fall of united Germany, which lasted only 75 years from its establishment by Bismark in 1870. Suitable for A Level and upwards. In the OXFORD HISTORY OF MODERN EUROPE series.

Nine Horses Penguin UK

John Morrill has been at the forefront of modern attempts to explain the origins, nature and consequences of the English Revolution. These twenty essays -- seven either specially written or reproduced from generally inaccessible sources -- illustrate the main scholarly debates to which he has so richly contributed: the tension between national and provincial politics; the idea of the English Revolution as "the last of the European Wars of Religion"; its British dimension; and its political sociology. Taken together, they offer a remarkably coherent account of the period as a whole.

How to Woo, When, and to Whom Cambridge University Press

In the second half of the sixteenth century, France was racked by religious civil wars and peace was only restored when Henry of Navarre finally converted to Catholicism, deciding – in his immortal phrase – that 'Paris is worth a mass'. In this lucid introduction to a complex period in French history, Robert Knecht: Explains the evangelical and Lutheran origins of the Huguenot Church in France Challenges simplistic interpretations of the religious conflict as purely a cloak for political rebellion Provides concise analysis of the wars themselves and the ferment of political ideas which they generated Evaluates the extent of France's recovery under Henry IV This third edition has been updated throughout to take account of the latest scholarship, particularly on the Massacre of St. Bartholomew and the reign of Henry III when the monarchy almost succumbed to the challenge posed by the Catholic League. There is a new colour plate section and the main text is supported by a full glossary of terms, maps

and three detailed genealogical tables, as well as a carefully chosen selection of original documents. Each book in the Seminar Studies in History series provides a concise and reliable introduction to complex events and debates. Written by acknowledged experts and supported by extracts from historical Documents, a Chronology, Glossary, Who's Who of key figures and Guide to Further Reading, Seminar Studies in History are the essential guides to understanding a topic.

The English Civil Wars Feminist Press at CUNY

The dramatic history of the movement which throughout much of the Middle Ages sought to establish Christianity in the place of its birth. A tale of wordy ambition and spiritual sacrifice, pride and humility, extraordinary valor and despicable cowardice.

Lysistrata and Other Plays Routledge

"Provides students with an overview of the fundamentals of this [computer science]. Designed to provide users with a solid, easy-to-understand background to the key terms and subject matter of computer science."--Publisher description.

Strange Meeting Salem Press

There has been a bad-tempered quarrel between defenders and critics of religion in recent years. Both sides have expressed themselves acerbically because there is a very great deal at stake in the debate. This book thoroughly and calmly examines all the arguments and associated considerations offered in support of religious belief, and does so in full consciousness of the reasons people have for subscribing to religion, and the needs they seek to satisfy by doing so. And because it takes account of all the issues, its solutions carry great weight. The God Argument is the definitive examination of the issue, and a statement of the humanist outlook that recommends itself as the ethics of the genuinely reflective person.

The First Crusade Hodder & Stoughton

The Acharnians/The Clouds/Lysistrata 'We women have the salvation of Greece in our hands' Writing at a time of political and social crisis in Athens, the ancient Greek comic playwright Aristophanes was an eloquent, yet bawdy, challenger to the demagogue and the sophist. In Lysistrata and The Acharnians,

two pleas for an end to the long war between Athens and Sparta, a band of women on a sex strike and a lone peasant respectively defeat the political establishment. The darker comedy of The Clouds satirizes Athenian philosophers, Socrates in particular, and reflects the uncertainties of a generation in which all traditional religious and ethical beliefs were being challenged. Translated with an Introduction and Notes by Alan H. Sommerstein

Conquest and Colonisation Pan Macmillan

The aim of this booklet is to enable teachers, publishers, awarding bodies and others to achieve a common understanding of important terms that arise from practical work in secondary science, consistent with the terminology used by professional scientists. This vocabulary underpins all empirical science and so is applicable not only to school science experiments but also to evaluating aspects of scientific claims made in the public domain.

In A Dry Season Sutton Publishing

Nine Horses, Billy Collins's first book of new poems since Picnic, Lightning in 1998, is the latest curve in the phenomenal trajectory of this poet's career. Already in his forties when he debuted with a full-length book, The Apple That Astonished Paris, Collins has become the first poet since Robert Frost to combine high critical acclaim with broad popular appeal. And, as if to crown this success, he was appointed Poet Laureate of the United States for 2001–2002, and reappointed for 2002–2003. What accounts for this remarkable achievement is the poems themselves, quiet meditations grounded in everyday life that ascend effortlessly into eye-opening imaginative realms. These new poems, in which Collins continues his delicate negotiations between the clear and the mysterious, the comic and the elegiac, are sure to sustain and increase his audience of avid readers.

The World Encompassed Routledge

This charts the early stages in the growth of the Russian empire. It is an account and analysis of the principle events and developments in the history of the principality of Muscovy, Russia, the Polish Commonwealth and the Western Steppe from 1462-1725.
