'A profoundly valuable collection, full of fresh perspective, and opening doors into all kinds of material that has been routinely neglected or patronized' Rowan Williams, TLS This rich and surprising anthology is a holistic, global survey of a lyric conversation about the divine, one which has been ongoing for millennia. Beginning with the earliest attributable author in all of human literature, the twenty-third century BCE Sumerian High Priestess Enheduanna, and taking in a constellation of voices - from King David to Lao Tzu, from the Epic of Gilgamesh to the Malian Epic of Sundiata - this selection presents a number of canonical figures like Blake, Dickinson and Tagore, alongside lesser-anthologized, diverse poets going up to the present day. Together they show the breathtaking multiplicity of ways humanity has responded to the spiritual, across place and time.

The Mala of God is a unique spiritual gift, an expression of the surrendered heart filled with prayer, devotion, and gratitude, yet imbued with the unsparing wisdom and power of non-dual self-inquiry. With profound simplicity, Advaita zen master Mooji unveils the intimate, mystical ways of the praying heart, and provides insight for those yearning to discover their true nature. Many of us seek inner peace and happiness, lasting self-realization and awakening, or a felt blissful oneness beyond the mere concept of unity. In our search for truth and enlightenment, we may find ourselves drawn deeply into sincere introspection or with a deep affinity for prayer as a means of self-discovery and communion with the Supreme. Using language familiar to many spiritual traditions, including Christianity and Sufism, this book bridges the seeming divide between devotion and non-dual self-inquiry. This beautiful collection can be read start to finish or opened to any page for insight into the moment—perfect for both the spiritual seeker with an interest in non-duality or one who is drawn to devotion and the power of prayer. Including over 100 powerful prayers and blessings, complemented by Mooji's drawings and handwritten sayings throughout,

The Mala of God provides wisdom and inspiration that sets your heart free.

• Shares Tom's profound teachings on life, death, and unconditional love gained through his near-death experiences and direct encounter with the Light • Includes more than 160 true and remarkable stories about Tom completing his mission to spread God's Unconditional Love • Details Tom's death experiences and how in 2007, when he felt he had fulfilled his mission from God, he consciously left life on Earth In the early evening of May 23, 1978, while making repairs under his pick-up truck full of firewood, the heavy truck crashed down on Tom Sawyer, crushing his chest flat. A 33-year-old Olympic-trained bike racer and mechanic, Tom was clinically dead. Fifteen minutes later, he came back to life, recounting his strange experience of going through a tunnel, having his life review, and meeting the Light. Spiritually energized by this experience and endowed with supernatural abilities, Tom demonstrated repeatedly that the reality we believe in is an illusion, that walls are not necessarily barriers, severe health challenges can be healed in a moment, and it is possible to walk on water. During his death experience, Tom was charged by

God with a three-part mission: teach that death does not exist, prevent nuclear war, and promote the Order of Melchizedek, in which he became a highly respected teacher. Through more than 160 remarkable stories, Rev. Daniel Chesbro and Rev. James B. Erickson share Tom's profound and enlightening insights on life, death, and Unconditional Love. The most complete and in-depth account of the life and teachings of Tom Sawyer, this book reveals Tom as a modern-day messenger of God who returned to life a powerful conduit of Unconditional Love, compelled to create positive change for humanity.

Live intentionally and embrace abundant life! Imagine waking up every single day convinced that the twenty-four hours ahead of you are a precious gift to be used wisely. Now imagine that you know exactly how to spend them to be a force for God's good. All too often we wander through life without appreciating the gift of every moment we've been given. The result? An unsatisfying life, missed opportunities to experience the joy of being in sync with God, and days marked with apathy instead of passion. Our time on earth is measured. We should want to make every moment count—not only because we aren't guaranteed the next one, but also because this is exactly how our Savior spent His time here. How, then, do we walk out unwavering joy-filled faith every day, determined to let go of the things that keep us from experiencing abundant life and fulfilling the plans God has for us? The answers are found in following the footsteps of the One who lived fully, because He was determined that we might do the same. In this six-week study of Luke, we will follow the life and ministry of Jesus as we consider the choices He made on His way to the cross. We'll intimately connect with a Savior who remained laser-focused on His mission to love the world. In return, we'll receive a model for intentional living that we can replicate to ensure we are living each day to the fullest and making a difference for God's kingdom. And together we'll determine to embrace the abundant life we are promised in Jesus. The participant workbook includes five days of lessons for each week, combining study of Scripture with personal reflection, application, and prayer. It's time to stop wandering and start living!

