ROACH MASON

Creative Jazz Composing and Arranging

Routledge
 The definitive study of arranging by America's premiere composer, arranger and conductor. A "must" for every musician interested in a greater understanding of arranging. Includes chapters on instrumentation, orchestration and Nelson Riddle's work with Sinatra, Cole and Garland.

A Big Band Christmas Instrumental Jazz Arranging

Dobbins uses a selection of his own works and arrangements of works by Peter Erskine to discuss principles of writing for big band. Complete scores are presented with running commentary. The CD contains recordings of the music in the book. With an introduction and appendix.

Berklee Jazz Piano

Hal Leonard Corporation
 This book is for anyone who writes, plays or listens to jazz. It explains the writing process and the construction of jazz pieces. I've attempted to answer many of the questions that arrangers and composers ask themselves when they are writing. Players who read this book will better understand the arrangements that they play and will get more from their listening which will make them better at interpreting the music they perform. Listeners will get into the creators' heads and appreciate the jazz experience to a greater degree. What The Experts Are Saying: "I love David Berger's new book, Creative Jazz Composing and Arranging. His vivid description of his own musical development from childhood on imparts many valuable insights. The discussion of the musical content is clear and concise, while a respect and passion for the music and the creative process is evident throughout. The big band scores are brilliant pieces of music that are steeped in the rich tradition of jazz, but also convey the unique musical character that is David Berger. It is a joy to be able to get inside the head of one of my favorite jazz writers and bandleaders. Beside the wealth of information, understanding and encouragement contained in these pages, the anecdotes related to Duke Ellington and the musicians who performed in his orchestra are just one more reason to get this book in your hands." - Bill Dobbins - Professor of Jazz Composition and Arranging, Eastman School of Music "Among the musicians I know who pay attention to the broad concepts and fine details of composing and arranging jazz music, no one pays more attention than Dave Berger. He thinks about everything: formal ideas, textural contrasts, emotional expression, instrumental color and variety, motivic development, expectation and surprise, - more things than I can think of to enumerate. And he produces music that achieves an artistically satisfying balance in its elements - all the while maintaining continuity with the spirit that brought him to jazz in the first place. That alone is a remarkable achievement.

That he has had the patience and focus to dissect his creative thought processes meticulously, down to the level of the finest details, and lay those thoughts bare so that others might learn from them is even more remarkable. If someone has thought about it, David has described it. I don't know anywhere anyone interested in this could learn more or learn it any more directly." - Chuck Israels - Bassist, Composer, Arranger, Author "When I first started playing with the National Jazz Ensemble in the late 70's, Dave Berger's work as chief composer and arranger made quite an impression on me. I marveled at what seemed to me a magical, mysterious ability to create and arrange music for big band. In his Creative Jazz Composing and Arranging, Berger demystifies this ability for the reader by clearly demonstrating - in a voice that is personal, humorous, as well as instructive - the techniques needed to become a master arranger. Creative Jazz Composing and Arranging is an important addition to the teaching canon and wonderful tool for any artist, whether they are just learning how the magic of this music is made or refining their existing style." - Ted Nash - Saxophonist/Arranger JALCO, BMI Jazz Composers Workshop "A student today has several choices of arranging books. But a book is like a tool; there is a certain one for a particular task. David Berger's book is designed for the intermediate to advanced student who has decided to become a professional jazz arranger along with the realization that a solid understanding of the tradition is essential. Mr. Berger provides an in-depth analysis of his music and thought process. More importantly, his 50-years of professional experience (and candid recounting of his own journey as a young student) provides invaluable and practical wisdom that is not readily found in written form." - Rich DeRosa - University of North Texas
Arranging for Horns Hal Leonard Publishing Corporation
 This book and 2 CD set, with simple comping over the standards on Jamey Aebersold's Volume 54: Maiden Voyage, is designed for the guitarist with little or no jazz experience. Chords and voicings are explained in a manner that even the most novice guitarists will understand, with standard notation and guitar frames for each voicing. Includes demo and play-along CDs. This is a perfect prerequisite for Maiden Voyage Guitar Comping, also by Mike DiLiddo.

