ELLIANA CAMERON

Acorna's People Del Rey

On Earth the dinosaurs died out 70 million years ago. On Ireta they rule in all their bizarre splendour. The expedition sent to explore becomes trapped in its toils. What is worse is that half the personnel revert to type, becoming predatory carnivores, systematically hunting down their colleagues.

Untold Lives Harper Collins

Let Anne McCaffrey, storyteller extraordinaire and New York Times and Sunday Times bestselling author, open your mind to new worlds and new concepts: telepathy and tele kinetics. Worlds where amazing gifts can lead to power and persecution. Perfect for fans of David Eddings, Brandon Sanderson and Douglas Adams. 'Anne McCaffrey, one of the queens of science fiction, knows exactly how to give her public what it wants' - THE TIMES 'One of those can't put it down books' -- ***** Reader review 'Anne McCaffrey does it again' -- *****

***** Earth was at bursting point, in spite of the birth restrictions of only one child to each couple. Extra children existed in a sub-cultured world or were rounded up into slavery. The only hope was the space platform -- the jumping-off point for the colonization of other worlds. But more Talents were needed to build and operate those platforms. Rhyssa Owen was the one

responsible, both for finding Talents and training them. And when she felt the first encroachment of a mind reaching out to her, she knew it was exceptional -- a fourteen-year-old boy with incredibly powerful kinetic ability. And in the seamy underworld of near-criminal children was another brilliant mind in danger from a ruthless group of child kidnappers. Rhyssa knew she had to find the two children and train them for the survival of earth.

A Gift of Dragons Simon and Schuster

There was a sudden stench of a dead sea creature. There was the sudden horror of a huge black shape closing over her. There was nothing... Then there were pieces of memory, isolated fragments that were so horrible her mind refused to accept them. Intense heat and shivering cold; excruciating pain; dismembered pieces of the human body. Sawn bones and searing screams. And when she awoke she found she was in a world that was not earth, and with a face and body that were not her own. She had become a Restoree...

"Good spacefaring fun" as the Unicorn Girl returns in her fourth adventure from the New York Times–bestselling authors of

Acorna's People (Publishers Weekly).

Acorna, the "unicorn girl" has made peace with her Linyaari past, and aboard the interplanetary salvage vessel Condor she is finally free. But dread overtakes her when a distress signal summons Acorna and her companions to a nearby planet. For among the myriad wonders of this world of sentient plants and intoxicating perfumes are unmistakable signs that everything Acorna holds dear is in peril. A promise of world-shattering devastation is in the celestial winds—and impending catastrophe at the claws of the cold-blooded insectile race that seeks to eradicate all Linyaari and human life from the galaxy . . . the Khleevi! Praise for the Acorna series "McCaffrey and Ball have created a magical alien in this fantasy/science fiction story." —Library Journal "Combining colorful characterizations, lots of fast-paced action, and a decided sense of menace . . . this is entertaining fare, indeed, for sf fans." —Booklist

Restoree Harper Collins

A portentous song sparks an unlikely adventure in this lighthearted contemporary fantasy by the Nebula

Award-winning author of *The Healer's War*. Colin Songsmith sings a song to an old witch who takes an unlikely revenge. The witch's granddaughter rescues him from the dire threat of being eaten alive by the cat. She hears the song, which happens to concern her recently married sister and a gypsy. Convinced that she has to save her sister, she takes the minstrel, the cat, and her magical resources to Rowan Castle. The story is rich with descriptive details of setting and encounters with magical and fantastic creatures such as a talking cat, a lovesick dragon, and a bear prince. The characters speak in contemporary slang, which plays nicely against the traditional fantastic settings.

Pegasus In Flight Del Rey

Lord Artos is on a historic quest - to search out the finest black horses ever known to man. He has vowed to drive the invading Saxons out of Britain, and he needs big, strong, powerful horses to carry his army into battle. Galwyn, a young Roman-Celt, leaps at the chance to accompany the group, little guessing the adventure ahead of him - or the price he will have to pay for his loyalty...

Powers That Be Simon and Schuster
Beloved by millions of readers, Anne McCaffrey is one of science fiction's favorite authors. Writing with award-winning author Elizabeth Ann Scarborough, she has created the bestselling Acorna series focusing on the adventures of the brave unicorn girl. Now the exciting saga of the next generation begins. First Warning Khorii, daughter of the near-mythic Acorna and her lifemate, Aari, must contend with an overwhelming legacy to forge a path of her own through a universe filled with new adversaries and adventures. A simple journey home to visit her parents turns into a race against time when Khorii happens upon a derelict spacecraft drifting in space, its crew dead in their seats. But this gruesome discovery is only a dread harbinger—a deadly plague is spreading across the universe and not even the healing powers of the Linyaari can slow its horrific advance. Khorii, one of the few unaffected by the outbreak, must find the nefarious perpetrators and a cure before the disease consumes all in its path—including her beloved parents.

