### JOSEPH RIYA

**Precious and the Monkeys** Material World

A pied piper rids the city of Hamelin of rats in this charming retelling of the classic tale.

**Mechanics of Coastal Sediment Transport** Oxford University Press

Dal Risorgimento ai nostri giorni, una storia organica di autori, libri e periodici rivolti ai giovani lettori, analizzati e inquadrati nel più ampio panorama della storia dell'istruzione e della politica scolastica del nostro paese. Questa nuova edizione prende inoltre in esame le più recenti problematiche relative alla lettura a scuola (biblioteche scolastiche, iniziative ministeriali), lo sviluppo dei generi di maggior successo (dalla poesia alla prosa di divulgazione scientifica e al fantasy) e l'analisi di alcuni personaggi letterari 'di culto' come Harry Potter e Geronimo Stilton, divenuti in breve tempo veri e propri fenomeni mediatici.

**The Littlest Witch** Europa Editions

Well before Precious Ramotswe founded her Number One Ladies' Detective Agency, as an eight-year-old girl she was already solving mysteries. Here, in this delightful, enchanting tale for children, we find out just who has been stealing her schoolfriends' snacks and how the young Precious became the crafty and intuitive private investigator we all know and love!

**The Selfish Giant** Da Capo Press

A fox steals a chicken. Why would the fox do this and not eat the bird?

**The Day After Roswell** Valancourt Books

Using Italian Vocabulary provides the student of Italian with an in-depth, structured approach to the learning of vocabulary. It can be used for intermediate and advanced undergraduate courses, or as a supplementary manual at all levels - including elementary level - to supplement the study of vocabulary. The book is made up of twenty units covering topics that range from clothing and jewellery, to politics and environmental issues, with each unit consisting of words and phrases that have been organized thematically and according to levels so as to facilitate their acquisition. The book will enable students to acquire a comprehensive control of both concrete and abstract

vocabulary allowing them to carry out essential communicative and interactional tasks. • A practical topic-based textbook that can be inserted into all types of course syllabi • Provides exercises and activities for classroom and self-study • Answers are provided for a number of exercises

**The Pied Piper of Hamelin** Macmillan

A visual ode to trees rendered by tribal artists from India, in a handsome handcrafted edition.

**The New Kingdom** Cambridge University Press

An immersive and vividly written historical novel for anyone who loved Ferrante's Neapolitan novels or Tracy Chevalier's *Girl with a Pearl Earring*.

**The Night Life of Trees** Taschen

With this first book in Russell Brand's *Trickster Tales* series, the famed comedian, actor, and bestselling author delivers a hilarious retelling of an old fairytale favorite that will appeal to adults and children alike. Once upon a time, long ago, in a time that seemed, to those present, exactly like now except their teeth weren't so clean and more things were wooden, there was a town

called Hamelin. The people of Hamelin were a pompous bunch who loved themselves and their town so much that if it were possible they would have spent all day zipped up in a space suit smelling their own farts. But space suits hadn't been invented yet so they couldn't. Then one day without warning a gang of rats bowled into the town and began causing a right rumpus... So begins Russell Brand's wildly funny and surprisingly wise retelling of the classic tale The Pied Piper of Hamelin. Whether you're a kid or a grown-up kid, you'll be chuckling the whole way through this zany story that bypasses Brand's more adult humor for the outrageous, the madcap, and the just plain silly. Maybe you've heard about the Pied Piper before, with his strange music and those pompous townspeople and pesky rats. Or maybe you haven't. But one thing is for sure: you've never heard it quite like this.

**The Death Book** Harper Collins

Better Eyesight Without Glasses is not only the definitive source for the classic Bates Method, it is in itself a remarkable phenomenon. Dr. William H. Bates's revolutionary and entirely commonsensical theory of self-taught improved eyesight has helped hundreds of thousands of people to triumph over normal defects of vision without the mechanical aid of eyeglasses. If you think that your eyesight could be made better by natural methods, you are right. After years of experimentation, Dr. Bates came to the conclusion that many people who wore glasses did not need them. He gradually and carefully developed a simple group of exercises for improving the ability of the eyes themselves to see, eliminating the tension caused by poor visual habits that are the major cause of bad eyesight. These exercises are based on the firm belief that it is the natural function of the eyes to see clearly and that anyone, child or adult, can learn to see better without glasses.

*The Bates Method for Better Eyesight Without Glasses* Dragonfly Books

This book treats the subject of sediment transport in the marine environment, covering transport of non-cohesive sediment by waves and current in- and outside the surf zone. It can be read independently, but a background in hydraulics and basic wave mechanics is required. It is intended for M.Sc. and Ph.D. students. The primary aim of the book is to describe the physical processes of sediment transport and how to represent them in mathematical models. It does not present a large number of different formulae for the sediment transport rates under various conditions. The book can be divided in two main parts; in the first, the relevant hydrodynamic theory is described; in the second, sediment transport and morphological development are treated. The hydrodynamic part contains a review of elementary theory for water waves, chapters on the turbulent wave boundary layer and the turbulent interaction between waves and currents, and finally, surf zone hydrodynamics and wave driven currents. The part on sediment transport introduces the basic concepts (critical bed shear stress, bed load, suspended load and sheet layer, near-bed concentration, effect of sloping bed); it treats suspended sediment in waves and current and in the surf zone, and current and wave-generated bed forms. Finally, the modelling of cross-shore and

long-shore sediment transport is described together with the development, of coastal profiles and coastlines.

