compelling analysis of the scriptures.

How to Hear God Canterbury Press

Nothing could possibly matter more than
learning to discern the authentic voice of
God, but few things in life are more

susceptible to delusion, deception, and
downright abuse. When life falls apart and
we need God's comfort; in moments of
cultural turmoil when we need his clarity;
facing formidable decisions when we need
his guidance; desiring a deeper faith when
we need God to say something, anything,
to turn the monologue we call prayer into
a genuine conversation. Having addressed
God's silence in *God on Mute*, and then
How to Pray in his previous bestseller,
Pete Greig is back to bring wisdom and
guidance to one of the most pressing and
perplexing aspects of universal Christian
experience--*How to Hear God*. Exploring

the story of Christ's playful, poignant
conversation on the road to Emmaus, Pete
draws deeply from the insights of a wide
range of Christian traditions. He weaves
together the evangelical emphasis upon
hearing God in the Bible, and the
charismatic commitment to hearing God in
the prophetic, with the contemplative
understanding of God's "still, small voice"
within.

Between Two Worlds Routledge

Patterned after the annual feasts of the
Tabernacle, the annual 70 days of fasting
and prayer program is an annual spiritual
sacrifice that cannot but yield power and

breakthroughs given the covenant that backs it up. "We give all the glory to the Lord for what He has been doing with our annual Seventy days prayer and fasting programme. The Lord has used the programme to: Ignite the fire of revival in thousands of lives, put stubborn pursuers to flight, produce prayer eagles, open chapters of prosperity for many, confuse satanic dribblers and put the enemies' gear in reverse. Prayer is of great value in turbulent and non-turbulent situations. Prayer is a necessity not an option." "Howbeit this kind goeth not out but by PRAYER AND FASTING" (Matt 17:21).

Every great movement of God is preceded by a season of humility and repentance and a time of tearing down walls, of getting honest with God and others about your true spiritual condition. It may be hard. It may hurt. But in the end, God will use your brokenness to restore your 'first love' for Jesus, rekindle your spiritual fire, reconcile your relationships, and repair your life. A richer, deeper, more God-filled life is waiting for you. And it all begins with

Brokenness. The Revive Our Hearts Trilogy - Now in Paperback! This bestselling series by Nancy Leigh DeMoss has sold well over 80,000 copies! All three titles now include study questions at the end of each chapter, making them ideal for personal or small group study.

Christianity and Controversies over Homosexuality in Contemporary Africa Filament Publishing Ltd

This volume, bringing together work by scholars from Europe, East Asia, North America, and West Africa, investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples. It highlights flows of ideas, actors, and organizations out of, into, or within a given continental space. These flows are patterned mainly by colonialism or migration. The book also examines cases where the transnational space in question encompasses both East Asia and Africa, notably in the development of Japanese new religions in Africa. Most of the studies are located in the present; a few go back to the late nineteenth century. The volume is rounded off by Thomas Tweed's systematic reflections on categories for

the study of transnationalism; his chapter "Flows and Dams" critically weighs the metaphorical language we use to think, speak, and write about transnational religious spaces.

Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen Handbook of Megachurches Wipf and

This book explores the nature and significance of social engagement by megachurches using Anglican and African diaspora Pentecostal case studies. It describes the range of social engagement activities, offering explanations in terms of theological motivations and the influence of globalisation.

Renewing the Vision Zondervan

“Preaching is indispensable to Christianity.” World-renowned preacher John Stott opens this book with those five bold words. He maintains, further, that “nothing is better calculated to restore health and vitality to the church than a recovery of true, biblical, contemporary preaching.” Stott was aiming to foster such a recovery when he wrote *Between Two Worlds*, which has become a modern evangelical classic. The genius of this book is the way it synthesizes and distills Stott’s wealth of wisdom on preaching, focusing not so much on technical matters but more on theological foundations and on necessary personal characteristics of the preacher—sincerity, earnestness, courage, and humility. Preachers old and new will continue to find much to chew on in these

pages.

Pete Greig is a worldwide authority and the face of a generation when it comes to prayer. One of the founders of the 24-7 prayer movement, he has seen, experienced, and chronicled amazing works of God in the world. While you might imagine him to be puffed up, Pete Greig is entirely the opposite. He is enchanting, down-to-earth, friendly, and most of all, very normal—and yet he tells preposterous tales about prayer (and they’re true). He is basically a regular dude who loves to talk with God. *How to Pray* is written to evoke a passion for prayer in everyone—the committed follower of Jesus as well as the skeptic and the scared. The enormous blessing of *How to Pray* is that it is accessible, full of surprising stories of answered prayer, and tremendously

engaging. The basic idea is that prayer is a conversation between you and God. Pete Greig demystifies and reenchants prayer, helping you to find prayer achievable and enjoyable, and ultimately life-giving and life-changing. *How to Pray* is designed to be used together with *The Prayer Course* (a free video curriculum associated with the Alpha course), making it useful for personal and group or church-wide reading.

