“An entertaining discussion” of the role memory plays in our lives as we age, including an interview with Oliver Sacks (Times Higher Education Supplement). When we can’t call to

mind the name of someone we’ve known for years, or walk into a room and forget what we came for, we start worrying. Are these lapses just “senior moments,” or something serious like dementia? In this book, a renowned specialist explores the topic of memory in later life—not only the problems but the surprisingly unexpected pleasures it can offer,

such as the “reminiscence effect.” Avoiding jargon, Douwe Draaisma explains neurological phenomena and also includes a long interview with Oliver Sacks, who speaks of his own memory changes as he entered his sixties. Draaisma moves smoothly from anecdote to research and back, weaving stories and science into a compelling description of the terrain of memory and

forgetfulness, dismantling myths and helping us to value the abilities of the aging mind. “For readers, the most welcome aspect of this book may be his heartening examples of the wisdom that comes with old age.”—The Washington Post “He engages with topics of considerable social and psychological importance...his use of varied sources is refreshing.”—Times Higher Education Supplement
The Diary of Anne Frank. (Slightly Abridged.)

 Teach Yourself
 Traces the life of a young Jewish girl who kept a diary during the two years she and her family hid from the Germans in an Amsterdam attic.
Diary of a Man in Despair
 Cambridge Scholars Publishing
 A standalone military science fiction adventure from, L. E. Modesitt, author of the bestselling Saga of Recluce series, The Parafaith War combines hard science fiction adventure with an

insightful examination of the relationship between the sacred and the secular. In the far future among the colonized worlds of the galaxy, there's a war going on between the majority of civilized worlds and a colonial theocracy. Trystin Desoll grows up fighting against religious fanatics and becomes a hero, a first-class pilot, then, amazingly, a spy. What do you do if you're a relatively humane soldier fighting millions of suicidal volunteers on the other side who know that

they are utterly right and you are utterly wrong, with no middle ground? Trystin Desoll has a . . . plan. Other Series by L.E. Modesitt, Jr. The Saga of Recluce The Imager Portfolio The Corean Chronicles The Spellsong Cycle The Ghost Books The Ecolitan Matter The Forever Hero Timegod's World Other Books The Green Progression Hammer of Darkness The Parafaith War Adiamante Gravity Dreams The Octagonal Raven Archform: Beauty The Ethos Effect Flash The

Quest Mode The Experiment, LLC A former friend has betrayed the Raksura and their groundling companions, and now the survivors must race across the Three Worlds to rescue their kidnapped family members. When

Moon and Stone are sent ahead to scout, they quickly encounter an unexpected and potentially deadly ally, and decide to disobey the queens and continue the search alone. Following in a wind-ship, Jade and Malachite make an unlikely alliance of their own, until word reaches them that the Fell are massing for an attack on the Reaches, and that forces of the powerful Empire of Kish are turning against the Raksura and their groundling comrades. But there may

be no time to stage a rescue, as the kidnapped Raksura discover that their captors are heading toward a mysterious destination with a stolen magical artifact that will cause more devastation for the Reaches than anything the lethal Fell can imagine. To stop them, the Raksura will have to take the ultimate risk and follow them into forbidden territory. The Harbors of the Sun, from celebrated fantasy author Martha Wells, is the thrilling follow-up to The Edge of Worlds, and the

conclusion of a new Three Worlds duology of strange lands, uncanny beings, dead cities, and ancient danger.

German Women's Life Writing and the Holocaust

Camden House
A laboratory for competing visions of modernity, the Weimar Republic (1918-1933) continues to haunt the imagination of the twentieth century. Its political and cultural lessons retain uncanny relevance for all who seek to understand the

tensions and possibilities of our age. The Weimar Republic Sourcebook represents the most comprehensive documentation of Weimar culture, history, and politics assembled in any language. It invites a wide community of readers to discover the richness and complexity of the turbulent years in Germany before Hitler's rise to power. Drawing from such primary sources as magazines, newspapers, manifestoes, and official documents (many unknown even to

