Living on a damaged planet challenges who we are and where we live. This timely anthology calls on twenty eminent humanists and scientists to revitalize curiosity, observation, and transdisciplinary conversation about life on earth. As human-induced environmental change threatens multispecies livability, *Arts of Living on a Damaged Planet* puts forward a bold proposal: entangled histories, situated narratives, and thick descriptions offer urgent “arts of living.” Included are essays by scholars in anthropology, ecology, science studies, art, literature, and bioinformatics who posit critical and creative tools for collaborative survival in a more-than-human Anthropocene. The essays are organized around two key figures that also serve as the publication’s two openings: Ghosts, or landscapes haunted by the violences of modernity; and Monsters, or interspecies and intraspecies sociality. Ghosts and Monsters are tentacular, windy,

and arboreal arts that invite readers to encounter ants, lichen, rocks, electrons, flying foxes, salmon, chestnut trees, mud volcanoes, border zones, graves, radioactive waste—in short, the wonders and terrors of an unintended epoch. L'auteur analyse avec finesse les mangas et leurs personnages phares pour dévoiler la dimension philosophique de leurs aventures haletantes. Richement illustré par Samuel Rimbault, cet ouvrage de référence donne une nouvelle dimension à nos mangas préférés. Ivan Taveau est passionné de mangas et de philosophie dont il se nourrit affectueusement depuis qu'il y a goûté. Ouvrir une porte d'entrée à d'autres sur l'un ou sur l'autre, voire sur les deux, est pour lui l'objectif ultime !

Ici, se trouvent presentees la mythologie et les croyances des Baka. L'auteur a recueilli, au cours de longues annees de sejour parmi eux, l'expression de leurs traditions dans ce domaine d'accès difficile. La mythologie (vol. 1) est developpee dans un ordre relativement chronologique, du moins pour la presentation des entites qui la composent, d'apres les entretiens avec des anciens dont les paroles sont fidelement rapportees. Son intemporalite apparait des le premier abord. Les demiurges primordiaux, Komba et son neveu uterin Waito, ne sont pas des createurs, mais des organisateurs d'une creation fondamentale preexistante. Komba faconne, a partir d'une prehumanite, l'ensemble des etres vivants, animaux et vegetaux. Detenteur de tous les biens vitaux, comme l'eau, le feu ... et des connaissances, c'est Waito, heros civilisateur et pere des humains, qui les lui derobe pour en faire profiter les hommes. Les contes (vol. 1 et 2) sont en fait des mythes d'origine et des contes explicatifs, rationalisant les mysteres de la nature et projetant dans l'imaginaire collectif l'organisation traditionnelle de la societe. Ils vehiculent les grands principes moraux qui regissent l'univers social des Baka et constituent le livre oral de la Loi que se transmettent les generations. Ils sont egalement un reservoir des connaissances acquises au cours des temps, sans exclure l'apport du monde actuel. Le vol. 2 presente aussi un recueil d'etymologies populaires des noms, surtout de ceux des animaux, egalement explicatives et en rapport avec le contenu des mythes et des contes. Ce trait de recherche du sens des termes est particulier aux Baka. Cette particularite est liee a l'usage de la langue oubanguienne, tres monosyllabique et permettant le decoupage des termes plurisyllabiques en syntagmes, voire en onces. Avec aquarelles de Rita Hissel.

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known

byways of Arthurian legend and stories of real-life crime and punishment; women’s voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people’s ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints’ lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

