The novel behind the Disney-produced Hulu Original Series *The Interpreter of Silence* As seen in the New York Times Book Review. A December 2019 Indie Next Pick! Set against the Frankfurt Auschwitz Trials of 1963, Annette Hess's international bestseller is a harrowing yet ultimately uplifting coming-of-age story about a young female translator—caught between societal and familial expectations and her unique ability to speak truth to power—as she fights to expose the dark truths of her nation's past. If everything your family told you was a lie, how far would you go to uncover the truth? For twenty-four-year-old Eva Bruhns, World War II is a foggy childhood memory. At the war's end, Frankfurt was a smoldering ruin, severely damaged by the Allied bombings. But that was two decades ago. Now it is 1963, and the city's streets, once cratered are smooth and paved. Shiny new stores replace scorched rubble. Eager for her wealthy suitor, Jürgen Schoormann, to propose, Eva dreams of starting a new life away from her parents and sister. But Eva's plans are turned upside down when a fiery investigator, David Miller, hires her as a translator for a war crimes trial. As she becomes more deeply involved in the Frankfurt Trials, Eva begins to question her family's silence on the war and her future. Why do her parents refuse to talk about what happened? What are they hiding? Does she really love Jürgen and will she be happy as a housewife? Though it means going against the wishes of her family and her lover, Eva, propelled by her own conscience, joins a team of fiery prosecutors determined to bring the Nazis to justice—a decision that will help change the present and the past of her nation. Translated from the German by Elisabeth Lauffer

The Five Continents of Theatre undertakes the exploration of the material culture of the actor, which involves the actors' pragmatic relations and technical functionality, their behaviour, the norms and conventions that interact with those of the audience and the society in which actors and spectators equally take part. The material culture of the actor is organised around body-mind techniques (see *A Dictionary of Theatre Anthropology* by the same authors) and auxiliary techniques whose variety concern: ■ the diverse circumstances that generate theatre performances: festive or civil occasions, celebrations of power, popular feasts such as carnival, calendar recurrences such as New Year, spring and summer festivals; ■ the financial and organisational aspects: costs, contracts, salaries, impresarios, tickets, subscriptions, tours; ■ the information to be provided to the public: announcements, posters, advertising, parades; ■ the spaces for the performance and those for the spectators: performing spaces in every possible sense of the term; ■ sets, lighting, sound, makeup, costumes, props; ■ the relations established between actor and spectator; ■ the means of transport adopted by actors and even by spectators. Auxiliary techniques repeat themselves not only throughout different historical periods, but also across all theatrical traditions. Interacting dialectically in the stratification of practices, they respond to basic needs that are common to all traditions when a performance has to be created and staged. A comparative overview of auxiliary techniques shows that the material culture of the actor, with its diverse processes, forms and styles, stems from the way in which actors respond to those same practical needs. The authors' research for this aspect of theatre anthropology was based on examination of practices, texts and of 1400 images, chosen as exemplars.

For Miguel de Cervantes, to narrate a Mediterranean experience is to necessarily speak of an emotional experience. *Affective Geographies* takes as its point of departure the premise that literature is as influential in constructing the Mediterranean as are its geographic, climatic, or economic features. As the writer with the most vast and varied Mediterranean experience of his era, Cervantes is exceptionally well-suited for the critical task of recovering the literary Mediterranean. Engaging with the interdisciplinary fields of Mediterranean studies, affect theory, and the history of emotion, Paul Michael Johnson reads Cervantes's texts alongside the affective structures that inscribe the Mediterranean as a space of conflict, commerce, expansion, and empire. In particular, he argues that Cervantes's writing, with its uncommon focus on the Moorish, Islamic, and North African experience, can serve to realign misconceptions about the Mediterranean we have inherited today. *Affective Geographies* proposes that, with a more than four-hundred-year history of impacting the hearts and minds of readers, Cervantes's works constitute a literary *longue durée*, ramifying beyond fiction to alter the popular imaginary and long-term cultural landscape.

*The Importance of Living* Anchor Island Novel

#1 New York Times Bestseller - Soon to be a Major Motion Picture starring Amy Adams, Julianne Moore, and Gary Oldman - Available on Netflix on May 14, 2021 "Astounding. Thrilling. Amazing." —Gillian Flynn "Unputdownable." —Stephen King "A dark, twisty confection." —Ruth Ware "Absolutely gripping." —Louise Penny For readers of Gillian Flynn and Tana French comes one of the decade's most anticipated debuts, to be published in thirty-six languages around the world and already in development as a major film from Fox: a twisty, powerful Hitchcockian thriller about an agoraphobic woman who believes she witnessed a crime in a neighboring house. It isn't paranoia if it's really happening . . . Anna Fox lives alone—a recluse in her New York City home, unable to venture outside. She spends her day drinking wine (maybe too much), watching old movies, recalling happier times . . . and spying on her neighbors. Then the Russells move into the house across the way: a father, a mother, their teenage son. The perfect family. But when Anna, gazing out her window one night, sees something she shouldn't, her world begins to crumble—and its shocking secrets are laid bare. What is real? What is imagined? Who is in danger? Who is in control? In this diabolically gripping thriller, no one—and nothing—is what it seems. Twisty and powerful, ingenious and moving, *The Woman in the Window* is a smart, sophisticated novel of psychological suspense that recalls the best of Hitchcock.

Las fábulas ideadas por Herbert George Wells (1866-1946), uno de los padres, acaso el más notable, de la ciencia ficción, han demostrado a lo largo del tiempo mantener un vigor y tocar unos resortes del inconsciente humano que a menudo las han elevado a iconos del mundo moderno. "La guerra de los mundos" (1898), relato trepidante que narra la invasión de la Tierra por los marcianos y que supuso por primera vez la irrupción de seres de otros planetas en el nuestro, marcó en buena medida la fantasía del siglo XX y abrió un filón (el del contacto de los hombres con seres extraterrestres) que no tardó en convertirse en uno de los más importantes de la ciencia ficción, sirviendo de inspiración a numerosos artistas posteriores en los ámbitos de la radio, el cine, la

literatura, el cómic y la televisión.

The poet Langston Hughes was a tireless world traveler and a prolific translator, editor, and marketer. Translations of his own writings traveled even more widely than he did, earning him adulation throughout Europe, Asia, and especially the Americas. In *The Worlds of Langston Hughes*, Vera Kutzinski contends that, for writers who are part of the African diaspora, translation is more than just a literary practice: it is a fact of life and a way of thinking. Focusing on Hughes's autobiographies, translations of his poetry, his own translations, and the political lyrics that brought him to the attention of the infamous McCarthy Committee, she shows that translating and being translated—and often mistranslated—are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism. As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas, we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers. Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored: Madrid, Havana, Buenos Aires, Mexico City, and of course Harlem. The result is a fresh look at Hughes, not as a solitary author who wrote in a single language, but as an international figure at the heart of a global intellectual and artistic formation.