specialists and most never before available in English), this book challenges the traditional boundaries between politics, culture, and social life. Its thirty chapters explore Germany's complex relationship to democracy, ideologies of "reactionary modernism," the rise of the "New Woman," Bauhaus architecture, the impact of mass media, the literary life, the tradition of cabaret and urban entertainment, and the situation of Jews,

intellectuals, and workers before and during the emergence of fascism. While devoting much attention to the Republic's varied artistic and intellectual achievements (the Frankfurt School, political theater, twelve-tone music, cultural criticism, photomontage, and urban planning), the book is unique for its inclusion of many lesser-known materials on popular culture, consumerism, body culture, drugs, criminality, and sexuality; it also contains a timetable of

major political events, an extensive bibliography, and capsule biographies. This will be a major resource and reference work for students and scholars in history; art; architecture; literature; social and political thought; and cultural, film, German, and women's studies.

Strategy For Defeat: The Luftwaffe, 1933-1945 [Illustrated Edition] Harper Collins
From 1942 to 1944, twelve thousand children passed through the Theresienstadt

internment camp, near Prague, on their way to Auschwitz. Only a few hundred of them survived the war. In *The Girls of Room 28*, ten of these children—mothers and grandmothers today in their seventies—tell us how they did it. The Jews deported to Theresienstadt from countries all over Europe were aware of the fate that awaited them, and they decided that it was the young people who had the best chance to survive. Keeping these adolescents alive, keeping

them whole in body, mind, and spirit, became the priority. They were housed separately, in dormitory-like barracks, where they had a greater chance of staying healthy and better access to food, and where counselors (young men and women who had been teachers and youth workers) created a disciplined environment despite the surrounding horrors. The counselors also made available to the young people the talents of an amazing array of world-class artists, musicians,

and playwrights—European Jews who were also on their way to Auschwitz. Under their instruction, the children produced art, poetry, and music, and they performed in theatrical productions, most notably *Brundibar*, the legendary “children’s opera” that celebrates the triumph of good over evil. In the mid-1990s, German journalist Hannelore Brenner met ten of these child survivors—women in their late-seventies today, who reunite every year at a resort in the Czech Republic. Weaving her

interviews with the women together with excerpts from diaries that were kept secretly during the war and samples of the art, music, and poetry created at Theresienstadt, Brenner gives us an unprecedented picture of daily life there, and of the extraordinary strength, sacrifice, and indomitable will that combined—in the girls and in their caretakers—to make survival possible.

Naked Steel Rosetta Books

"Home: Habitat, Range, Niche, Territory" is a short

story set in the world of Martha Well's Murderbot Diaries. This story was originally given free to readers who pre-ordered Network Effect, the fifth entry in the series. The events of "Home: Habitat, Range, Niche, Territory" occur just after the fourth novella, Exit Strategy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Actual True Story of Ahmed and Zarga

Houghton Mifflin Harcourt P

Includes the Aerial Warfare In Europe During World War II illustrations pack with over 200 maps, plans, and photos. This book is a comprehensive analysis of an air force, the Luftwaffe, in World War II. It follows the Germans from their prewar preparations to their final defeat. There are many disturbing parallels with our current situation. I urge every student of military science to read it carefully. The lessons of the nature of warfare and the application of airpower

can provide the guidance to develop our fighting forces and employment concepts to meet the significant challenges we are certain to face in the future.

Jakob von Gunten Start Publishing LLC

The Killing Tide by Jean-Luc Bannalec is the fifth novel in the internationally bestselling Commissaire Dupin series. Deep sea fishers, dolphin researchers, smugglers, and an island shrouded in myth in the middle of the rough Atlantic ocean: Commissaire Dupin had

sworn he would never again investigate on the ocean, but his fifth case takes him offshore, off the west coast of Brittany on a beautifully sunny day in June. He lands on the unique Île de Sein, populated by more rabbits than people, where the hairdresser arrives by boat and which was formerly inhabited by powerful witches and even the devil himself. In front of this impressive backdrop—between the islands of Molène, Ouessant, and the bay of Douarnenez—Dupin and

his team follow a puzzling case that pushes them to their very limits.