***** The Talents were the elite of the Nine Star League. Their gifts were many and varied, ranging from the gently telepathic, to the rare and extremely valued Primes. On the Primes rested the entire economic wealth and communications systems of the civilised worlds. But Primes were scarce - only very

rarely was a new one born. And now, on the planet Altair, in a small mining colony on the western mountain range, a new Prime existed, a three-year-old girl - trapped in a giant mud slide that had wiped out the rest of the Rowan mining community. Every Altarian who was even mildly talented could 'hear' the child crying for help, but no one knew where she was buried. Every resource on the planet was centred into finding 'The Rowan' - the new Prime, the first ever to be born on Altair, an exceptionally unique Prime, more talented, more powerful, more agoraphobic, more lonely, than any other Prime yet known in the Nine Star league...

The presence of women psychologists has largely been blotted out of historical accounts of the discipline. "Untold Lives" explores why this has occurred and champions the cause of writing women into history by reconstructing the lives of twenty-five pioneering women psychologists in America. Providing a detailed examination of several gender-specific issues, the authors describe several ways in which the experiences of

this group of women differed from those of their male counterparts. Each of five early chapters tells the story of one woman whose life or career vividly exemplifies a particular theme: institutional barriers to graduate education, obligations of a daughter to her family, the marriage versus career dilemma, limited employment opportunities, and discrimination by male colleagues. The book concludes with a collective portrait of this first generation and cameos that highlight their unique experiences. -- From publisher's description.

Acorna's Rebels Gypsy Shadow Publishing

For more than thirty years, Anne McCaffrey has reigned as one of the premier talents in science fiction and fantasy, flying above the crowd on the glittering wings of such masterworks as *The Dragonriders of Pern* and *Crystal Singer*. Now, McCaffrey soars to dizzying unscaled heights in an exciting new world bursting with adventure and romance . . . On Vega III, where the jaded inhabitants pursue lives of malicious intrigue and decadent pleasure, Lady Nimisha Boynton-Rondymense has always been an anomaly. Disdainful of the frivolity of her

fellows, she prefers the exciting and challenging world of her father, Lord Tionel, owner and principal starship designer of the famous Rondymense shipyards. Precociously gifted, Nimisha becomes Lord Tionel's secret assistant—and, in the aftermath of a shocking tragedy, his chosen successor at the helm of the shipyards. But supplanting her father's designated body-heir, the callow Lord Vestrin, is a slight that Vestrin and his mother, Lady Vescuya, will not easily forget. Or forgive. Preoccupied with carrying on her father's ambitious plans for the Mark 5, an experimental long-distance cruiser, Nimisha dangerously disregards Vestrin's animosity—until a solo test flight of the Mark 5 goes horribly awry, marooning Nimisha light-years from home on a planet as deadly as it is beautiful. Now, Vestrin and Vescuya are given the chance they've been waiting for: to reclaim the shipyards . . . by any means necessary. Only Nimisha's child, Cuiva—a girl every bit as ingenious as her mother—stands in their way. But for how long? For just when her daughter needs her most, Nimisha is unable to help—and in a precarious situation herself. But

Nimisha has never given up in her life—and she's not about to start now . . .

The Tower and the Hive Del Rey
NEW YORK TIMES BESTSELLER • “A richly detailed story on a par with the rest of the Pern canon . . . another successful McCaffrey mother-and-son collaboration.”—Booklist At Natalon’s mining camp, Pellar embarks on a secret mission to discover whether the condemned criminals known as the Shunned are stealing coal. But the gifted tracker discovers that a far more treacherous plot is unfolding. A heartless thief named Tenim has realized there is profit to be made from firestone, the volatile mineral that enables the dragons of Pern to burn the lethal Thread out of the sky. When the last remaining firestone mine explodes, a desperate race begins to find a new deposit of the deadly but essential mineral. Sure enough, Tenim has a murderous plan to turn tragedy to his own advantage. Now Pellar and his new friends—the kind and gentle Halla, a child of the Shunned, and Cristov, the son of a corrupt miner—must stop Tenim. If they fail, it will mean the end for Pern and its dragonriders. “Grittier than the early parts

of the series; Todd's apparently brought a wider, more current worldview to Pern."—The San Diego Union-Tribune

 ***** She was one of the Crystal Singers, the élite, mysterious ones, who cut the crystals from the planet Ballybran - precious glittering crystals without which the universe could not function. Sent to the planet of

Ophtheria to repair the famous crystal organ, she was - at first - accorded all the honour and pomp due to her rank. Then her life became threatened and she found herself isolated at the very heart of the planet, knowing that she alone had the power to confront and destroy the evil that had permeated the world of Ophtheria. Would she be able to find the strength she needed?

