Sophie's World Little, Brown Books for Young Readers

Have you ever walked away from an argument and suddenly thought of all the brilliant things you wish you'd said? Do you avoid certain family members and colleagues because of bitter, festering tension that you can't figure out how to address? Now, finally, there's a solution: a new framework that frees you from the trap of unproductive conflict and pointless arguing forever. If the threat of raised voices, emotional outbursts, and public discord makes you want to hide under the conference room table, you're not alone. Conflict, or the fear of it, can be exhausting. But as this powerful book argues, conflict doesn't have to be unpleasant. In fact, properly channeled, conflict can be the most valuable tool we have at our disposal for deepening relationships, solving problems, and coming up with new ideas. As the mastermind behind some of the highest-performing teams at Amazon, Twitter, and Slack, Buster Benson spent decades facilitating hard conversations in stressful environments. In this book, Buster reveals the psychological underpinnings of awkward, unproductive conflict and the critical habits anyone can learn to avoid it. Armed with a deeper understanding of how arguments, you'll be able to: Remain confident when you're put on the spot Diffuse tense moments with a few strategic questions Facilitate creative solutions even when your team has radically different perspectives Why Are We Yelling will shatter your assumptions about what makes arguments productive. You'll find yourself having fewer repetitive, predictable fights once you're empowered to identify your biases, listen with an open mind, and communicate well. *The Butterfly Book* Macmillan + ORM

A collection born of polyphony and the rhythms of our cosmos—intimate in its stakes, celestial in its dreams. Tethered to Stars inhabits the deductive tongue of astronomy, the oracular throat of astrology, and the living language of loss and desire. With an analytical eye and a lyrical heart, Fady Joudah shifts deftly between the microscope, the telescope, and sometimes even the horoscope. His gaze lingers on the interior space of a lung, on a butterfly poised on a filament, on the moon temple atop Huayna Picchu, on a dismembered live oak. In each lingering, Joudah shares with readers the palimpsest of what makes us human: “We are other worms / for other silk roads.” The solemn, the humorous, the erotic, the transcendent—all of it, in Joudah’s poems, steeped in the lexicon of the natural world. “When I say honey,” says one lover, “I’m asking you whose pollen you contain.” “And when I say honey,” replies another, “you grip my sweetness / on your life, stigma and anthophile.” Teeming with life but tinged with a sublime proximity to death, *Tethered to Stars* is a collection that flows “between nuance and essentialization,” from one of our most acclaimed poets.

A triumphant memoir by the former editor-in-chief of French Elle that reveals an indomitable spirit and celebrates the liberating power of consciousness. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman

he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

Archer Hamilton is a collector of rare and beautiful insects. Gina Shaw is a servant in his uncle's house. Clearly out of place in the position in which she has been discovered, she becomes a source of fascination . . . and curiosity. A girl with a blighted past and a fortune she deems a curse, Gina has lowered herself in order to find escape from her family and their scheming designs. But when she is found, the stakes suddenly become dire. All Gina wants is the freedom to live her life as she would wish. All her aunts want is the money that comes with her. But there is more than one way to trap an insect. An arranged marriage might turn out profitable for more parties than one. Mr. Hamilton is about to make the acquisition of a lifetime. But will the price be worth it? Can a woman captured and acquired learn to love the man who has bought her?

Sharman Apt Russell again blends her lush voice and keen scientific eye in this marvelous book about butterflies. From Hindu mythology to Aztec sacrifices, butterflies have served as a metaphor for resurrection and transformation. Even during World War II, children in a Polish death camp scratched hundreds of butterflies onto the walls of their barracks. But as Russell points out in this rich and lyrical meditation, butterflies are above all objects of obsession. From the beastly horned caterpillar, whose blood helps it count time, to the peacock butterfly, with wings that hiss like a snake, Russell traces the butterflies through their life cycles, exploring the creatures' own obsessions with eating, mating, and migrating. In this way, she reveals the logic behind our endless fascination with butterflies as well as the driving passion of such legendary collectors as the tragic Eleanor Glanville, whose children declared her mad because of her compulsive butterfly collecting, and the brilliant Henry Walter Bates, whose collections from the Amazon in 1858 helped develop his theory of mimicry in nature. Russell also takes us inside some of the world's most prestigious natural history museums, where scientists painstakingly catalogue and categorize new species of Lepidoptera, hoping to shed light on insect genetics and evolution. A luminous journey through an exotic world of obsession and strange beauty, this is a book to be treasured by anyone who's ever watched a butterfly mid-flight and thought, as Russell has, "I've entered another dimension."