Jazz Improvisation Using Simple Melodic Embellishment

OUP USA
 Now with a bonus second CD that contains individual ii/V7/I tracks for each major key (17 new practice tracks). The most important musical sequence in modern jazz Contains all the needed scales and chords to each CD track and all are written in the staff. Contains 120 written patterns (transposed for all instruments) and three full pages of piano voicings that correspond to the CD. Contains a Scale Syllabus which allows you to find and use various substitute scales---just like professional musicians. The CD

contains four tracks of Jamey playing exercises in a "call and response" fashion over an extended ii/V7/I progression that stays in one key at a comfortable tempo. Allows you to practice major, minor, dom. 7th, diminished, whole tone, half-diminished, Lydian, and dim. whole tone scales and chords. Beginning/Intermediate level. Suggested prerequisites: Volumes 1 and 2. Titles: ii/V7/I All Major Keys * G Minor Blues * Bebop Tune * V7+9/I All Keys * ii/V7/I in Three Keys * F Blues with 8-Bar Bridge * II/V7 Random Progressions * ii /V7+9/I All Minor Keys.

Composing and Arranging for the Contemporary Big Band

Scarecrow Press
 "...So much of the jazz harmonic language deals with the ii V I chord progression...[Students] have learned to play a lot of sophisticated voicings, but sometimes there is a lack of harmonic awareness and inner voice leading as well as a weak sense of how chords resolve in a ii V I progression as a unit...This book will give the jazz keyboard student and teacher a basic foundation for playing ii V I chord progressions and provide some lessons that can be used in the classroom or in private study...Knowing many different kinds of chords is fine, but it is equally important to know how to play one chord many different ways..."--preface.

Bass Lines in Minutes Percussive Arts Society, Incorporated
 Discover how to achieve release-quality mixes even in the smallest studios by applying power-user techniques from the world's most successful producers. Mixing Secrets for the Small Studio is the best-selling primer for small-studio enthusiasts who want chart-ready sonics in a hurry. Drawing on the back-room strategies of more than 160 famous names, this entertaining and down-to-earth guide leads you step-by-step through the entire mixing process. On the way, you'll unravel the mysteries of every type of mix processing, from simple EQ and compression through to advanced spectral dynamics and "fairy dust" effects. User-friendly explanations introduce technical concepts on a strictly need-to-know basis, while chapter summaries and assignments are perfect for school and college use. ■ Learn the subtle editing, arrangement, and monitoring tactics which give industry insiders their competitive edge, and master the psychological tricks which protect you from all the biggest rookie mistakes. ■ Find out where you don't need to spend money, as well as how to make a limited budget really count. ■ Pick up tricks and tips from leading-edge engineers working on today's multi-platinum hits, including Derek "MixedByAli" Ali, Michael Brauer, Dylan "3D" Dresdow, Tom Elmhirst, Serban Ghenea, Jacquire King, the Lord-Alge brothers, Tony Maserati, Manny Marroquin, Noah "50" Shebib, Mark "Spike" Stent, DJ Swivel, Phil Tan, Andy Wallace, Young Guru, and many, many more... Now extensively expanded and updated, including new sections on mix-buss processing, mastering, and the latest advances in plug-in technology.

The Beatles for Jazz Piano (Songbook) Hal Leonard

Corporation (Berklee Guide). The definitive text used for the time-honored Chord Scales course at Berklee College of Music, this book concentrates on scoring for every possible ensemble combination and teaches performers and arrangers how to add color, character and sophistication to chord voicings. Topics covered include: selecting appropriate harmonic tensions, understanding jazz harmony, overcoming harmonic ambiguity, experimenting with unusual combinations and non-traditional alignments, and many more. The accompanying audio includes performance examples of several different arranging techniques.

The Jazz Harmony Book Alfred Music

Jazz Improvisation Using Simple Melodic Embellishment teaches fundamental concepts of jazz improvisation, highlighting the development of performance skills through embellishment techniques. Written with the college-level course in mind, this introductory textbook is both practical and comprehensive, ideal for the aspiring improviser, focused not on scales and chords but melodic embellishment. It assumes some basic theoretical knowledge and level of musicianship while introducing multiple techniques, mindful that improvisation is a learned skill as dependent on hard work and organized practice as it is on innate talent. This jargon-free textbook can be used in both self-guided study and as a course book, fortified by an array of interactive exercises and activities: musical examples performance exercises written assignments practice grids resources for advanced study and more! Nearly all musical exercises--presented throughout the text in concert pitch and transposed in the appendices for E-flat, B-flat, and bass clef instruments--are accompanied by backing audio tracks, available for download via the Routledge catalog page along with supplemental instructor resources such as a sample syllabus, PDFs of common transpositions, and tutorials for gear set-ups. With music-making at its core, Jazz Improvisation Using Simple Melodic Embellishment implores readers to grab their instruments and play, providing musicians with the simple melodic tools they need to "jazz it up."