*City of God* Feiwel & Friends

The book presents human history as being a conflict between what Augustine calls the City of Man and the City of God, a conflict that is destined to end in victory of the latter. The City of God is marked by people who forgot earthly pleasure to dedicate themselves to the eternal truths of God, now revealed fully in the Christian faith. The City of Man, on the other hand, consists of people who have immersed themselves in the cares and pleasures of the present, passing world. Though The City of God follows Christian theology, the main idea of a conflict between good and evil follows from Augustine's former beliefs in Manichaeism. A philosophy based on the idea of primordial conflict between light and darkness or goodness and evil. In the case of City of God, it is the City of God (representing light) and the City of Man (representing darkness). Though his book follows an ideology of Manichaeism, he still distances himself from them by calling them heretics: "... I say, so just and fit, which, when piously and carefully weighed, terminates all the controversies of those who inquire into the origin of the world, has not been recognized by some heretics ..." Later, when Augustine converted to Christianity he at one point accepted Neo-Platonism. He ends up adding an idea of Neo-Platonism with a Christian idea in The City of God when he says: "As for those who own, indeed, that it was made by God, and yet ascribe to it not a temporal but only a creational beginning ..."

When little Kusumom woke up that day on the Mala Arayan hill of Erumapra, the old Eruma Päärää, she never had any idea that that day would change her life, forever. Unknown to her, she was standing on the same courtyard where a few generations back, her ancestor, the occult priest of the Lord Ayyappan of Sabarimala had conducted his affairs. Baker had converted these hills to Christianity, including her family. She could see the Erumapra Church below. Her mother was nowhere to be seen and she goes in search of her, only to see her mother in a compromising

position with the vicar of the church, at the stream where the family once had their sacred grove. She from then on, became the custodian of a secret, a secret that had the potential to destroy the moral fabric of her neo-Christian village and the very existence of her family. Eruma Päärää is a simple story of a girl from the Mala Arayan tribal hills of Kerala, who had a past to carry and a present, which she had to endure till she takes the bold step to shake her off her past, ready to face the future on her own. The novel also narrates the myths and folklores about the Mala Arayan hills around Erumapra, issue of caste in the Christian churches and also a different narration of the conversions done by the European missionaries around these hills.

The OM Mala is a book (and a mala or a rosary) about just one word-OM. OM is one of the shortest Sanskrit words, and yet is perhaps the most powerful one, besides being a globally recognized mystic mantra. The OM Mala gives 84 names of OM from Sanskrit texts and explains their meanings in 109 sections or beads: 108 chanting beads and one 'sumeru' bead. Each bead offers the meaning(s), explanation, traditions, etymology, and quotations for one or more names of OM. The book covers rare names of OM like 'shrutipada' and 'rasa' as well as common names like 'om', 'udgitha', and 'pranava'. Popular meanings (like Brahma-Vishnu-Shiva) and rare meanings (like inhalation, holding the breath, and exhalation) are included. The book contains teachings and narratives related to OM from Veda-s, Upanishad-s, Smriti-s, Purana-s, Ramayana, Mahabharata, Gita, Yoga, Tantra, Vaishnavism, Shaivism, and Shaktism. Pearls on OM from poems, plays, and works on music and Ayurveda are presented. The use of OM in Yogic breathing and meditation is explained and the explanations/relevance of OM in Jainism, Buddhism, and Sikhism is briefly touched upon. The OM Mala is a mini-encyclopaedia on OM and associated concepts in Indian religions and culture.

"No one has to tell a rose To spread its fragrance. We are sparks of splendor. Time to do what comes naturally. Rise and shine." Prema Mala is a journey through the heart and the various feelings found there. A compilation of poems, prayers and meditations based on teachings in the Bhakti tradition, this is a book that, hopefully, will not only be read, but ingested, taken into the heart and breathed into the soul. There are moments of triumphant connection and moments of despair that bond the reader and writer until they become linked in a sacred ritual of sorts with Supreme Love at its center. Writer and reader become a part of one soul tribe, each story and thought acknowledging that all of us, are in this together, attempting to navigate this great thing called life. With poems and stories on everything from yoga to spirituality, to despair and even struggles with race, this is not just one writer's story, but it is the story of the soul striving to make the ultimate offering of love to Love.