The Parafait War New

York Review of Books

The author of the

international bestseller

The Rise and Fall of the

Third Reich offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, *The Rise and Fall of the Third Reich*, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he

kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. *Berlin Diary* is Shirer's first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author's thoughts and experiences

while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer's *Berlin Diary* is an essential historical record that illuminates one of the darkest periods in human

civilization.

Sketchbook 1946-1949

Univ of California Press

HR Giger worked in the Shepperton Studios near London from February to November 1978, creating the figures and sets for the film *Alien* (1979) directed by Ridley Scott. The film became an international success, earning Giger an Oscar. In the transcribed *Alien Diaries*, published here for the first time as a facsimile, HR Giger describes his work in the studios. He writes, sketches, and takes

photographs with his Polaroid SX70. With brutal honesty, sarcasm and occasional despair, Giger describes what it is like working for the film industry and how he struggles against all odds be it the stinginess of producers or the sluggishness of his staff to see his designs become reality. The *Alien Diaries* (in German transcription with an English translation) show a little-known personal side of the artist HR Giger and offer an unusual, detailed glimpse into the making

of a movie classic through the eyes of a Swiss artist. The book contains almost completely unpublished material, including drawings, Polaroids showing the monster coming to life, and several still shots from the plentiful film material that Giger took in Shepperton.

The German Bestseller in the Late Nineteenth Century Random House Graphic

It takes a minx to tempt a rogue...Beautiful and feisty Henrietta Barrett has never followed the dictates of society. She

manages her elderly guardian's estate, prefers to wear breeches rather than dresses, and answers to the unlikely name of Henry. But when her guardian passes away, her beloved home falls into the hands of a distant cousin. And it takes a rogue to tame her...William Dunford, London's most elusive bachelor, is stunned to learn that he's inherited property, a title...and a ward bent on making his first visit his last. Henry is determined to continue running the Cornwall

estate without help from the handsome new lord, but Dunford is just as sure he can change things...starting with his wild young ward. But turning Henry into a lady makes her not only the darling of the town, but an irresistible attraction to the man who thought he could never be tempted. The Killing Tide Patrick Frey Edition Nobel Prize winning author Heinrich Böll's *Irishes Tagebuch* (Irish Journal) which was first published in 1957, has been read by millions of

German readers and has had an unsurpassed impact on the German image of Ireland. But there is much more to Heinrich Böll's relationship with Ireland than the *Irishes Tagebuch*. In this new book, Böll scholar Gisela Holfter carefully charts Heinrich Böll's personal and literary connections with Ireland and Irish literature from his reading Irish fairytales in early childhood, to establishing a second home on Achill Island and his and his wife Annemarie's translations

of numerous books by Irish authors such as Brendan Behan, J. M. Synge, G. B. Shaw, Flann O'Brien and Tomás O'Crohan. This book also examines the response in Ireland to Böll's works, notably the controversy that ensued following the broadcast of his film *Irland und seine Kinder* (Children of Eire) in the 1960s. Heinrich Böll and Ireland offers new insights for students, academics and the general reader alike.

The Diary Indiana University Press

An unmissable collection of eight unconventional and captivating short stories for young and adult learners. "I love Olly's work - and you will too!" - Barbara Oakley, PhD, Author of New York Times bestseller *A Mind for Numbers* Short Stories in German for Beginners has been written especially for students from beginner to intermediate level, designed to give a sense of achievement, and most importantly - enjoyment! Mapped to A2-B1 on the Common European

Framework of Reference, these eight captivating stories will both entertain you, and give you a feeling of progress when reading. What does this book give you? · Eight stories in a variety of exciting genres, from science fiction and crime to history and thriller - making reading fun, while you learn a wide range of new vocabulary · Controlled language at your level, including the 1000 most frequent words, to help you progress confidently · Authentic spoken

dialogues, to help you learn conversational expressions and improve your speaking ability · Pleasure! It's much easier to learn a new language when you're having fun, and research shows that if you're enjoying reading in a foreign language, you won't experience the usual feelings of frustration - 'It's too hard!' 'I don't understand!' · Accessible grammar so you learn new structures naturally, in a stress-free way Carefully curated to make learning a new language easy, these

stories include key features that will support and consolidate your progress, including · A glossary for bolded words in each text · A bilingual word list · Full plot summary · Comprehension questions after each chapter. As a result, you will be able to focus on enjoying reading, delighting in your improved range of vocabulary and grasp of the language, without ever feeling overwhelmed or frustrated. From science fiction to fantasy, to crime and thrillers,

Short Stories in German for Beginners will make learning German easy and enjoyable.

