Steve Kaufman's Favorite Celtic Reels for Guitar, Volume 2 Mel Bay Publications

Steve Kaufman, three-time National Flatpicking Champion, does it again. This installment of a four-part series brings us Steve's favorite Celtic hornpipes transcribed for the mandolin (and fiddle too).

This is a large collection of hornpipes that will build your repertoire as well as help you develop more ideas, licks and runs for arranging your own melodies. Companion audio is available for this title in which all the songs are played note for note at about 3/4 speed.

Arizona Rizzoli Publications

Steve Kaufman takes his favorite American fiddle tunes for the mandolin and puts them alphabetically in four volumes. Steve plays the mandolin exactly as it is written so the student can hear the melody and dynamics just as he would play it. Accompanying the large set of books are CDs with guitar rhythm accompaniment included. Build your repertoire, right and left hand skills and have fun playing at jam sessions with your friends. This 4 volume set written specifically for

the mandolin also has a sister series for guitar.

Mandolin Picking Tunes: Early Music Gems by Dix Bruce is a collection of 34 wonderful songs from the 1200s to the 1600s especially arranged for intermediate and advanced mandolinists. The titles span the Medieval, Renaissance, and Baroque eras and the sounds of the individual songs reflect those years. The music includes standard notation, accompaniment chords, and tablature. Includes access to online audio recordings of each piece for listening and playing along.

Band in a Book: Bluegrass Instrumentals AuthorHouse

The idea here is to help coordinate the pickers so you all have solos to play and they can be played in the same key. What a concept - a Band in the Book. Within these pages you will find solos for the entire band: lead guitar, rhythm guitar, banjo, mandolin, fiddle and bass. the mandolin and fiddle share the same tunings so their solos are just written once for both. If you are just starting out and you are having difficulty-finding solos for your level - look no more. These solos are written for the beginner level student assuming you can already play a few simple solos or lead breaks. This series will help you to learn solos on multiple instruments, help organize ensemble play, help develop a steady sense of timing and give you hours of enjoyment as well.

Steve Kaufman's Favorite Celtic Hornpipes for Guitar Mel Bay Publications

This collection of fiddle tunes originally appeared in Kaufman's Collection of American Fiddle Tunes for Flatpicking Guitar (MB 95748) but the book was so large and heavy that they couldn't put all the songs on CDs to include with the package so it was divided into four great, melody packed volumes. Each book now includes a CD that holds all the songs in the volume. Steve Kaufman says he can't emphasize enough the importance of developing a large repertoire of tunes. Fiddle tunes give us melodies that eventually allow us to begin to improvise. Sometimes without even knowing it. the more tunes you know, the more melodies and intersecting melody lines you know. This allows you to eventually cut and paste portions of the melody line into another song. In the beginning you will probably unknowingly replace and ending run. These are the last two measures of the section of a tune. Many of them in the same key are interchangeable, unless they are specific to the melody of the song. After a while you will cut out measures in the middle of the song and then you will be able to take the snips of melodies and play them in another song in a different key thus beginning to improvise. All of this is possible because you built up your repertoire of tunes.

Flatpickin' the Gospels (For Guitar) Mel Bay Publications

This book contains 30 traditional to modern Celtic tunes arranged in either simple melodic lines with suggested accompaniment chords, or stand-alone melody/chord solos. From rollicking reels and jigs to tender ballads, these *Celtic Gems* will appeal to the intermediate to advanced mandolinist and their audiences. With a little imagination, the up-tempo melodic tunes could be effectively rendered with drums and electric bass *a la* Pentangle or Fairport Convention; conversely, three or four of the solo arrangements would provide a tasteful set within a mandolin recital. Take your pick! Presented in standard notation and tablature in mandolin and guitar-friendly keys, these settings provide a masterclass in 4-course instrumental arranging. The author's online recording of each piece is included with this stellar collection. Includes access to online audio.
