NATIONAL BESTSELLER • From the winner of the Nobel Prize in Literature and author of *Never Let Me Go* and the Booker Prize-winning novel *The Remains of the Day* comes a luminous meditation on the act of forgetting and the power of memory. In post-Arthurian Britain, the wars that once raged between the Saxons and the Britons have finally ceased. Axl and Beatrice, an elderly British couple, set off to visit their son, whom they haven't seen in years. And, because a strange mist has caused mass amnesia throughout the land, they can scarcely remember anything about him. As they are joined on their journey by a Saxon warrior, his orphan charge, and an illustrious knight, Axl and Beatrice slowly begin to remember the dark and troubled past they all share. By turns savage, suspenseful, and intensely moving, *The Buried Giant* is a luminous meditation on the act of forgetting and the power of memory.

Based on the hit graphic-novel series from BOOM! Studios, the publisher behind *Lumberjanes*, *Giant Days* follows the hilarious and heartfelt misadventures of three university first-years: Daisy, the innocent home-schooled girl; Susan, the sardonic wit; and Esther, the vivacious drama queen. While the girls seem very different, they become fast friends during their first week of university. And it's a good thing they do, because in the giant adventure that is college, a friend who has your back is key—something Daisy discovers when she gets a little too involved in her extracurricular club, the Yogic Brethren of Zoise. When she starts acting strange and life around campus gets even stranger (missing students, secret handshakes, monogrammed robes everywhere . . .), Esther and Susan decide it's up to them to investigate the weirdness and save their friend.

Going off to university is always a time of change and growth, but for Esther, Susan, and Daisy, things are about to get a little weird. University is a time to learn for most, but for Susan, Esther, and Daisy academia seems to be throwing more at them than books and learning. House-hunting,

terrible breakups, and regretful hookups pepper the girls lives this semester as they navigate their way through Freshman year. Thankfully, they have each other. This second volume of *Giant Days: Not On The Test Edition*, written by John Allison (*Bad Machinery*, *Scary Go Round*) and illustrated by Max Sarin and Liz Fleming, collects the third and fourth story arcs of the Eisner Award and Harvey Award-nominated series, as well as additional never-before-collected *Giant Days* comics in a deluxe hardcover.

"A necessary book for anyone truly interested in what we take from the sea to eat, and how, and why." —Sam Sifton, *The New York Times* Book Review Acclaimed author of *American Catch* and *The Omega Principle* and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna. Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. *Four Fish* offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception.

Giant Days Boom
