In this important book Niklas Luhmann - one of the leading social thinkers of the late 20th century - analyses the emergence of 'love' as the basis of personal relationships in modern societies. He argues that, while family systems remained intact in the transition from traditional to modern societies, a semantics for love developed to accommodate extra-marital relationships; this semantics was then transferred back into marriage and eventually transformed marriage itself. Drawing on a diverse range of historical and literary sources, Luhmann retraces the emergence and evolution of the special semantics of passionate love that has come to form the basis of modern forms of intimacy and personal relationships. This classic book by Luhmann has been widely recognized as a work of major importance. It is an outstanding contribution to social theory and it provides an original and illuminating perspective on the nature of modern marriage and sexuality.

Experience the epic truth about your thyroid from the #1 New York Times best-selling author of the Medical Medium series. Everyone wants to know how to free themselves from the thyroid trap. As the thyroid has gotten more and more attention, though, these symptoms haven't gone away--people aren't healing. Labeling someone with "Hashimoto's," "hypothyroidism," or the like doesn't explain the myriad health issues that person may experience. That's because there's a pivotal truth that goes by unnoticed: A thyroid problem is not the ultimate reason for a person's illness. A problematic thyroid is yet one more symptom of something much larger than this one small gland in the neck. It's something much more pervasive in the body, something invasive, that's responsible for the laundry list of symptoms and conditions attributed to thyroid disease. Discover the real reasons and the healing path for dozens of symptoms and conditions, including: ACHES AND PAINS; ANXIETY AND DEPRESSION; AUTOIMMUNE DISEASE; BRAIN FOG AND FOCUS; CANCER; EPSTEIN-BARR VIRUS; PREGNANCY COMPLICATIONS; FATIGUE; MONONUCLEOSIS; FIBROMYALGIA AND CFS; HAIR THINNING AND LOSS; HASHIMOTO'S THYROIDITIS; HEADACHES AND MIGRAINES; HEART PALPITATIONS; VERTIGO; HYPERTHYROIDISM; HYPOTHYROIDISM; MENOPAUSAL SYMPTOMS; MYSTERY WEIGHT GAIN; SLEEP DISORDERS; TINGLES AND NUMBNESS

This book introduces the 3 kinds of investigations that can be made with a syncrometer. In the first kind of investigation, you can detect entities in your body, taken as a whole. For example, mercury aflatoxin, Streptococcus pneumonia, Epstein Barre virus, orthophosphotyrosine, benzene. Such a test is not as sensitive as the organ test, described next, but for this reason allows you to select those entities most abundant in the body and therefore of special significance; in the second, you can identify which organs contain a particular entity. For example, the mercury may be in the kidney, the Streptococcus in the joints, and so on. This allows you to embark on a cleanup program for your body in a focused way. The syncrometer lets you monitor your progress. And finally, you can detect entities in products. For example, lead in your household water, thulium in your reverse osmosis water, asbestos in your sugar.

Terra Nova describes a vision for a new culture: an Earth free of war, a society free of violence, a love free of lies, and a life free of fear. The author outlines this new Earth not only in theory, but also writes from his direct experience of its emergence. This book presents the essence of nearly forty years of pioneering work in establishing functioning communities. "How do we generate a new form of humaneness based on trust and mutual support? Where could the solution for the topics of sex, love, and partnership be found? How could the human community be integrated into the community of all beings and eventually into the order of the universe? Only if we succeed in answering these questions can global healing be possible." The book is a blueprint for the creation of a society based on trust: trust among people, trust between people and animals, and an original trust in life.

Most important is adding yourself to that list! Electricity can now be used to kill bacteria, viruses and parasites in minutes, not days or weeks as antibiotics require. If you have been suffering from HIV infection or AIDS related illness, learn to build the electronic device that will stop it immediately.  Presentation Be actors in our daily life. Daily life is a matter that we must work on to transform it because that is truly spiritual life. In this book, the author gives us no less than 115 methods and advice so as not to suffer what happens to us and to be actors in our daily life. 'Get into the habit of seeing the whole of your daily life, with all the things that you are obliged to do, the events that

occur and the beings with whom you have to live or whom you meet in your work as a raw material, a matter that you have to transform. Don't be passive. Don't be content to accept whatever comes and submit to events: always add an element to that raw material that will animate, vivify and spiritualize it. This is what the spiritual life really is: the ability to introduce into every activity a yeast capable of catapulting it on to a higher plane. You will ask, "What about meditation and prayer? Where do they come into it?" That is just the point: it is by meditation and prayer that you pick up that subtler, purer element that enables you to give a new dimension to all your acts.'