An award-winning sociologist's "fascinating and excellent" history of the origins of the great religions from the Stone Age to the Modern Age (Newsweek). In *Discovering God*, Rodney Stark surveys the birth and growth of religions around the world—from the prehistoric era of primal beliefs; the history of the pyramids found in Iraq, Egypt, Mexico, and Cambodia; and the great "Axial Age" of Plato, Zoroaster, Confucius, and the Buddha, to the modern Christian missions and the global spread of Islam. He argues for a free-market theory of religion and for the controversial thesis that under the best, unimpeded conditions, the true, most authentic religions will survive and thrive. Many modern biologists and psychologists claim that religion is a primitive survival mechanism that should have been discarded as humans evolved—that in modern societies, faith is a misleading crutch and an impediment to reason. Stark responds to this position, arguing that it is our capacity to understand God that has evolved—that humans now know much more about God than they did in ancient times. Winner of the 2008 Christianity Today Award of Merit in Theology/Ethics

This book contains sayings for meditative contemplation. It is especially geared towards those with a fervour for deeper spiritual truths, awakening and enlightenment. Humanity's basic assumptions are being challenged. First and foremost among them is the 'I am the body' idea, which is the cause of suffering for mankind. What is special about these words presented here is that they tackle the truth from both vantage points: the absolute plane of existence and the practical aspect of daily living in this world.

The author searches for answers to spiritual quandaries in this collection of poems. Her poems

form a lyrical conversation with an ominous and omnipotent deity, one who controls all matters of the living earth, including death and destruction. Her acknowledgement of the breadth of this power under divine jurisdiction moves her by turns to anger, grief, celebration, and even joy. From personal to collective to imagined histories, these poems explore essential, perennial questions emblemized by natural disasters, family struggles, racism, and the experiences of travel abroad.

Christianity Today Book Award Winner Justice requires perseverance--a deep perseverance we can't muster on our own. The world's needs are staggering and even the most passion-driven reactions, strategies, and good intentions can falter. But we serve a God who never falters, who sees the needs, hears the cries, and gives strength--through Jesus Christ and the Holy Spirit--to his people. Offering a comprehensive biblical theology of justice drawn from the whole story of Scripture, this book invites us to know more intimately the God who loves justice and calls us to give our lives to seek the flourishing of others. The authors explore stories of injustice around the globe today and spur Christians to root their passion for justice in the persevering hope of Christ. They also offer practices that can further form us into people who join God's work of setting things right in the world. Now in paper with an added reader's guide.

This collection of timeless poetry celebrates the eternal spiritual truth within each heart. Since ancient times, this hidden essence has been symbolized by the number 108. There are 108 earthly desires, 108 human feelings, 108 delusions, 108 beads in the traditional meditation mala, and 108 sacred poems in this anthology. Filled with crystalline wisdom from the great poets, sages, saints, and mystics, this selection of poems is a collective expression of universal heart-filled wisdom. The poems span a wide range of cultures and civilizations — from India to Europe, Japan, and the Middle East — and each one offers a unique perspective about the path to awakening. Some of the poems express belief in a higher being. Some convey instantaneous awakening. Others lead the reader down a disciplined path of contemplation. Ordered according to a broad interpretation of the heart-centered chakra model, these remarkable poems guide the reader toward realization and offer timeless jewels of insight to spark awakening and enrich spiritual practice.

Western history would be unrecognizable had it not been for people who believed in One True God. There would have been wars, but no religious wars. There would have been moral codes, but no Commandments. Had the Jews been polytheists, they would today be only another barely remembered people, less important, but just as extinct as the Babylonians. Had Christians presented Jesus to the Greco-Roman world as "another" God, their faith would long since have gone the way of Mithraism. And surely Islam would never have made it out of the desert had Muhammad not removed Allah from the context of Arab paganism and proclaimed him as the only God. The three great monotheisms changed everything. With his customary clarity and vigor, Rodney Stark explains how and why monotheism has such immense power both to unite and to

divide. Why and how did Jews, Christians, and Muslims missionize, and when and why did their efforts falter? Why did both Christianity and Islam suddenly become less tolerant of Jews late in the eleventh century, prompting outbursts of mass murder? Why were the Jewish massacres by Christians concentrated in the cities along the Rhine River, and why did the pogroms by Muslims take place mainly in Granada? How could the Jews persist so long as a minority faith, able to withstand intense pressures to convert? Why did they sometimes assimilate? In the final chapter, Stark also examines the American experience to show that it is possible for committed monotheists to sustain norms of civility toward one another. A sweeping social history of religion,

 Youthful friends in turn-of-the-century China reunite years later in America, in this New York Times bestseller by the author of *The Good Earth*. This deeply felt novel tells the story of William Lane and Clem Miller, Americans who meet in China as youths at the end of the nineteenth century. Separated by the Boxer Rebellion, they're destined to travel wildly different courses in life. From a background of wealth and privilege, William becomes a power-hungry and controlling media magnate. By contrast, Clem, whose family survived on charity growing up, is engrossed by a

project—which he works on ceaselessly, perhaps naively, together with his chemist wife—to eliminate world poverty. The two wind up in America and meet again, each successful in his own area, and as similar in their intensity as they are different in their values. *God's Men* is a rich and layered portrayal of lives set alight by ambition. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.