**Egon Schiele, 1890-1918** Roaring Brook Press

Cited by the New York Review of Books as "the best brief for visitation," this classic study presents an analysis of UFO reports and concludes that many sightings cannot be easily dismissed.

*Clorofilla dal cielo blu* Birlinn

Hello to YOU! My name is Shrimp (real one Srinthip Prajom!). I come from a place called Ban Pong in Thailand. Can I be your best pen friend for a short bite? In my letters I will tell you all about the fun I am having here. You can: - find out how delicious beetles are and why disco prawns dance on your spoon - come on holiday with me and meet some turtles and sea gypsies - learn why you must never point your feet at a Thai person! There are some very nice pictures by my big brother, Frog, and my funny Uncle Boon has some stories to tell you too. You will have fun reading about me and the Land of Smiles!. Love, Shrimp!

*Using Italian Vocabulary* Simon and Schuster

The autobiography of Levi-Montalcini, who won the Nobel Prize for Medicine in 1986. Born in Torino into a middle-class Jewish family, she experienced the rise of fascism and antisemitism in the 1930s-40s (discussed on pp. 73-105). After the promulgation of the racial laws in 1938, it was impossible for her to pursue research at the Neurological Clinic and she continued her work in private. She survived the war hiding in a small town in Italy and later emigrated to the United States.

*The Stones of Muncaster Cathedral* Simon and Schuster

"In the intellectual life of a scholar, it is not infrequent for a research question to rattle around in the back of the mind for years. Then all of a sudden comes the realisation that the time is ripe to tackle the topic, and that an attempt has to be made at presenting, discussing and empirically analysed it. I will not go into the reasons why I think that this is now the right moment to address the question on the implementation of the two traditional democratic values, and their transformations over recent years, partly as a consequence of the economic crisis, and its prospective sustainability. Maybe in his Discorsi Machiavelli was only right when he recommends going back to values in times of crisis. There are, of course, other objective and subjective reasons, and the former will emerge directly and indirectly in the first chapter"--.

*The Nun* Random House

A selfish giant decides to share his garden in a delightful retelling of Oscar Wilde's classic, spiritual tale.

**The Chicken Thief** Holt Paperbacks

Kessler shows how political considerations distorted the liberalization process in Mexico, leading to inconsistent and unsustainable patterns of financial policy. Although market reform is promoted in developing countries to improve economic efficiency and stimulate growth, in Mexico financial

liberalization provided rent-seeking opportunities for privileged groups and increased the states' ability to finance politically inspired obligations. The research examines four periods: the populist administrations of Echeverría and Lopez Portillo, during which the foundations of modern financial markets were paradoxically laid; the debt-crisis years of de la Madrid, who reversed his party's political strategy by favoring the business class with financial opportunities; the economic transformation undertaken by Carlos Salinas, who mixed genuine reform with destabilizing anti-market measures; and the political watershed of the Zedillo administration, whose unpopular bank rescue gave opposition parties unprecedented power within Mexico's policy making process. Kessler also provides a comparison of financial collapse in two other emerging markets, South Korea and Russia, and examines the political roots of crisis in both countries. He concludes by suggesting how greater attention to questions of power, social organization, and challenges to state authority can help the policy-making community avoid giving well-meaning advice that is unlikely to be implemented in a sustainable way.

*Robin and the Pirates* Text Publishing

It was sick and hungry and a long, long way from home... Something is causing mysterious circles to appear in the cornfields of Cansfield Farm. And someone, or something, has obviously terrified Barry Cansfield, the farmer's bullying son. But when friends Ben and Midge sneak out to the farm to investigate, they discover a secret more terrifying than they could possibly have imagined - a truly monstrous horror that simply must be stopped...

**Caribs' Leap** Alma Books

A classic fable about the search for identity, from Caldecott Honor winning picture book creator Leo Lionni. Pezzettino lives in a world in which everyone is big and does daring and wonderful things. But he is small, just a "little piece," which is the meaning of pezzettino in Italian. "I must be a piece of somebody. I must belong to someone else," he thinks. How Pezzettino learns that he belongs to no one but himself is the joyous and satisfying conclusion to this beautiful mosaic style picture book.

**Hungry Planet** Bloomsbury Publishing USA

Providing a forum for children to ask questions about death, this resource uses visual jokes and informal language to inspire frank discussion and thoughtful reflection. The author provides a wide range of unsentimental, disarming ways of talking about death with her signature comedic drawing style, making fantasies, fears, and realities of death accessible for her readers. Full-color illustrations.

**The Seamstress of Sardinia** World Scientific

Halli loves the old stories from when the valley was a wild and dangerous place when the legendary heroes stood together to defeat the ancient enemy, the bloodthirsty Trows. Nowadays heroics seem a thing of the past. But when a practical joke rekindles an old blood feud, Halli spots a chance for a quest of his own.
