Best House Ideas*  
HarperCollins  
Nestled in thriving  
woodlands, overlooking  
bodies of water, or  
even exposed to the  
elements on a  
mountain's peak,  
architects are  
contending to create  
high-impact spaces on  
a small scale. Cabin

Fever takes a broad  
look at remote retreats  
designed to make the  
most of their natural  
surroundings and  
illustrates why the call  
of the wild is louder  
than ever. A desire to  
escape the commotion  
of the city without  
sacrificing creature  
comforts is something  
felt by many;  
especially in today's  
interconnected world.  
Featuring rustic timber  
cabins on stilts,  
mirrored pods in the

woods, and otherworldly off-grid getaways, *Cabin Fever* showcases a new wave of modern hideaways, all remotely positioned and away from the hustle and bustle.

One of the most popular interior design trends, minimalism highlights the essence of a room, stressing clean lines, clutter-free spaces, and a limited color palette. In *150 Best Minimalist House Ideas*, photographs and floor plans of minimalist homes around the world are featured. The images are of stunning bedrooms, living rooms, dining rooms, kitchens, and bathrooms; and insightful text complements them to

reveal the methods used to make the minimalist rooms so eye-catching and desirable. The text includes a wealth of both big-picture and more focused ideas. It covers subjects such as walls (if and when to use them), doors, and partitions; flooring, lighting, furniture, and staircases; and explores color, patterns, materials, and texture. The houses featured in this extraordinary volume were developed by distinguished international designers at the forefront of the minimalist movement. The result is a guide that offers both inspiration and practical, easy-to-follow advice for creating maximum beauty using minimal elements.

### The Modern A-Frame

HarperCollins

Are you yearning for a simpler existence? Find the rural escape of your dreams in this beautiful book from the creators of the wildly popular tumblr Cabin Porn. Created by a group of friends who preserve 55 acres of hidden forest in Upstate New York, Cabin Porn began as a scrapbook to collect inspiration for their building projects. As the collection grew, the site attracted a following, which is now a huge and obsessive audience. The site features photos of the most remarkable handmade homes in the backcountry of America and all over the world. It has had over 10 million unique visitors, with 350,000 followers on Tumblr.

Now Zach Klein, the creator of the site (and a co-founder of Vimeo) goes further into the most alluring images from the site and new getaways, including more interior photography and how-to advice for setting up a quiet place somewhere. With their idyllic settings, unique architecture and cozy interiors, the Cabin Porn photographs are an invitation to slow down, take a deep breath, and feel the beauty and serenity that nature and simple construction can create.

### Cabins Harper Collins

Modern Cabin turns a true icon on its head—radically redefining what a cabin can be. For those who've always wanted a woody retreat but want to create a softer

environment footprint, Michelle Kodis has gathered twenty-two examples of mountain retreats that push the envelope of cabin architecture and lead the way for the cabin of the future. Architects are creating structures that showcase inspiring and innovative construction methods and materials-including prefab components, environmentally responsible and energy-efficient building techniques, and even "smart" house technology. [Uncle Tom's Cabin](#) Fox Chapel Publishing From the highly successful 150 Best series, the ultimate resource for single home buyers and owners, architects, developers, and designers, filled with

contemporary, fresh ideas for sustainable construction and gorgeous interiors, vividly captured in hundreds of stunning four-color photographs. 150 Best All New House Ideas is a visually stunning look at the latest in innovative home construction and interior design. It brings together an extensive collection of single-family houses from all over the world, created by distinguished international architects and designers who have worked to achieve practical and functional solutions adapted to the specific needs and particular tastes of their clients. Each of the 150 houses profiled showcases the latest trends and up-to-date influences from

around the world. The houses displayed come in all sizes, from mini cottages to multi-room manors. Taking advantage of technological advances in building and materials, all of these homes are beautiful and inviting as well as energy efficient and environmentally friendly. This beautiful compilation brings together the diversity of current trends in house design and is an inspirational source of ideas for homeowners and those considering buying, interior designers, builders, architects, lighting, textile, and furniture makers, and students. Cabin Fever Images Publishing Group 150 Best Sustainable House Ideas features the latest innovations in environmentally

friendly home design. From heating and cooling solutions to wind energy systems, solar paneling, thermal glazing, and even Trombe walls, the ideas featured inside are complemented by photographs and architectural plans of gorgeous, sustainable houses around the world.

Percy Jackson is a good kid, but he can't seem to focus on his schoolwork or control his temper. And lately, being away at boarding school is only getting

worse—Percy could have sworn his pre-algebra teacher turned into a monster and tried to kill him.

*150 Best of the Best House Ideas* Penguin  
Midcentury spaces made new: A-Frame homes from rustic to ultra-modern, mountain retreats to seaside getaways. The A-Frame home surged in popularity in the 1950s, and has captured the public's imagination with its playfully modern, steep-sloping roofline ever since. The Modern A-Frame celebrates seventeen diverse accounts of these minimalist cabins reinvented for the twenty-first century. Nostalgic escapes, heritage homes, full-time simplicity, and artists at work categorize the A-

frames whose engaging stories are shared. Whether fabricated from a 1960s kit or as a new build via retro inspiration, the variety of styles and homeowners in this photo-driven collection beautifully captures the romance of a classic structure, which beckons to travelers and homebuyers today, just as it did sixty years ago. Perfect for the architectural enthusiast, midcentury-minded designer, or armchair traveler. Ben Rahn has been photographing architecture and interiors for more than twenty years. He founded A-Frame Studio in 2003 out of a desire to combine his love of design with his keen photographic eye. His work has been

recognized internationally and has appeared in publications such as *Dwell*, *Wallpaper*, *Conde Naste Traveller*, and more. He lives in Toronto, Canada.

Whether at camp, at the lake, in the mountains or high off in the backwoods, we all cherish our

memories of summer vacations at the cabin. Maybe it was enjoying the coziness of log bunk beds, playing games with cousins and friends, diving off wooden-plank docks, fishing from the riverbank, being lulled by the rustling breeze or mesmerized by the riffing stream or slapping waves—whatever, these experiences linger in our memories. The homes and camps presented in *Cabins* are making new memories for today's families. Some are contemporary homes that incorporate rustic furniture; some are traditional cabins with great rooms and high ceilings. All exude the warmth of wood railings and stone. Engaging, impassioned, and

always entertaining, Kylloe has an eye for rustic detail and signature style of photography that makes this, his thirteenth design book, exquisite in every regard. These homes feature idyllic settings for family fun and entertaining, masterfully crafted rock fireplaces and sensual rustic furnishings to covet. Featuring homes across the upper United States, from New England and New York to Montana and Washington.