*Gantz Omnibus Volume 1* Oxford University Press

L'auteur plonge dans la magie de l'épopée de Guts, qui a fait frémir un grand nombre de lecteurs par sa profondeur et sa maîtrise... Publié à partir de 2004 par Glénat en France, *Berserk* est un manga qui brille par son univers riche, tortueux et sombre. C’est une savante alchimie entre le Seigneur des anneaux et les tableaux de Jérôme Bosch et Gustave Doré. Le nombre de ventes du manga *Berserk* dépasse actuellement les 35 millions de volumes écoulés dans le monde entier. L’ouvrage *Berserk*. À l’encre des ténèbres revient sur tous les aspects de la vie de l’auteur du manga, Kentaro Miura, sur l’histoire de *Berserk*, et analyse en profondeur la symbolique de l’œuvre. Quentin Boëton propose, dans ce réel travail de recherches, de retracer un pan de l’histoire des mangas Bersek dans ce recueil unique à visée didactique, qui décrypte les inspirations, le contexte et le contenu de ces mangas à travers des réflexions et des analyses originales. EXTRAIT De tous les personnages de *Berserk*, Griffith est sans aucun doute l’un des plus difficiles à cerner. Cet être à l’apparence presque angélique renferme en lui des ténèbres dépassant l’imagination. Il montre ainsi des visages très différents, témoignant d’une poigne de fer dans un gant de velours. Griffith sait que pour être mystérieux et fascinant, il faut être « illisible », savoir brouiller les cartes pour cacher sa véritable personnalité. Judo lui-même a saisi la complexité de ce masque à deux visages, qui oscille entre le bon et le mauvais : « Comment dire ? Il semble touché par la sagesse et pourtant il a l’apparence d’un gamin. Un instant il te jette un regard à te glacer le sang, l’instant d’après il te sourit comme un bébé né de la dernière pluie. Je ne saurais dire s’il est mature ou irresponsable, s’il est foncièrement bon ou la pire des racailles. » Personnage trouble, Griffith s’est vu offrir par Miura une destinée, un objectif... un rêve. Il l’a doté d’une ambition si dévorante que le Faucon va illustrer de la pire façon l’adage populaire « la fin justifie les moyens », l’idée que lorsqu’on désire quelque chose, il faut être prêt à tout lui sacrifier. Là où Miura fait encore une fois preuve de finesse, c’est qu’au lieu de créer un personnage méprisable et basement avide, il imagine un Griffith rayonnant et magnétique, qu’on est au départ prompt à admirer. CE QU'EN DIT LA CRITIQUE "Ce n'est pas la première lecture de cette maison d'édition que je lis et, encore une fois, c'est une perle ! Déjà, le livre est en lui-même très beau avec sa couverture rigide représentant un personnage emblématique et l'ambiance sombre du manga. Analyser *Berserk* n'est pas tâche facile, et pourtant l'auteur s'en sort haut la main, bravo à lui et quel bel hommage au sublime manga qu'est *Berserk* ! Moi qui aime analyser des oeuvres que j'adore, me voilà comblée ! Excellent travail !" - Kae Morrigan sur Babelio À PROPOS DE L'AUTEUR Après une maîtrise de Droit abandonnée et une obscure carrière de musicien maudit, Quentin Boëton trouve la lumière cosmique et un sens à sa vie en entrant aux Beaux-Arts de Paris à vingt-cinq ans, dont il sort diplômé en 2009, après y avoir appris la vidéo et Photoshop en autodidacte. Là-bas, il peut enfin laisser libre cours à son amour presque maladif pour l’étrange, l’art et pour la création. Après trois ans comme monteur sur un obscur long-métrage appelé *Sorgoï* Prakov et des années de galère, c’est par un besoin irrépissible de sortir ses projets de sa tête qu’il lance, sans trop y croire, la chaîne YouTube « ALT 236 » à trente-cinq ans. Grâce à un miracle, et le soutien des abonnés, il exerce cette activité de vidéaste à plein temps. Il explore avec une passion dévorante les recoins sombres de l’imaginaire humain et tente d’y inviter tout le monde, y compris les néophytes. Passé par l’émission BiTS, il tient également une rubrique pour le magazine Canard PC.

Tsunayoshi Sawada (Tsunas for short) is a cowardly junior high student who doesn't excel at academics or sports. He only attends school so he can stare at his beautiful classmate Kyoko from

afar. But Tsuna's life takes a dramatic turn when Reborn, a suit-wearing, gun-toting baby who claims to be an Italian hit man, shows up at his house. Reborn was sent to Japan to groom Tsuna for his future life as a big Mafia boss. Tsuna doesn't believe this absurd story, so Reborn shoots Tsuna in the head with his gun. As Tsuna faces his own death, he's filled with regret that he never confessed his feelings to Kyoko...and suddenly he's overcome with supernatural powers that allow him to run off screaming to tell Kyoko how much he loves her. After five minutes, Tsuna goes back to normal. Reborn explains how his gun works: when he shoots a person in the head, if that person has regrets about her life, then she will die and be reborn, temporarily endowed with special powers that enable her to fix or solve whatever is the source of her regret. (If Reborn shoots someone who is free of regret, she would die.) Tsuna becomes Reborn's disciple, and because Reborn shoots Tsuna in the head all the time, he is constantly being reborn and growing into a stronger and better person, gradually impressing those around him and making friends.

In the midst of spiraling ecological devastation, multispecies feminist theorist Donna J. Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants. She eschews referring to our current epoch as the Anthropocene, preferring to conceptualize it as what she calls the Chthulucene, as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices. The Chthulucene, Haraway explains, requires sym-poiesis, or making-with, rather than auto-poiesis, or self-making. Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures. Theoretically and methodologically driven by the signifier SF—string figures, science fact, science fiction, speculative feminism, speculative fabulation, so far—Staying with the Trouble further cements Haraway's reputation as one of the most daring and original thinkers of our time.
