The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce. When we last saw the Guardians, they were celebrating their victory

during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition

from Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack's story, however, isn't the only one to be reopened; an old enemy whose chapter we thought

closed will reappear and with him bring a darkness and destruction that will test the Guardians like never before. It's a battle of superlatives—the worse fighting the greatest, but where, oh where, is Jack? **Jack Frost** Independently Published

Don't miss Defy Me, the shocking fifth book in the Shatter Me series! *Tiger's Quest (Book 2 in the Tiger's Curse Series)* Harper Collins First, I had to remember how to breathe. Then, I had to learn how to survive. Two years, three months and sixteen days had passed since I was the Rowe Stanton from before, since tragedy

stole my youth and my heart went along with it. When I left for college, I put a thousand miles between my future and my past. I'd made a choice—I was going to cross back to the other side, to live with the living. I just didn't know how. And then I met Nate Preeter. An All-American baseball player, Nate wasn't supposed to notice a ghost-of-a-girl like me. But he did. He shouldn't want to know my name. But he did. And when he learned my secret and saw the scars it left

behind, he was supposed to run. But he didn't. My heart was dead, and I was never supposed to belong to anyone. But Nate Preeter had me feeling, and he made me want to be his. He showed me everything I was missing. And then he showed me how to fall. *This is a standalone in a three-part series that will focus on different characters. Each book can be read on its own.

 Battle Mage or Magical Engineer? Easy choice, right? Engineer. Obviously. I'm Charisma Carter, tech genius and nerd extraordinaire. I actually used to be Charisma Silverstorm, member of one of the six elite Arcane Families, until my family shunned me when I turned 18 because my magic wasn't strong enough.