Instrumental Jazz Arranging Hal Leonard Corporation

Arranging for the Concert Band and the separately available workbook are intended to introduce students to basic techniques of arranging for the concert band. Arranging can be divided into two separate processes. The first deals with scoring and transcribing. Scoring is concerned with such things as voicing,

doubling, balance and color. The term scoring also means the actual writing of notes on the score paper. Transcribing is scoring music written for one kind of musical instrument or group -- say a piano or orchestra -- for a different kind of group. This text deals with those matters. The second part of arranging is the more creative process of writing introductions, modulations, endings, background figures and so on.

Jazz Arranging Hal Leonard Corporation

(Instructional). Instrumental Jazz Arranging consists of a systematic presentation of the essential techniques and materials of jazz arranging. Authors Mike Tomaro and John Wilson draw upon 50+ years of combined teaching experience to bring you a book that addresses all of the basic needs for beginning arrangers. Topics include counterpoint/linear writing, jazz harmony, compositional techniques, and orchestration. All topics serve to address issues concerned with true arranging in great detail. The book may be used in both individual and classroom instructional situations. The accompanying CDs 170 tracks in all! include many of the examples in the book, plus templates for assignments formatted for Finale .

"O'Reilly Media, Inc."

Jazz, Rags & Blues, Book 1 contains original solos for late elementary to early intermediate-level pianists that reflect the various styles of the jazz idiom. An excellent way to introduce your students to this distinctive American contribution to 20th century music.

Basics in Jazz Arranging Scarecrow Press

It is really hard to find quality Christmas material for jazz ensemble that doesn't require a long time to prepare. Well, here it is! Carl Strommen has arranged a solid medley of all-time favorite Christmas carols in a variety of jazz styles and tempos. You will hear THE TWELVE DAYS OF CHRISTMAS, JINGLE BELLS, O COME, ALL YE FAITHFUL, and WE THREE KINGS. This is the only Christmas arrangement you will need this year! (5: 47)

Composing for the Jazz Orchestra Alfred Music Publishing

This book examines arranging methods and their applications. It is designed to be used in a jazz studies program and as a professional reference manual for musicians. The text begins with a historical overview of jazz band instruments and a study of their characteristics. The body of the text includes an examination of relevant terminology, notational devices, principles of theory, and

arranging techniques.

Jazz Composition and Arranging in the Digital Age Jazz Play-A-Long for All Music

(Berklee Guide). Twelve arrangements for solo jazz piano of standard jazz tunes. These arrangements are fun to play, musically suitable for performance, and support the Berklee piano curriculum and other activities (e.g., auditions). They are organized by performance level, with examples from Levels 1 through 4, so this collection will support every pianist's journey through Berklee and other jazz piano programs. The accompanying recording features performances of the pieces by the arrangers. Tunes include: Autumn Leaves * Black Orpheus * Body and Soul * A Foggy Day (In London Town) * In a Mellow Tone * My Foolish Heart * Stolen Moments * and more.

Guide to Standardized Drumset Notation Hal Leonard Corporation

This practical guide is designed for aspiring amateur and professional musicians. The book covers every aspect of jazz, rock and pop arranging, from a basic lead sheet to scoring for full ensemble with voices. The book includes tips and hints, presented in an easy-to-use format.

Stylistic II/V7/I Voicings for Keyboardists Alfred Music

The most highly-acclaimed jazz theory book ever published! Over 500 pages of comprehensive, but easy to understand text covering every aspect of how jazz is constructed--chord construction, II-V-I progressions, scale theory, chord/scale relationships, the blues, reharmonization, and much more. A required text in universities world-wide, translated into five languages, endorsed by Jamey Aebersold, James Moody, Dave Liebman, etc.

Jazz Conception Hal Leonard Corporation

(Berklee Guide). Learn jazz harmony, as taught at Berklee College of Music. This text provides a strong foundation in harmonic principles, supporting further study in jazz composition, arranging, and improvisation. It covers basic chord types and their tensions, with practical demonstrations of how they are used in characteristic jazz contexts and an accompanying recording that lets you hear how they can be applied.