The Rowan Del Rey

Old Enough to be Used Young Enough to be Broken Sassinak was twelve when the raiders came. That made her just the right age: old enough to be used, young enough to be broken. Or so the slavers thought. But Sassy turned out to be a little different from your typical slave girl. Maybe it was her unusual physical strength. Maybe it was her friendship with the captured Fleet crewman. Maybe it was her spirit. Whatever it was, it wouldn't let her resign herself to the life of a slave. She bided her time, watched for her moment. Finally it came, and she escaped. But that was only the beginning for Sassinak. Now she's a Fleet Captain with a pirate-chasing ship of her own, and only one regret in her life: not enough pirates. At the publisher's

request, this title is sold without DRM (Digital Rights Management).

Dragonsblood Del Rey

Fifteen-year-old Menolly allies with magnificent dragons in the first book in the Harper Hall trilogy, set within science fiction legend Anne McCaffrey's beloved and bestselling Dragonriders of Pern series. For centuries, the world of Pern has faced a destructive force known as Thread. But the number of magnificent dragons who have protected this world and the men and women who ride them are dwindling. As fewer dragons ride the winds and destruction falls from the sky, Menolly has only one dream: to sing, play, and weave the music that comes to her so easily—she wishes to become a Harper. But despite her great talents, her father believes that a young girl is unworthy of such a respected position and forbids her to pursue her dreams. So Menolly runs away, taking shelter in a cave by the sea. Miraculously, she happens upon nine fire lizards that could possibly save her world...and change her life forever.

First Warning Harper Collins

Now in one volume--in two bestselling sequels to to Anne McCaffrey's "The Ship Who Sang," two physically impaired young girls become "brains" controlling their own starships.

Dragonsong Harper Collins

The unicorn girl must rescue her beloved and defeat a dreaded alien menace in this action-packed conclusion to the fantasy space opera series. Beloved by millions of readers, Anne McCaffrey is one of science fiction's favorite authors. Writing with award-winning author Elizabeth Ann Scarborough, she has created the bestselling Acorna series, focusing on the adventures of the brave unicorn girl. With Acorna's Triumph, they turn to the dramatic conclusion of the series, as Acorna faces her most difficult challenge ever. She has defeated slavers, a deadly international conspiracy, and the vicious alien Khleevi, only to endure the loss of her beloved Aari, distant in both time and space. Now, finally, Aari has returned, and together they can finish rebuilding their home world. But Aari is oddly changed, to the point where he barely remembers Acorna—much less their love—and his actions grow more and more sinister. . . .

As Acorna tries to stop a vicious criminal from destroying innocents, a new complication arises. Sensing the Linyaari weakness, the deadly Khleevi return, determined to take back the planet—for good. In this dark time, it will take all the unicorn girl's courage and determination to rescue Aari and stop the alien menace once and for all. Praise for Acorna's Triumph "McCaffrey and Scarborough's finale to the charming Acorna saga will please the two authors' many fans and lovers of horses and cats generally. . . . A fitting coda to the series. Both Acorna and Aari and their creators can ride off into the starlight with clear consciences."

—Publishers Weekly "This coda to McCaffrey's popular series packs plenty of action into 320 pages." —Booklist "I would recommend this as great read for anyone that is interested in time travel and fantasy. Anne McCaffrey and Elizabeth Scarborough have not only hit a home run but cleared the bases with this novel."

Dragon's Fire Harper Collins

Three old space mining prospectors in their beat-up space ship discover a small pod floating in space. Inside is a tiny girl

child, with funny little hooves, a wealth of silver hair growing on her body, and a lump in the middle of her forehead which, as time elapses, grows into a horn. It is a sort of unicorn. When the old prospectors come to sell their ores on the home planet controversy breaks out. Bureaucrats want to put her in a home and cut off her deformity, scientists want to study her and isolate her, and so the old three kidnap her back on their ship and go roaring off round the universe, having adventures, saving her, and finally having her save all the child slaves on a terrible planet called Kezdet. It is space opera at it's best and will be followed by more in the series, no doubt tracing Acorna to her home planet.

No One Noticed the Cat Del Rey

Finally... She's written The Book on Dragons. Anne McCaffrey is as renowned for her knowledge of dragons as she is for her New York Times bestselling novels. In this beautifully designed hardcover, McCaffrey focuses her attention on the fantastical creature's existence throughout history. Her words are complemented by the stunning color portraits by John Howe, noted for his success with several J.R.R. Tolkien calendars and maps. Engagingly

conceived, McCaffrey's story is a modern-day dragon fantasy, colored with excerpts of some of the most thrilling scenes taken from classic dragon tales and accompanied by John Howe's

magnificent art. Dragons from the time of the Bible and the Babylonians, the Arthurian Era and the Chinese Dynasties, to the current dragons invented by Robin McKinley, Gordon R. Dickson, Melanie Rawn, and McCaffrey herself--are all fully

explored and rendered in glorious detail. At once a thrilling history, a charming fantasy, and a tantalizing art book, *A Diversity of Dragons* is sure to find a place beside Anne McCaffrey's other bestsellers.