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world,

with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

"In this satisfying, lyrical memoir," an American woman discovers her true faith—and true love—by converting to Islam and moving to Egypt (Publishers Weekly). Raised in Boulder, Colorado, G. Willow Wilson moved to Egypt and converted to Islam shortly after college. Having written extensively on modern religion and the Middle East in publications such as *The Atlantic Monthly* and *The New York Times Magazine*, Wilson now shares her remarkable story of finding faith, falling in love, and marrying into a traditional Islamic family in this "intelligently written and passionately rendered memoir" (*The Seattle Times*, 27 Best Books of 2010). Despite her atheist upbringing, Willow always felt a connection to god. Around the time of 9/11, she took an Islamic Studies course at Boston University, and found the teachings of the Quran astounding, comforting, and profoundly transformative. She decided to risk everything to convert to Islam, embarking on a journey across continents and into an uncertain future. Settling in Cairo where she taught English, she soon met and fell in love with Omar, a passionate young man with a mild resentment of the Western influences in his homeland. Torn between the secular West and Muslim East, Willow—with her shock of red hair, shaky Arabic, and Western candor—struggled to forge a "third culture" that might accommodate her values as well as her friends and family on both sides of the divide. Part travelogue, love story, and memoir, "Wilson has written one of the most beautiful and believable narratives about finding closeness with God" (*The Denver Post*).

This translation of Nizar Kabbani's poetry is accompanied by the striking Arabic texts of the poems, penned by Kabbani especially for this collection. Kabbani was a poet of great simplicity - direct, spontaneous, musical, using the language of everyday life. He was a ceaseless campaigner for women's rights, and his verses praise the beauty of the female body, and of love. He was an Arab nationalist, yet he criticized Arab dictators and the lack of freedom in the Arab world.

In Mahmoud Darwish: The Poet's Art and His Nation, Mattawa pays tribute to one of the most celebrated and well-read poets of our era. With detailed knowledge of Arabic verse and a firm grounding in Palestinian history, Mattawa explores the ways in which Darwish's aesthetics have played a crucial role in shaping and maintaining Palestinian identity and culture through decades of warfare, attrition, exile, and land confiscation. Mattawa chronicles the evolution of his poetry, from a young poet igniting resistance in occupied land to his decades in exile where his work grew in ambition and scope. In doing so, Mattawa reveals Darwish's verse to be both rooted to its place of longing and to transcend place, as it reaches for the universal and the human.

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

Mahmud Darwish, Samih al-Qasim and Adonis are amongst the leading poets in the Arab world today. *Victims of a Map* presents some of their finest work in translation, alongside the original Arabic, including thirteen poems by Darwish never before published - in English or Arabic - and a long work by Adonis written during the 1982 siege of Beirut, also published here for the first time. *The Butterfly Mosque* UpSet Press

A "marvelous...compelling" (*The New York Times Book Review*) biography of literary icon Henry Adams—one of America's most prominent writers and intellectuals, who witnessed and contributed to the United States' dramatic transition from a colonial society to a modern nation. Henry Adams is perhaps the most eclectic, accomplished, and important American writer of his time. His autobiography and modern classic *The Education of Henry Adams* was widely considered one of the best English-language nonfiction books of the 20th century. The last member of his distinguished family—after great-grandfather John Adams, and grandfather John Quincy Adams—to gain national attention, he is remembered today as an historian, a political commentator, and a memoirist. Now, historian David Brown sheds light on the brilliant yet under-celebrated life of this major American intellectual. Adams not only lived through the Civil War and the Industrial Revolution but he met Abraham Lincoln, bowed before Queen Victoria, and counted Secretary of State John Hay, Senator Henry Cabot Lodge, and President Theodore Roosevelt as friends and neighbors. His observations of these powerful men and their policies in his private letters provide a penetrating assessment of Gilded Age America on the cusp of the modern era. "Thoroughly researched and gracefully written" (*The Wall Street Journal*), *The Last American Aristocrat* details Adams's relationships with his wife (Marian "Clover" Hooper) and, following her suicide, Elizabeth Cameron, the young wife of a senator and part of the famous Sherman clan from Ohio. Henry Adams's letters—thousands of them—demonstrate his struggles with depression, familial expectations, and reconciling with his unwanted widower's existence. Offering a fresh window on nineteenth century US history, as well as a more "modern" and "human" Henry Adams than ever before, *The Last American Aristocrat* is a "standout portrait of the man and his era" (*Publishers Weekly*, starred review).