Issues of homosexuality are the subject of public and political controversy in many African societies today. Frequently, these controversies receive widespread attention both locally and globally, such as with the Anti-Homosexuality Bill in Uganda. In the international media, these cases tend to be presented as revealing a deeply-rooted homophobia in Africa fuelled by religious and cultural traditions. But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them. Complementing the companion volume, *Public Religion and the Politics of Homosexuality in Africa*, this

book investigates Christian politics and discourses on homosexuality in sub-Saharan Africa. The contributors present case studies from various African countries, from Nigeria to South Africa and from Cameroon to Uganda, focusing on Pentecostal, Catholic and mainline Protestant churches. They critically examine popular Christian theologies that perpetuate homophobia and discrimination, but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity, social justice and human rights in contemporary Africa.

The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale. This volume, with contributions from 98 leaders in theological education from around the world, provides a comprehensive introduction to the major themes and contexts in the international discourse on theological education,

surveys of the issues and challenges faced in different regions, and introductory essays on the developments in the major denominational families in World Christianity. The editors are Dietrich Werner, World Council of Churches, Geneva; David Esterline, McCormick Theological Seminary, Chicago; Namsoon Kang, Brite Divinity School, Fort Worth; and Joshva Raja, Queen's Foundation, Birmingham.

Issues of same-sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today. Frequently, these controversies receive widespread attention both locally and globally, such as with the Anti-Homosexuality Bill in Uganda. In the international media, these cases tend to be presented as revealing a deeply-rooted homophobia in Africa fuelled by religious and cultural traditions. But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them. This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa. It

presents case studies from across the continent, from Egypt to Zimbabwe and from Senegal to Kenya, and covers religious traditions such as Islam, Christianity and Rastafarianism. The contributors explore the role of religion in the politicisation of homosexuality, investigate local and global mobilisations of power, critically examine dominant religious discourses, and highlight the emergence of counter-discourses. Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality, social justice and human rights in contemporary Africa.

For the past sixty years, the Pentecostal and Charismatic movement has played a major role in Zambia. In this book, Naar Mfundisi-Holloway explains the history of this development and its impact on civic engagement. She opens a discussion on church-state relations and explains how the church presented a channel of hope in the wake of the HIV/AIDS pandemic, despite having a history that eschewed civic engagement. In fact, the pandemic

propelled the church to work alongside the state in the fight against the disease. Using interviews and historical analysis, this book provides valuable insight into how Pentecostal and Charismatic churches have effectively engaged matters of civic concern in Zambia dating from colonial times.

Power Must Change Hands - Prayer Points 1995-2010 Routledge

What exactly is a crowd? How do crowds differ from other large gatherings of people? And how do they transform emotions, politics, or faith? In *Crowds*, contributors draw on their experiences and expertise to reflect on their encounters with crowds. Each chapter examines a particular crowd or conception of crowdedness to provide an analysis of how, when, where—and with whom—crowds form in different contexts, as well as their purpose and the practical effect the experience has on both the participants and their environment. The wide selection of case studies ranges from the crowds that form every year during the Hajj, to New Year celebrations in China, commuters on the Delhi metro, public prayer in Nigeria, online mobs in

Bangladesh, and the crowds that have emerged during protest movements in Thailand and Syria. *Crowds* makes a key contribution to establishing an anthropological theory of crowds and will be an essential read for both students and researchers.

True Worship Christianity and Controversies over Homosexuality in Contemporary Africa

This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the decolonisation of development. Fostering

both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions. Therefore, the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies, anthropology, development studies, political science, religious studies,

sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.

La littérature sur le thème des Églises d'initiative africaine est très abondante en anglais, mais ce phénomène n'est pas encore un sujet de réflexion très abordé et approfondi dans le monde francophone. Il suscite souvent des réactions stéréotypées et négatives qui contrastent avec l'appréciation positive des membres et des promoteurs des Églises d'initiative africaine. Comment faut-il donc voir ce mouvement d'envergure croissante ? Cet

ouvrage donne la parole à la fois aux membres et missiologues issus des Églises d'initiative africaine et aux voix extérieures pour présenter ce phénomène en faisant une description puis une évaluation de la contextualisation faite par ces Églises et mouvements. Ce deuxième texte en français sur les Églises d'initiative africaine rédigé dans une perspective évangélique est le fruit d'un travail collectif des doctorants en missiologie de la Faculté de théologie évangélique de Bangui au Cameroun, élargi à quelques missiologues du Réseau évangélique de

missiologues pour la francophonie. Il intéressera tous ceux qui désirent mieux connaître les Églises d'initiative africaine.