The Making of Prince of Persia Random House
The Swiss writer Robert Walser is one of the quiet geniuses of twentieth-century literature. Largely self-taught and altogether indifferent to worldly success, Walser wrote a range of short stories, essays, as well as four novels, of which Jakob von Gunten is widely recognized as the finest. The book is a young man's inquisitive and

irreverent account of life in what turns out to be the most uncanny of schools. It is the work of an outsider artist, a writer of uncompromising originality and disconcerting humor, whose beautiful sentences have the simplicity and strangeness of a painting by Henri Rousseau.

A Roumanian Diary

Macmillan

The diary as a genre is found in all literate societies, and these autobiographical accounts are written by persons of all ranks and positions.

The Diary offers an exploration of the form in its social, historical, and cultural-literary contexts with its own distinctive features, poetics, and rhetoric. The contributors to this volume examine theories and interpretations relating to writing and studying diaries; the formation of diary canons in the United Kingdom, France, United States, and Brazil; and the ways in which handwritten diaries are transformed through processes of publication and digitization. The

authors also explore different diary formats, including the travel diary, the private diary, conflict diaries written during periods of crisis, and the diaries of the digital era, such as blogs. The Diary offers a comprehensive overview of the genre, synthesizing decades of interdisciplinary study to enrich our understanding of, research about, and engagement with the diary as literary form and historical documentation. There's no time to enjoy his newfound stardom. To save Villagetown, Runt embarks on a perilous quest far beyond the safety of the wall.

Between bizarre towns, terrifying dungeons, and epic boss battles, Runt must summon the hero within and say "so lon *Alien : Diaries 7/8* Melville House

The creator of one of the most innovative and best-selling video games of all time gives an unvarnished look into the process in this one-of-a-kind

compilation. Before Prince of Persia was a best-selling video game franchise and a Disney movie, it was an Apple II computer game created and programmed by one person, Jordan Mechner. Mechner's candid and revealing journals from the time capture the journey from his parents' basement to the forefront of the fast-growing 1980s video game industry... and the creative, technical, and personal struggles that brought the prince into being and ultimately into the homes

of millions of people worldwide. Now, on the 30th anniversary of Prince of Persia's release, Mechner looks back at the journals he kept from 1985 to 1993, offering new insights into the game that established him as a pioneer of cinematic storytelling in the industry. This beautifully illustrated and annotated collector's edition includes: 300 pages of Jordan's original journals, Present-day margin notations by Jordan adding explanation, context, and

affectionate cartoons of real-life characters, Archival visuals illustrating the stages of the game's creation, Work-in-progress sketches, rotoscoped animation, screen shots, interface design, memos, and more, A full-color 32-page "Legacy" section in which Jordan and fans share Prince of Persia memories from the past 30 years, including the Ubisoft games and Disney movie. The Making of Prince of Persia is both a tribute to a timeless classic, and an indelible

look at the creative process that will resonate with retro-gaming fans, game developers, and writers, artists, and creators of all stripes.

Home: Habitat, Range, Niche, Territory Yale University Press

In 1990, Günter Grass - a reluctant diarist - felt compelled to make a record of the interesting times through which he was living. Following the fall of the Berlin Wall in November 1989 and the collapse of Communism, Germany and Europe were enduring a period of

immense upheaval. Grass resolved to immerse himself in these political debates: he travelled widely throughout both Germanys, the former East and the former West, conducting a lively exchange with political enemies, friends and his own children about all the questions posed by reunification. His account gives the reader an unparalleled insight into a key moment in the life of modern Europe, seen through the eyes of one of its most acclaimed writers. It also provides a

startling insight into the creative process as the reader witnesses ideas for novels occurring and then taking shape. From

Germany to Germany is both a personal journal by a great creative artist and a penetrating commentary on recent

European history by someone who was simultaneously an acute observer and a highly engaged participant.
